

## "New Leadership Lenses for Planning a Post-Pandemic School": A Five Session "Workinar" Series to Frame the Future of Schools

"Creating a new future of schooling requires school leaders to see the world as it is, not as it was. It requires understanding new contexts and building new lenses".

Join Homa Tavangar and Will Richardson for five highly interactive, practical, and provocative sessions on the key questions we need to address as we embrace the realities for our post-pandemic world and plan school experiences that will help students thrive in whatever future they inherit.

### *Our learning outcomes:*

- We will understand the powerful changes impacting our lives and work.
- Learn to use "fearless inquiry" to interrogate our work and design a path forward.
- Learn specific tools to assess the current relevance of our school experience.
- Access tested ideas for strategic design into the future.
- Become part of a global community of innovative thinkers and explorers.

**No Schedule:** The program consists of five 90-minute sessions on Wednesday in October-November 2021.

- October 6, 20, 27 at 5:00 pm EDT
- November 3, 10 at 5:00 pm EDT

All sessions are recorded and archived for later viewing. Will and Homa will provide an [online community space](#) for participants to connect in-between sessions and for after the series ends, so learning continues.

**Audience:** School Heads, Principals, Directors of Learning & Curriculum, Teacher Leaders

**Cost:** We need a minimum of 30 participants for the course to run. The costs below are partially subsidized through the A/OS grant.

One or two participant(s): \$350 USD per participant.

Teams of three or more: \$300 USD per participant.

The registration deadline is September 15, 2021.
