Downloading the Mobile App

The SchoolTool mobile app is available in the following locations:

From the App Store (for Apple devices):

From the Play Store (for Android):

Using the App (You must first set up your account on the SchoolTool website prior to using this App)

Note: The following images were taken using an Android device. While screens may vary slightly on iPhone and iPod Touch devices, basic functionality is the same across both platforms.

Logging In - After installing and opening the SchoolTool mobile app, first time users will be prompted to enter SchoolTool credentials.

The following fields are required:

- URL: https://st.edutech.org/sf/
- Username: This is your email address that you provided to the district
- Password: This is the same password used to log into SchoolTool on the internet. Passwords cannot be changed from within the app

If you wish to save your credentials and remain logged in, check the "Stay logged in" option. If you do not check this option, you will need to enter your credentials each time you open the app.

Note: Account credentials are maintained in SchoolTool and cannot be changed from within the app. If your password changes or expires, you will be logged out and will need to re-enter credentials.

Menu - You can access the navigation menu at any time by swiping the screen horizontally from the edge of the screen, moving from left to right. This menu allows you to quickly navigate to any student screen.
