Notice of the Public Information Meeting for the proposed Mapleton Avenue and Thompsonville Sidewalk Project State Project No. 0170-3513

The Town has a grant from the Connecticut Department of Transportation under the Community Connectivity Grant Program (CCGP) for a sidewalk project along the south side of Mapleton Avenue and Thompsonville Road. The project, connecting the North Main Street sidewalk to existing sidewalk at Rawlins Brook Drive, would include:

- A 4-5 foot wide concrete sidewalk within the state right of way including driveway crossings and repaving disturbed driveway aprons;
- Pedestrian ramps at crossings of all intersecting roads;
- Related grading, drainage and structures to accommodate the sidewalk elements.

Construction, is anticipated in 2022. The CCGP grant would fund 100% of construction up to a limit of \$400,000 with the Town paying for amounts above this limit.

Survey of the route and preliminary design layout has been completed. As direct abutters and/or future stakeholders, we invite you to attend the meeting to see how the design is progressing.

The public meeting is scheduled for **Tuesday, August 10th, 2021 at 7 pm**, and will be held in the public meeting room on the first floor of the Town Hall, 83 Mountain Road.

All are welcome to attend, and encouraged to ask questions and provide feedback.

Questions or concerns about this project should be directed to me at the above address, telephone number or E-mail.

Respectfully submitted,

Karen Isherwood, P.E.
