While you are working on ANY of your assignments from your teacher, be on the lookout for words you think are the most interesting! Pick 7 of those words, and write them below. Then, use the word in a sentence, including its category and an action verb with your Parent/Special Grown-Up. If needed, adults may write the sentence for the child. The focus here is expression, not writing. Examples of categories include: animals, foods, clothing, school supplies, transportation, tools, furniture, toys, drinks, Etc.
