

July 12, 2021

Dear Princeton Day School Community,

I am writing to follow up on my message from June 28 with important additional information about the opening of school.

Please read this carefully and for those requesting medical or religious exemptions to our school's vaccination requirement, please act immediately.

As a reminder, this information was shared in my June 28 message to the community:

- We will conduct all programs in person and on campus. We will not provide a remote option.
- We will require that all faculty, staff, and students eligible to be vaccinated be fully vaccinated by Monday, August 23, the starting date for school programs and events.

Important Information:

- A request for a medical or religious exemption must be submitted by Friday, July 23. To request an exemption, please complete the vaccination exemption request form emailed today in my update to all PDS families and submit it to the healthoffice@pds.org.

- Decisions on exemptions will be communicated to the individual by August 5.
- Student vaccination information needs to be uploaded by August 16. You will receive additional information later this month on that process once we have completed the data updates necessary for the new school year.
- Faculty and staff vaccination information needs to be emailed to healthoffice@pds.org by August 16.

Should you have questions or suggestions about these items or any others that touch on the operation of the school, I encourage you to email PDSTogether@pds.org.

Thank you for your partnership.

Sincerely,

A handwritten signature in black ink, appearing to read 'PJS', with a horizontal line extending to the right.

Paul J. Stellato
