TITLE _____ School Volunteers _____

All plans and arrangements for involving volunteers in district programs and activities shall be approved by the building principal or site manager. The principal, site, and/or district staff shall carefully select all volunteers from among those individuals who have expressed an interest in serving the district.

No volunteer shall be assigned a task that has not been specifically requested by a staff member and approved by the principal or site manager. All volunteers shall work under the direct supervision of the building principal and the licensed staff or site manager. The site and/or district staff shall be responsible for the orientation of volunteers, as well as the evaluation of their services and the effectiveness of the overall volunteer program.
