Testing and Assessment

The **Texas Success Initiative (TSI)** was passed by the Texas State Legislature in 2003 to improve the success of students attending public colleges and universities in Texas. The TSI requires the assessment of academic skills of each entering student to determine the student's readiness to enroll in college-level academic coursework. The Texas Higher Education Assessment (THEA) is a state-wide administered test that assesses the academic skills of students. Galveston College administers the COMPASS test as an alternative to THEA to assess entering student's academic skills. Other tests that are considered THEA alternative are ASSET and AC-CUPLACER. The COMPASS Test is given on a daily basis in the Testing Center located in the Learning Resource Center (LRC). Students should test as early as possible so that scores are available for Counselors and Advisors to review prior to Registration. Test scores determine if students are required to enroll in classes designed to enhance skill levels before they are allowed to enroll in college-level courses.

(*Exemptions can be found on the Texas Higher Education Coordinating Board website at <http://www.thecb.state.tx.us/OS/SuccessInitiatives/DevEd/>. Exempt students may still need placement testing to determine academic skill levels).
