

# Certified Nursing Assistant

At the completion of this program, students will be CPR certified, and will take the Texas State certification exam to become a Certified Nursing Assistant (CNA). KHS will cover all cost for the program, including the state test to become certified.

At KHS, over the past few years the CNA program has had significant growth, providing amazing opportunities for KHS students to become successful while following their career path! The CNA program provides instruction in the roles and responsibilities of the Nursing Assistant. Included will be- patient assistance with activities of daily living, personal care, transfer and positioning, vital sign measurement, intake and output measurement, restorative care, and communication. You will have so much fun throughout the school year all while learning medical professionalism, and getting to experience hands on practice at clinical. This is a program that is worth the time to take and allows you to step into the medical world!

Students will practice supervised patient care in a clinical setting prior to completion of the program. We will be attending clinical at the nursing home!

## Become a CNA at KHS
