Participation in educational athletics and activities is a privilege that is earned in the classroom as well as on the playing field, court and stage. The CHSAA encourages all students to engage and explore in sports and activities of their choosing to enhance and enrich their high school experience. Parents are also encouraged to contribute to this experience through their positive support and encouragement. Please remember that with that participation comes the accountability of earning the privilege to take part.

***Per Bylaw 1800.54, CHSAA requires that all information provided regarding any aspect of the eligibility of a student must be true, correct, accurate, complete and/or not false; penalty for providing false information is ineligibility and/or contest forfeitures.**

A student's participation in high school activities is dependent on his/her eligibility. Protect that eligibility. Read the following summary of Colorado High School Activities Association rules that govern a student's participation. Students and parents alike need to review these rules and ask questions of their coaches/directors, athletic director and school administrators.

****Per Bylaw 1710.1,** Please review the following information and acknowledge your understanding of the CHSAA Bylaws by signing at the end and submitting to your School's Athletic Director. **Click the blue underlined links to be directed to the CHSAA Bylaws.**

The CHSAA

The Colorado High School Activities Association has been the governing body of high school athletics and activities (speech, student council and music) in the state since 1921. CHSAA's Code of Ethics is integral to its Mission and Vision. The student's school is a voluntary member of the CHSAA and has agreed to follow its rules. Both your school and the Association believe in equal competition among schools and the close relationship between academics and activities.

Discrimination (300)

A student-participant will not participate in or condone unfair discriminatory practices against a fellow participant due to age, gender, race, ethnicity, religion, sexual orientation, or disability, nor shall the student be discriminated against under the same criteria.

The CHSAA Rules of Participation

Academic (1710)

A school must select one of three options for determining the eligibility of all its students, and schools have the right to impose stricter academic and behavioral standards.

Make-up Work (1740)

Each student must be academically eligible in accordance with the above section at the time of participation and during the previous semester. Make-up work shall not be permitted after the close of the semester for the purpose of becoming eligible. (Cases involving special circumstances should be referred to your principal). If eligibility has been lost from a previous semester, students may regain their athletic eligibility per the "Fall Regain Dates" Table in the Bylaws, and on the Monday of Week 36 for the second semester.

Summer school credits accepted by the school may be used to replace credits in subjects failed during previous semesters as long as the course is completed by the Monday of Week 9. Dropping a class may make you ineligible. If you play while ineligible, you may cause your team to forfeit any contests in which you played.

1. Citizenship (1710)

The school principal must approve the student to be representative of the school's standards of citizenship, conduct and sportsmanship.

2. Conduct – Ejections (2200)

If a student is ejected from a contest for unsportsmanlike conduct, he/she will be ineligible for the next scheduled match or contest played at that level including qualifying and state contests. The student may not participate in any contests at any other level during this period. For the season, the student will be permitted to compete in one fewer contest than the maximum allowed each participant in the sport.

A second ejection during the season shall result in a 2 contest suspension. A third ejection will result in a review of the student's future eligibility by the CHSAA Commissioner.

If a student is ejected in the final contest of a season, he/she is ineligible for the first contest of the next sport in which he/she competes and completes the season. Players leaving the bench during a fight shall be ejected and ineligible for the next contest.

3. Outside Competition (2100.2)

As a member of any high school team, a student may practice or compete in that sport during that sport season in a non-school event with prior written permission of the principal.

Members of high school teams may compete in non-school events in that sport without written permission on the day following the completion of the season for the level (freshman, sophomore, junior varsity, varsity) of the team on which they are

competing. NOTE: A student becomes subject to the outside competition rule on or after the first date of formal practice, when he or she reports out for practice and is in contention for a berth on the team.

4. Undergraduate (1710)

A student may not be a graduate of any high school and participate in high school athletics.

5. Recruiting (1900)

Any recruiting based on athletic ability or interest is prohibited.

6. Age (1770.1)

A student's 19th birthday must fall on or after August 1 of the current school year. Exceptions to this rule, based on educational handicaps, may be requested, provided the student's original class has not graduated.

7. Semesters (1770.3)

Upon entering high school, a student's eligibility will continue only until his/her original class graduates. Once entering ninth grade, a student has eight consecutive semesters of eligibility. NOTE: If a student drops out of school or misses competition due to an injury, he/she will not receive additional eligibility.

8. Seasons (1770.71)

A student is allowed a maximum of 4 seasons in any sport.

9. Physical Exam (1780)

A student may not practice or compete (music, student council and speech participants are exempt) without a physical exam that is:

- Signed by an MD, DO, chiropractor who is school physical certified (DC, SPC), nurse practitioner or physician's assistant licensed by the State of Colorado.
- Current within the last 12 months.
- On file with principal or athletic director prior to first practice.

10. Practice (2310)

NEW: A total of 3 different days of practice is required before participating in any interscholastic game or scrimmage (except football which needs 9 days). OTHER EXCEPTIONS: (A) Golf, skiing, softball and tennis players. (B) Participants in state playoff games completed on or after the first day of formal practice.

****No contact between a coach and player is allowed on Sundays during the school year unless it is for a social, academic or service related activity that is strictly voluntary. A student cannot be required to practice or compete outside of the season as a condition of making the team.**

11. Transfer Rule (1800)

The CHSAA supports school choice in academic pursuits and encourages its student participants to enhance their

academic achievement. In concert with this approach, the Association's philosophy addresses the establishment of a fair playing field for all student athletes. A student entering high school for the first time shall be eligible for all interscholastic athletic competition.

- Varsity Eligibility 1800.1

A student who establishes his/her eligibility at a member school and subsequently transfers, will be ineligible for varsity competition for 365 days from the date of their transfer, in the sports they participated in during the last 365 days.

- Athletic Transfer (1800.4)

Any transfer substantially motivated by athletic considerations will cause the student to be ineligible for varsity competition for 365 days from the date of the transfer in any sports(s) they participated in during the last 365 days. This includes transferring with a club coach or previous coach (Transfer with Club Coach or Previous Coach (1800.4)).

- Return to Original School (1800.43)

A student who participates in a sport (practice, scrimmage, contest, foundation games) at School A and subsequently transfer to School B and participates in any sport at School B, will be sub-varsity eligible only upon their return to School A in any sports they have participated in during the last 365 days at either School A or School B. NOTE: Participation is defined as an interscholastic practice, contest, scrimmage, or foundation game.

General Transfer Information (1800)

It is the parent's and student's responsibility to know the CHSAA Transfer Rule and how it affects the student's eligibility. The CHSAA Commissioner *may* grant exceptions to this rule in unusual cases. Only schools may submit a waiver. If a waiver of the transfer rule is requested, **the student is not eligible until the waiver is approved by the CHSAA Commissioner.**

Any waiver submitted that contains legal guardian references must have the appropriate court signed legal documentation of that guardianship before the waiver will be considered. Parents should review all situations with the school administration.

12. Awards (2010)

Individuals participating in any interscholastic athletic/activity sponsored and/or approved by the Association shall not accept cash or merchandise awards. Awards must be

CHSAA BYLAWS – PARENT & STUDENT INFORMATION

symbolic in nature with no functional or intrinsic value with a cost of no more than \$100.00.

13. Amateur (2000)

If a student participates in a CHSAA approved sport, in other than CHSAA competition, his/her amateur status is determined by the rules of the amateur governing body of that sport. Amateur status of Colorado high school athletes applies only to sports sanctioned by the CHSAA.

14. Bullying & Hazing (1710.2)

The Colorado High School Activities Association, in conjunction with its member school, prohibits bullying, hazing, intimidation or threats. Hazing includes humiliation tactics, forced social isolation, verbal or emotional abuse,

forced or excessive consumption of food or liquids, or any activity that requires a student to engage in illegal activity. I understand that hazing of any type is not permitted in any CHSAA sanctioned activity. I will not engage in any of the prohibited conduct. I further understand that it is my responsibility to immediately report any acts of hazing that I become aware of to a sponsor, teacher, counselor, school support staff, coach or administrator in my school.

After reviewing the above information, if you still have questions, please contact your school's athletic director. This list is by no means inclusive; however, it is intended to outline the most common questions and bylaws. For more information, please visit our website CHSAANow.com.

INTERSCHOLASTIC ATHLETICS AND EXTRACURRICULAR ACTIVITIES

Athletics and extracurricular activities encourage students to engage in their education, achieve their maximum potential, and build discipline and character. Participants represent not only themselves, but the students, faculty, and their entire school communities. Participation in interscholastic athletics and extracurricular activities is a privilege subject to compliance with the School District's Policies and practices.

All student athletes and participants in extracurricular activities are bound by the School District's Student Code of Conduct, including the prohibitions on sexual harassment and sexual violence. Also, the School District has adopted the following additional rules and regulations:

1. Participants may be required to pass a physical examination as appropriate to the activity.
2. Participants shall maintain appropriate standards of academic performance and class attendance.
3. Participants will abide by general school and community principles of good sportsmanship and conduct.

All students who participate in interscholastic athletics and extracurricular activities must sign an acknowledgement of the requirements to participate, preferably when they first participate in athletics or activities. Regardless of whether a student has signed the acknowledgment, any student who participates in interscholastic athletics or extracurricular activities is subject to this Policy. All coaches and activity supervisors are encouraged to review the Policy and expectations with the students at the beginning of the season or activity.

Disciplinary Procedures

Students alleged to have violated the School District's Code of Conduct or any of the additional expectations included in this Policy shall be subject to appropriate disciplinary sanctions. Investigations shall be conducted by the Principal or appropriate school administration or as otherwise required by law or policy. Depending on the nature of the allegation, the School may restrict the student's participation in the athletic or extracurricular activity until the investigation is complete. An investigation will include an opportunity for students to present

their side of the story. This does not include the right to secure counsel, to confront and cross-examine witnesses, or to call witnesses.

The determination to impose sanctions related to participation in interscholastic athletics or extracurricular activities and the nature of the sanctions to be imposed shall be made by the Principal. The school will provide appropriate notice of any sanction to the student and parent(s).

Application of Policy

A student is subject to this Policy throughout the season of the sport or duration of the activity. In addition, sanctions may be imposed for serious and substantial violations occurring at any time during the school year, on or off campus, and, where deemed appropriate, while school is not in session.

Miscellaneous

Nothing contained in this Policy shall be deemed to prohibit a coach or activity sponsor from establishing and enforcing additional rules appropriate and applicable to the activity, and other matters relating to the functioning of the team or group. It is anticipated that minor violations--meaning only those that do not constitute a violation of the School District's Code of Conduct or this Policy--may be handled directly by the coach or activity sponsor after conferring with the Athletic Director and/or the appropriate School District administrator.

INTERSCHOLASTIC ATHLETICS AND EXTRACURRICULAR ACTIVITIES (Sanctions)

The following suggested progressive discipline protocol is provided with the intention to align schools in the Boulder Valley School District in addressing student conduct, but does not limit principals' discretion to assign appropriate consequences. As stated in the Policy, participation in interscholastic athletics and extracurricular activities is a privilege and nothing in the Policy or this regulation creates any rights to participation, unless otherwise created by law.

General Principles

- Students shall not transfer between schools to avoid penalties.
- Sanctions carry over from season to season, activity to activity, and year to year, at the discretion of the principal.
- With athletics, suspensions must be served at the highest level of competition for that athlete as determined by the athletic director. The athlete may not compete in any scrimmage or contest at any level until the suspensions have been served. For example, players who play JV and Varsity must serve their suspensions at the varsity level before regaining eligibility. In order for games to count towards the total, the athlete must complete the season in which the suspension occurred in good standing.
- If a student is suspended from school, then the student will miss the activities and contests during the period of suspension from school or the assigned percent of total scheduled contests or activities, whichever is more.

First Offense:

The student is suspended for 20 percent of total scheduled contests and activities. Any fractions of games/events/activities are rounded to the nearest whole number.

Second Offense within three Calendar Years:

The student is suspended for 50 percent of total scheduled contests and activities. Any fractions of games/events/activities are rounded to the nearest whole number.

Third Offense within three Calendar Years:

Student will be suspended from participation in all athletics and activities for one calendar year.

For drug/alcohol/tobacco offenses, a student may petition the Principal for reconsideration of eligibility after a period of four months, if the athlete participates in a school approved education, rehabilitation or treatment program and provides appropriate documentation of successful completion of the program.
