## Bring Your Own Device

Today more than ever, students need access to technology. While our schools will issue devices to students who need them when access is required during a class period, students are encouraged to bring their own laptops (Chromebooks, Macs or PCs) for educational uses. The district strongly endorses the use of Google Chromebooks as the electronic device of choice for students.

Schoology and other district educational programs used in the classroom do not function properly on tablets or phones.

*\*Please note, our current Cell Phone Guidelines will remain in place - they are not to be used in the hallway or classroom between 7:50 am and 2:20 pm.*
