About:

A significant number of Carmel Clay students benefit from mental health/wellness services; however, many families are un/underinsured in today's market. The Rise and Grow fund, initially funded through a grant from United Way of Central Indiana and Lilly Endowment, Inc. provides mental health service assistance for CCS students in need to help prepare them for positive outcomes in all areas of their life. The fund will be sustained by ongoing support from public and private donors.

Partners Receive:

- Opportunity to serve on a CEF committee
- Opportunity to participate in video promotions to expand awareness of the fund.
