

MIS Book List : Secondary Grade 5 – 8

2021 / 2022

Dear Gymnasium Families,

Please find attached the '**Book List**' for each grade. These are essential for your child to maintain their learning in line with the set curriculums. When ordering, please make sure the 13-digit ISBN number matches exactly to the book that you are purchasing. This ensures that you purchase the correct volume and content.

For social science subjects the school will provide the course books. These books will remain the property of the school, even after this school year ends. This means that the students are borrowing the books and need to take care of them. If the books are damaged, the family may be charged to replace it. If the family wants to purchase the book to keep after the school year ends, they may do so on request.

Please note: **Language books** for **Native German** level students will be provided by the school while **DaF and Spanish** books will need to be purchased individually.

Please be aware that for English, novels are read throughout the year and you may be asked to purchase these for your child.

A digital version of this document can be found in the Parents' handbook, on itslearning.

Please do not forget to label all of your child's property with your child's name and grade level. If you have any questions or difficulties, please do not hesitate to contact the school office at info@metroschool.de.

Best Regards,
The MIS Secondary team.
