BOND AND LEVY

- Proposition 1 - Bond for Second High School
- Proposition 2 - Capital Projects Levy

VOTE BY NOVEMBER 6

Proposition 1
BOND FOR SECOND HIGH SCHOOL

The \$184 million Bond will be financed over 25 years and fund the construction of a second high school.

This second high school will be 240,000 square feet, have two gymnasiums, an auditorium, and outdoor athletic fields. There is no pool or lighted stadium planned. The school will offer traditional courses similar to South Kitsap High School.

The school will be located on 57 acres on Old Clifton Road. The service area will include Cedar Heights, Sidney Glen, Sunnyslope, and Burley Glenwood. It will serve approximately 1,500 students in grades 9-12. There will be a planned area for future expansion as the district enrollment continues to grow.

Having a second high school will address crowding and improve safety at both campuses. Students at the schools will have greater personalized learning and more opportunities in the arts, athletics, and activities.

SKSD will qualify for at least \$9 million in state matching funds with this Bond.

Proposition 2
CAPITAL PROJECTS LEVY

The \$21 million Capital Projects Levy will fund projects in three main areas.

Safety and Security - \$2,030,325

The Levy will fund secure entrances at South Kitsap Middle Schools, security cameras, intercom and lockdown notification systems, and fire alarm replacement district wide.

Identified Capital Projects - \$18,951,553

The Levy will fund a large list of projects including the renovation of the SKHS pool and restrooms, roof replacement at John Sedgwick, Sunnyslope, and Marcus Whitman. The Levy will also fund projects to improve ADA accessibility and compliance district wide as required by the Office of Civil Rights.

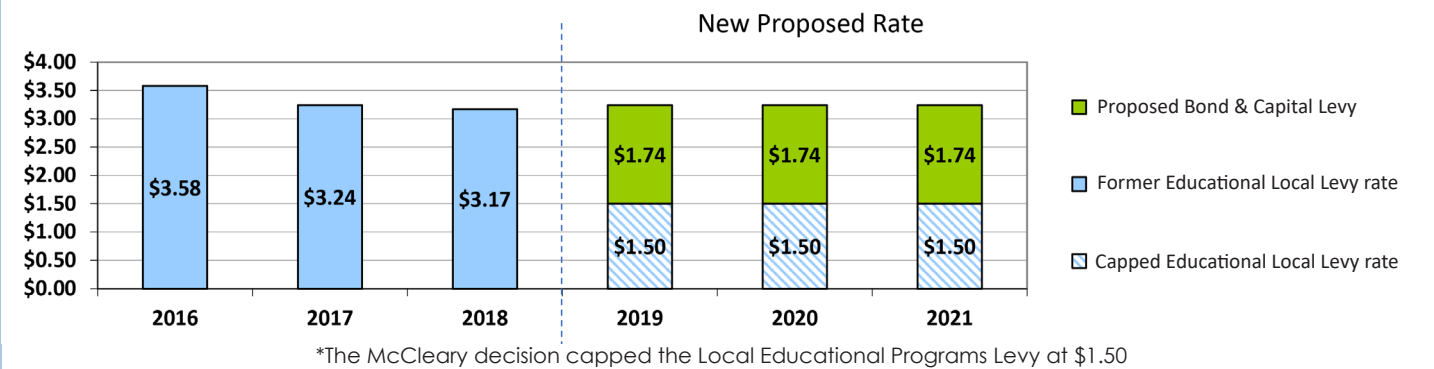

Technology for Instruction - \$3,712,500

The Levy will fund interactive projectors, student computers, and infrastructure upgrades to support technology district wide.

SKSD will qualify for at least \$3 million in state matching funds with this Levy.

Taxes Remain at 2017 Level with Approval of Both Measures

How can South Kitsap School District collect enough tax revenue to construct a second High School and implement all the Capital Levy projects without a tax increase?

- Recent changes from the McCleary decision have capped our current voter approved Educational Programs Levy at \$1.50. The two proposed measures will fill the gap of \$1.74 and maintain the rate of \$3.24 that the voters approved in 2017.
- The \$184 million Bond will have an estimated tax rate of \$1.07 per thousand of assessed home value over 25 years. The \$21 million Capital Projects Levy will cost an estimated \$0.67 per thousand of assessed home value over four years.
- Taxpayers will continue to pay the 2017 rate of \$3.24 with the approval of both the Bond and Capital Projects Levy.

Education Prog. Levy	2nd High School Bond	Capital Levy	Total Cost per \$1,000			
\$1.50	+	\$1.07	+	\$0.67	=	\$3.24
