

**Course Title: Animation**

**Teacher: Rachel Schramm**

**Hour 2 - Semester 1 - 2021/22**

**0.5 Elective Credit**

[Listen to Rachel talk about the class](#)

### **COURSE INFORMATION:**

**Course Description:** In this class students will explore the genre of animation by creating multiple animated shorts. Students will practice how to plan a work of animation and what components you need to create a successful story. Students will generate works of animation using a variety of techniques like stop-motion, claymation, and computer generated animation. These films will be showcased to the school at the end of the semester animation film festival.

**Prerequisites:None-** No experience necessary. Comfort with technology is helpful.

**Method of Instruction:** Instruction will include a combination of presentation, discussion, and studio project time.

#### **Course Objectives (standards):**

**Present-Share-Curate** and exhibit artwork for presentation, portfolio development, and/or preservation.

**Create- Plan -** Formulate original concepts by practice, experimentation, and revision.

**Create- Make-Develop** unique, well-crafted works of art utilizing deliberate choice of media, tools, and techniques.

**Respond-Analyze -** Distinguish the qualities and relationships between the components, style,

and preferences communicated by media, design, artworks, and artists.

**Present-Share- Curate** and exhibit artwork for presentation, portfolio development, and/or preservation.

#### **Graduate Vision Competencies:**

*Creative and Critical Thinker*
