KEEPING YOU IN MIND

At E&R, we recognize that some students may be sensitive or allergic to common laundry detergents. That's why we use neutral detergents and state-of-the-art cleaning technologies that are specifically designed to eliminate the potential of an allergic reaction to our finished product.

RECYCLING STATIONS

Recycle stations and hanger caddies provide a place for students to deposit poly bags and wire hangers for us to recycle. *Last year, we recycled over 900 pounds of hangers per week.*

**WHEN WE SAY GREENEARTH,
WE MEAN IT!**

We didn't coin the phrase 'environmentally friendly,' but we probably could have. Because GreenEarth Cleaning may be the friendliest dry cleaning process ever. We use no hazardous chemicals. None. So there's nothing to dirty the air, contaminate the soil or pollute the water. And, unlike petrochemicals, GreenEarth's liquid silicone can be disposed of safely. In the environment, it simply returns to its natural components: sand and trace amounts of water and carbon dioxide.
