FY2016

Fiscal Year Ended June 30, 2016 Summary

Reconciliation of 2015-2016 Original to Final Budget

The Board of Education adopted the 2015-2016 tentative budget on July 27, 2015, and the 2015-2016 final budget on September 28, 2015. Throughout the course of the school year, budget managers worked in partnership with the Business Services department to process minor budget revisions and transfers within the parameters established by the Board of Education. Additionally, as funding notifications were received from state and federal agencies, grant budgets were updated to reflect the anticipated revenue and project expenses.

Comments Regarding the 2015-2016 Final Budget

Overall, the District received 100.4% of its budgeted revenues and spent 97.6% of its budgeted expenditures within the operating funds. This included a one-time transfer to the Capital Projects fund in the amount of \$3,684,394 for approved projects. The net effect was that the District ended the year with an actual deficit of \$190K as compared to a budgeted deficit of \$3.5M.

Explanation of Revenue Variances between Budget and Actual

- R1 Fiscal Year Property Tax collections were lower than anticipated
- R2 Fiscal year CPPRT allocations were prorated resulting in -6.5% less realized than budgeted.
- R3 Interests rates increased slightly in the 2016 calendar year resulting in additional interest income of \$27K.
- R4 Overall student fees collected exceeded budgeted revenue by \$117K. Of this, 78% reflected increased receipts of Student Transportation, Drivers Education, and Parking Stickers fees.
- R5 The district received \$88.6K in prior years' e-Rate reimbursements and other rebates
- R6 Proration of the 2015-2016 General State Aid was lower than anticipated. As a result, an additional \$500K over budgeted dollars was received.
- R7 Receipt of prior years' deferred payments for State Special Education Categorical Aid helped to offset other under-collected State Categorical grants for Bilingual and Drivers Ed programs.
- R8 FY2017 Medicaid Reimbursements were lower than anticipated

Explanation of Expenditure Variances between Budget and Actual

- E1 Overall Salary expenditures were \$1.59M under budget. This is related to unfilled and/or unreplaced support staff positions and non-FTE salaries coming in lower than anticipated.
- E2 The District's medical and dental insurance plans are self-funded, meaning that district's costs are directly related to claim experience and not built on a pre-determined premium rate. In anticipation of increased claims related to prescription drug trends the 2015-2016 budget was significantly increased.
- E3 Purchased Services were \$435K under budget. The district experienced a reduction in anticipated expenditures in this category. The most significant being Consultants (\$119K), Leases (\$127K), and Budgeted Losses (\$107K).
- E4 The Expenditure Categories of Supplies and Materials, Capital Outlay, and Non-Consumable Supplies are distinctive in relation to accounting guidelines based on costs and lifespans. In aggregate these categories were \$161K under budget.
- E5 Dues/Fees/Misc expenditures were \$48.5K over budget related to fiscal year adjustments made per the Auditor's recommendations.
- E6 Special Education tuition exceeded the FY16 budget by \$205K
- E7 Of the \$730K budgeted for contingencies, the district incurred \$46K in additional expenses related to roofing repairs at Glenbrook North and plumbing repairs at Glenbrook South

Explanation of Account Types

Explanation of Funds

Operating Fund

The Operating Fund is composed of the Education (10), Food Service (19), Operations & Maintenance (20), Transportation (40), Illinois Municipal Retirement Fund (50), Social Security (51), and Working Cash funds (70).

The Operating Fund provides for the day-to-day services necessary to operate the school district. By board policy, in this fund, the district is expected to maintain reserves equal to 33% of the following year's expenditures.

Debt Services Fund

The Debt Services Fund is composed solely of Debt Service (30). This fund is required when taxes are levied to retire bond principal or to pay bond interest, or if other revenue is pledged to pay principal, interest, or service charges on other long-term debt instruments.

Capital Projects Fund

The Capital Projects Fund is composed solely of Capital Projects (60) and Life Safety (90) funds. This fund is utilized to record capital improvements to facilities.

This fund is also utilized to record improvements to facilities as outlined by an approved life safety plan filed with the Regional Office of Education and the Illinois State Board of Education.

Glenbrook Aquatics Fund

The Glenbrook Aquatics Fund is utilized to record revenue and expenditures related to the district's aquatics programs. Glenbrook Aquatics revenue budget reflects anticipated income from program fees.

Explanation of Account Numbers

Illinois School Code and Illinois Administrative Code outlines a series of requirements for developing and managing school district financial records. Each account within the District's general ledger follows a prescribed format composed of state and locally defined components:

10	E	200	1130	4100	00	001040
Fund	Type	Location	Function	Object	Subject*	Program+

* Subject is an accounting element that is not currently used within our school district.
+ Programs are defined by the district, and are not a required accounting element by the state.

The Illinois State Board of Education as prescribed by the Illinois Program Accounting Manual requires the use of specific account dimensions. Asset, Liability, Fund Balance, and Revenue accounts must include, at minimum, the Fund and Function account dimensions. Expenditure accounts must include, at minimum, the Fund, Function, and Object account dimensions.

The District's financial software program has the functionality to further define the Chart of Accounts with addition account dimensions; Type, Location, Subject, and Program.

Funds

A "fund" is an independent fiscal and accounting entity requiring its own set of self-balancing accounts, which created in accordance with special regulations, restrictions, and limitations that earmark each fund for a specific activity or for attaining certain objectives. Each fund must be accounted for so that the identity of its resources and obligations and its revenues and expenditures is continually maintained.

Type

The type account dimension identifies balance sheet accounts: Asset (A), Liabilities (L), or Fund Balance (Q) and operating statement accounts: Revenue (R) or Expenditures (E).

Location

The location account dimension allows the District to identify activity related to a specific building and/or entity.

Function

An account's function represents the purpose for the account, and the types of activities that are recorded within the account's ledger.

- Revenue functions are classified into four broad categories; Local, State, Federal, and Other Sources.
- Expenditure functions are classified into seven broad categories; Instruction, Support Services, Community Services, Payments to other Districts/Government Units, Debt Service, Contingencies, and Other Financing Uses. Examples of functions include Property Tax Collections, Regular High School Programs, and Technology Services.

Object

An expenditure account's object represents a specific expenditure category within a function. Examples of expenditure objects include Teacher Salaries, Equipment Purchases, and Non-Consumable Supplies.

Program

A program is an accounting element used by the District to classify and group accounts together for an individual program or purpose.

It also provides the capability of exercising budgetary control and the preparation of special reports. A complete roster of programs is provided on the preceding page.

Revenue and Expenditures Assumptions for the 2016-2017 Budget

This year's tentative budget contains a preliminary estimate of revenues and expenditures and reflects an estimated deficit of \$1.5M for the year ending June 30, 2017. The budgeted deficit represents operating fund transfers for capital improvements. As a reminder, the District has been operating under a "pay-as-you-go" model for current and future capital projects. This anticipated deficit reflects the District's current financial plan to fund capital projects through an annual operating transfer.

The following assumptions have guided the building of this year's budget development.

Revenue Assumptions

- Property tax revenue is calculated based on the approved tax rate and EAV for the 2014 tax levy (48% of this levy is collected in the fall of 2016), and for the 2015 tax levy (52% of this levy is collected in the spring of 2017). Total collection rate is estimated at 99%
- Property tax refunds are projected based on historical trend analysis.
- Make-Whole payments from The Glen are calculated using current enrollment projections.
- Corporate Personal Property Replacement Tax is projected to remain prorated. This year an additional \$313K will be refunded to the Illinois Department of Revenue for overpayment in prior years.
- Interest income is projected to remain flat.
- Student fees for FY2017 have been estimated based on the Board-approved schedule of fees and student enrollment projections, and anticipated student financial aid.
- Food service revenue has been estimated based on prior year trend, student enrollment projections, and our approved agreement with Quest.
- General State Aid is included for FY2017 at based on the stopgap budget signed by Gov. Rauner on June 30, 2016.
- State and Federal categorical grants are budgeted for payments in arrears and for partial payments of current year reimbursement claims. (Note: We do not budget federal grant revenue or expenditures until the grants have been approved by the appropriate agencies.)
- Debt service includes all projected debt, including all referendum authorized debt and the anticipated bond refunding and new bond issue debt scheduled for this fall.

Expenditure Assumptions

- The tentative budget included staffing projections that maintain the previous school year's ratios and are projected by formula. The final budget includes actual staff figures based on individual FTE.
- Salary increases for certificated staff are per the GEA negotiated agreement at a 1.5% base raise. Total aggregate raise inclusive of lane/step movement averages at 3.2%.
- Salary increases for support staff are per negotiated agreements and exempt schedules at 1.4% base raise. Total aggregate raise inclusive of lane/step movement 2.67%.
- Employee insurance benefits are estimated to increase by an aggregate 3.5% for FY2016-2017.
- Employee retirement contributions have been increased by the rate of salary increases.
- FICA/Medicare estimates correspond to estimated salary increases.
- Non-personnel related expenditures take into consideration building needs, outsourced contracts, CPI (0.7%), historical trend, and Board-approved expenditures.
- Annual operating transfers represent transfers for capital projects and debt certificate payments per schedule (3801 W. Lake Avenue facility, the retirement of principal and interest will take place in FY2019).
- The tentative budget contains \$543K in contingencies.

Comments Regarding the 2016-2017 Budget

Overall, the 2016-2017 Final Budget reflects an increase in revenue of 1.6% over 2015-2016 actual.

Explanation of Revenue Variance between Budget and Actual

- R1** The Glen Make-whole payments increased by \$1.5M due to increased number of students enrolled in Glenbrook 225 residing within The Glen.
- R2** In June 2016 the Illinois Department of Revenue notified school districts of an error in prior year allocations. These overpayments will reduce the allocations distributed during the 2016-2017 fiscal year. Fiscal year CPPRT budgeted allocations reflect the anticipated proration which began in 2011-2012, as well as a reduction for prior year overpayments.
- R3** The reduction of 2016-2017 budgeted Student Fees from the 2015-2016 actual reflects a change in accounting practices. Prior years actual reflects both revenue realized and revenue unrealized as a result of financial aid. With the new fee management technology solution, the district will no longer need to use the general ledger to track financial aid.
- R4** Intergovernmental Agreements for Bandwidth and changes in accounting practices account for the \$719K increase for Other Local Revenue over the prior year's actual expenditures.
- R5** On June 30, 2016 Governor Rauner approved a "Stop-Gap" budget which allocated General State Aid at the full foundation level.
- R6** Federal categorical grants are not budgeted until approved. Once approved, budget revisions are made (See section 1 – Reconciliation of 2015-2016 Original to Final Budget).
- R7** The 2016-2017 Final Budget reflects a change in accounting practices related to transfers as other sources of revenue.

Explanation of Revenue Sources

Property Taxes

Property taxes are levied each year and are limited by the Property Tax Extension Limit Act (PTELA) to no more than five percent (5%) or the Consumer Price Index (CPI), whichever is less. In addition to CPI increases, the district also receives additional property tax revenue for new construction within the district.

Tax Increment Financing District (TIF)

The Glen is a multi-use development built on the original Glenview Naval Air Station property plus an additional 200 acres. The Glen development is under a TIF agreement for a period not to exceed 23-years. As such, the district receives no property tax revenue from this area. The district does, however, receive “make whole payments” based on the number of students enrolled at Glenbrook South High School living in the Glen and Naval housing. The Glen’s property is anticipated to become part of the District’s EAV in tax year 2022.

Corporate Personal Property Replacement Tax (CPPRT)

CPPRT are paid by businesses within the district. These taxes supplant lost revenue as a result of the elimination of the personal property tax on business in 1978. Beginning in 2011-2012, the State of Illinois has withheld a portion of CPPRT distributions to pay for the salaries of Regional Offices of Education personnel.

Interest

Interest income from investments.

Student Fees

Includes technology, transportation, parking, driver’s education, Glenbrook Evening High School, and the Glenbrook Aquatics program.

Other Local

Includes tuition, athletic admissions, building rentals, and other local fees

General State Aid Payments

General State Aid provided to the district, revenue is usually unrestricted and can be utilized in any fund

State Categorical Payments

Categorical aid reflects revenue that is restricted. These revenues emanate from bilingual education, driver’s education, special education, vocational education, etc. Due to the financial position of the State of Illinois, some categorical payments have been deferred and/or reduced.

Federal Categorical Payments

Categorical aid reflects revenue that is restricted. These revenues include grants for IDEA, NCLB, vocational education, Medicaid, etc.

Other Sources – Transfers

Transfers from other funds. For 2016-2017 there are no budgeted transfers.

Comments Regarding the 2016-2017 Budget

Overall, the 2016-2017 Final Budget reflects an increase in expenditures of 1.4% over 2015-2016 actual.

Explanation of Revenue Variance between Budget and Actual

- E1** The 2016-2017 salary budget for FTE reflects an increase of 2.4% over 2015-2016 Actual. The 2016-2017 salary budget for non-FTE reflects an increase of 6.4% over 2015-2016 Actual. This budget is based on trend as well as an increase to capture unexpected fluctuations in substitute and part-time compensation.
- E2** Overall the Employee Benefit expenditures budget reflects an increase of 5.09%. Aggregate Insurance expenditures are anticipated to increase 3.5%. The TRS ERO sunset accounts for the reduction in Pensions/Payroll Taxes of 4.8%. Changes in Accounting practices account for the 54.0% increase in other budgeted benefits.
- E3** The decrease in Purchased Services from the 2016-2017 Final Budget to 2015-2016 Actual reflects current building budget allocations which may change by year end.
- E4** The Expenditure Categories of Supplies and Materials, Capital Outlay, and Non-Consumable Supplies are distinctive in relation to accounting guidelines based on costs and lifespans. In aggregate these categories reflect an increase of \$350K.
- E5** Overall the Dues/Fees/Misc expenditures budget reflects an increase of 29.7%. Changes in accounting practices to record actual revenues and banking fees separately rather than recording an aggregate revenue accounts for this increase.
- E6** The reduction in budgeted transfers reflects a reduction of \$3.3M operating transfers for capital projects in 2015-2016 to \$1.5M for 2016-2017.
- E7** Contingencies in the amount of .005 of the expenditure budget have been included in the 2016-2017 Final Budget as follows:

Education Fund	\$510,545
Operations & Maintenance Fund	49,096
Transportation Fund	12,898
IMRF Fund	7,381
Social Security/Medicare Fund	<u>9,526</u>
	\$589,446

Explanation of Expenditure Categories

Salaries

The salaries budget represents wages paid for both Certified and Non-Certified district employees including substitutes. Certified staff includes administration, teaching, and counselors. Non-Certified staff includes instructional assistants, paraprofessionals, secretarial, maintenance, and other educational support personnel. Staffing is based on enrollment and special program allocations.

Employee Benefits

Includes expenditures for health, dental, life, and disability insurances, payroll taxes, and pension costs (IMRF and TRS). Also included in this category are tuition reimbursements, employee assistance and wellness programs.

Purchased Services

Includes expenditures for professional and technical services, such as consultants, legal services, and other service contracts (ex. Beck's Bookstores).

Supplies and Materials

Includes expenditures for all instructional and operational supplies. Included in this category are utilities, consumable, and non-consumable supplies.

Capital Outlay

Includes expenditures for general capital outlay, such as equipment.

Dues/Fees/Other

Includes expenditures for dues/fees and other miscellaneous items.

Tuition

Represents the district's payments to outside agencies for special education tuition. Outside agencies can include public schools as well as private day and/or residential facilities.

Other Uses-Transfers

Transfers to other funds.

Contingencies

A contingency is defined as an existing condition, situation, or set of circumstances involving uncertainty as to possible gain or loss that will ultimately be resolved when one or more future events occur or fail to occur. Resolution of the uncertainty may confirm the acquisition of an asset or the reduction of a liability or the loss or impairment of an asset or the incurrence of a liability.

This fall, members of the Business Services team will be partnering with an external agency, Forecast5 Analytics, to develop an additional financial forecasting model. Their product, 5Cast will enable our school district to leverage our internal historical and live data to perform long-term trend analysis and projection calculations. Additionally, 5Cast provides the ability to simulate collective bargaining results, compare “what-if” scenarios, and benchmark our school district against other relevant data from a nationwide database. We anticipate presenting initial data from 5Cast to the Finance Committee this November.

Fund Balance Summary – Comments

Operating Funds – Revenue

Additions to assets which do not increase any liability, do not represent the recovery of an expenditure, do not represent the cancellation of certain liabilities without a corresponding increase in other liabilities or a decrease in assets. The Operating Fund is composed of the Education, State/Federal Grants, Food Service, Operations & Maintenance, Transportation, Illinois Municipal Retirement Fund, Social Security, and Working Cash funds. Budgeted Operating Fund Revenue includes contingencies of \$750K.

Operating Funds – Expenditures

Charges incurred, whether paid or unpaid, which are presumed to benefit the current fiscal year. The Operating Fund is composed of the Education, State/Federal Grants, Food Service, Operations & Maintenance, Transportation, Illinois Municipal Retirement Fund, Social Security, and Working Cash funds.

Budget Surplus/Deficit

This line indicates whether or not the district spent or is projecting to spend more money than it receives in revenues in a given year. Beginning in 2015-16 the district is no longer receiving referendum monies; therefore, all capital projects will be funded by operating transfers and/or fund balances resulting in a deficit budget.

Ending Fund Balance

This figure represents the total of revenues for the operating funds (Education, Operations and Maintenance, IMRF, Social Security, Transportation, and Working Cash) at the end of each fiscal year.

% of Next Year's Expenditures

The figure shown is the percentage of reserves against next year's expenditure budget.
