- Mik Mart donated money to Oltman from sales at the Open House
- Additional \$50 received from Great American

Principals Report

- “Like” Documentary film and Vaping sessions went well
- There is a new building sign in process. It is going well so far.
- Discussion about crossing guards at the roundabouts. They are there from approx. 7-8 am and 2:15-3:15 pm. There is an issue with students not going all the way to the roundabouts to cross, they are crossing down the road at Meadowgrass which is not a safe place to cross as there is not a crosswalk. It is a county road and the county would have to put in a crosswalk. Continue to encourage students to cross at the roundabout.
