

PROVIDENCE DAY
SCHOOL

PROVIDENCE DAY SCHOOL

Awesome way to order via the Nutrislice mobile ordering app!

You can easily create a user account to pre-order your meals in advance!

Step One: Go to the MySchoolDining website or download the **Nutrislice** app

Step Two: Create a User Account and set up your Student(s) Profile

- Click the button in the top right hand corner, click Log In, click Create an Account, Fill out the information requested (PLEASE fill out your student's ID number for payment), & Verify your email address at the end.

Step Three: Review the School's policy for ordering below

- ALL TK – 6th grade meals **MUST** be pre-ordered to be delivered to the dining locations.
- Please place your order before midnight one day prior to the day you would like a meal.
 - For example, place order before midnight on Monday for Wednesday's lunch
- Menus will be posted for the entire month so you can order for the entire month at one time or one day prior to the desired day.
- There are two ways you can pay; one is through your student's FLIK account which can be managed on MySchoolBucks and the second is via a credit card.

Step Four: Place Your Order

- Select the TK-6th lunch menu
- The daily options are a hot meal, pasta with marinara sauce, pasta with no sauce, a Flik Lunch Pack, or a small Salad. A daily offering is included daily with every option.

Step Five: Check Out

- Verify who you are ordering the meal for
- Verify the items selected are correct and ordered for the correct day
- **VERY IMPORTANT:** Please accurately select your child's grade upon check out so it is clear where the meal is being delivered to
