Parents and students of the class of 2022:

The following information regarding submission of senior portraits is very important, so please read it carefully! Photographs that do not meet yearbook specifications will not be published.

The deadline for submitting senior portraits is **Friday, November 19, 2021**. Portraits received past this date may not be published in the yearbook. Photos will need to be uploaded

to the website **images.jostens.com**. We will no longer take photos submitted via email. If no photo is uploaded, the school ID will be used. Plan ahead: pictures should be taken by early October to give your photographer time to prepare your photo for the yearbook. Students may choose their own photographer to take their senior portrait for the yearbook. Please inform your photographer of the following criteria:

-Upload only ONE digital portrait.

-Photo quality needs to be 300 DPI or higher for actual image size, and overall dimension of 2x3 or 4x5 inches. Jpeg format is required. (A high resolution image is needed for printing purposes) NO TIFF files or PNG files.

-Portraits should be vertical head-and-shoulder shots. See photos at left for examples.

-We will not accept horizontal or full-body photos.

-Simple, neutral backgrounds look best in the yearbook.

We realize that the more formal, head-and-shoulders shot may not be your favorite pose or the one you choose to exchange with friends, but these guidelines will ensure consistency in the yearbook.
