

District-Owned Student Device Option

A computer (e.g., Mac, PC, Chromebook or iPad) is needed for students in grades 6-12 and those attending FLEX online school in order for them to do their schoolwork. All of these students have the opportunity to check out a district-owned Chromebook or iPad for use at school and at home.

Will this student be using a District owned Device?

- Yes** (Student will use a District-owned device)
- No** (Student will be using a personal device - BYOD)

If you plan on using a personal device, please read through the “Bringing Your Own Device to School (BYOD)” section on the BSD District website to make sure you understand the implications and requirements.

Information about Wi-Fi Assistance

Adequate network connectivity at home is essential for the student to be able to complete their work while at home. If your family is in need of assistance with providing adequate Wi-Fi for your students, please see information about different options on the Beaverton School District website or ask your school’s office staff.

Damage and Loss Protection Program

BSD provides Damage and Loss Protection Coverage for a fee of \$20, or maximum fee of \$60 per family, per school year. This program protects families in situations where the student’s device is damaged, lost or stolen. **The \$20 fee to participate in the program is waived for CEP Designated Schools and families who qualify for the free or reduced meal benefits program and have completed the Permission to Share portion of the Meal Benefits Application.**

Students using BSD district-owned devices may choose to decline the “Damage and Loss Protection Program” by selecting, “No Coverage”. However, this is not recommended because the family is assuming full responsibility for any costs due to damage, loss or theft. These costs could be as much as \$300 per incident, regardless of how it occurs.

Enrollment period for Damage and Loss Protection Program coverage is no later than 60 days after the student begins school or has been issued a district-owned device. Fee payment is required prior to any damage or loss claims. More information about the Damage and Loss Protection Program, including what it covers, can be found on the BSD website.

Choose one of the following two options:

Coverage - Damage Loss Protection Program

- Limits family liability from accidental damage, loss or theft to the Beaverton School District-Owned Device.
- Requires \$20 payment through the District Online Payment System or to the school office assistant once the school has entered your selection and within 60 days from the student being issued a district-owned device. For payment questions, please see school office staff.
 - Students are not covered until the payment is made.
- Income Based Waiver: **CEP school students and students qualified for free or reduced meal benefits should select this option. Fee will be waived automatically if the Permission to Share portion of the Meal Benefits Application has been completed**, otherwise proof of application acceptance may be required by school.

No Coverage

- **NOT RECOMMENDED FOR STUDENTS USING DISTRICT-OWNED DEVICES.**
- Selecting “No Coverage” signifies the family is assuming full responsibility for any costs due to damage, loss or theft, regardless of how it occurred – **fine charges could be as much as \$300 per incident.**

Student ID	Student Name	Parent Signature

Note: This form needs to be filled out for each student if you have more than one student in the school district.
