

## MIS Supply List : Grade 11 & 12

### 2021 / 2022

Dear Grade 11 & 12 Families,

Below, you will see a list of supplies needed for the beginning of the new school year.

Please take the time to look at what materials you need to purchase for your child. If you see that items bought from the previous year is still in good condition, please ask your child to reuse them. Please label each article that your child brings to school with their **name, grade** and the appropriate **topic or subject** and make sure your child maintains material throughout the year.

Please be aware that all Secondary students are required to bring a laptop or tablet to school on a daily basis. Please refer to our Computer Use document found on the Parent Handbook on Itslearning for details about specifications for the device.

If you have any questions, please email the front office at [info@metroschool.de](mailto:info@metroschool.de).

We all look forward to the upcoming school year and we hope to be prepared as possible with all of the materials that we need to be successful.

Yours sincerely,

Secondary teachers,

Metropolitan International School
