SPOTLIGHT ON SUCCESS

A. Stoney Creek High School Art Students

Diane Heath from Stoney Creek High School showcased achievements of students in the Art Department including scholarships, grants, state and national awards, the TCF Bank Art Show, the partnership with GM and career day events and opportunities.

B. STEPS MiCTA Grant

Mrs. Dale Hopkins, Technology Consultant, and Ms. Katie Cloos, S.T.E.P.S. Teacher, and two students presented information on the grant from MiCTA which funded a Special Education iPad project for the students in the S.T.E.P.S. Program who are certified, special education adult learners. These iPads serve as a beneficial resource allowing the S.T.E.P.S. students to use this technically innovative project to build support and independence into their daily life.

C. Student Board Representatives Recognition

Mrs. Talbert recognized the students who served as high school representatives to the Board of Education during the 2012-2013 school year. She thanked them for their service to their high schools and to the district.

REPORTS

A. Superintendent's Update (Informational Item) Dr. Shaner

Project Lead The Way

Mr. Dave Harwell, Director of Secondary Education, along with Design and Tech teachers Ms. Lois Davis, SCHS, Mr. Shawn Lotter, RHS, and Mr. Steve Trachsel, AHS, presented a PowerPoint presentation on Project Lead The Way. Project Lead The Way (PLTW) is the leading provider of rigorous and innovative STEM (science, technology, engineering and math) education curricular programs used in schools. PLTW exists to prepare students for the global economy through its world-class curriculum, high-quality professional development, and an engaged network of educators, students, universities, and professionals. PLTW's comprehensive curriculum has been collaboratively designed by PLTW teachers, university educators, engineering and biomedical professionals, and school administrators to promote critical thinking, creativity, innovation, and real-world problem solving skills in students. The hands-on, project-based program engages students on multiple levels, exposes them to areas of study that they typically do not pursue, and provides them with a foundation and proven path to college and career success. More than 4,700 schools in all 50 states and the District of Columbia are currently offering PLTW courses to their students. The current CAD I course will be merged into PLTW – Introduction to Engineering Design for the 2013-2014 school year. CAD II will be merged into PLTW Principles of Engineering Design for the 2014-2015 school year.

Introduction to College Math Course

Mr. Harwell, along with Ms. Jill Gumz, Math Curriculum Consultant, and Ms. Pat DeJaeger, Secondary Program Consultant, presented information on the Introduction to College Math Course. This course builds on the concepts in Algebra 2 and lays the foundation for advanced mathematics topics. Using real life applications, students expand their understanding of trigonometry by solving problems involving linear and angular speed and harmonic motion. Students solve equations involving inverse trigonometric functions, and learn and apply theorems as they apply to complex numbers. Students identify quantitative relationships and data patterns. Students interpret categorical data and make inferences in a statistical context. Students identify and apply counting methods to find probabilities. In the process of designing experiments, students explore probability models, such as binomial distribution, and examine the relationship between randomness and probability. Approval of the Introduction to College Math Course and approval of the instructional resources was requested.

Dr. Shaner shared that this course has been piloted for the last two years within Rochester Community Schools and that this was just an informational item this evening. This item, Introduction to College Math Course, will be presented at a future Board of Education meeting to request formal Board approval.

B. Human Resources Recommendations (Action Item) Ms. Davis

Ms. Davis, Chief Human Resource Officer, presented the following recommendations:

RETIREMENTS

Christine Deyo, Science Teacher, Adams High School
Cindy Cox, Learning Consultant, Baldwin Elementary
Jane Kunst, Fifth Grade Teacher, Brooklands Elementary

RESIGNATIONS

Alexis Cossman, First Grade Teacher, North Hill Elementary
Katherine Hopkins, English Teacher, Stoney Creek High School
Rebecca Patterson, Art Teacher, West Middle School

LEAVE OF ABSENCE

Colleen Lohr, Science Teacher, Adams High School
Lisa Saraniecki, Life Skills Teacher, Reuther Middle School

A motion was made to approve the Human Resources Recommendations as presented.

NEW BUSINESS

A. Presentation and discussion of Administrative Center Team (ACT) Preliminary 2013-2014 Budget Recommendation, and related public input. (Informational Item) Mr. Romzek

Dr. Shaner, Superintendent, thanked the Administrative Center Team for their hard work as we go through the budget process. It is important to realize this is a preliminary budget recommendation based on what we know today. There is a considerable amount of uncertainty and volatility in Lansing regarding the budget between educational funding, transportation initiatives and other things that are in play. While reviewing the RCS budget it is important to protect services and programs for students. Some of the initiatives being reviewed include the RACE Program, grant dollars, controls placed on district spending, continue to maximize efficiency and improve programming services for students wherever we can. Dr. Shaner recently requested Ms. Larson to investigate options in the terms of Choice of a School District (investigating choice not instituting choice). The district is looking at all aspects of raising revenue.

Mr. Romzek, Assistant Superintendent for Business Affairs, presented the Administration Center Team's preliminary budget recommendation for the 2013/2014 year. The presentation included the list of the Administrative Center Team (ACT) members, how RCS has remained fiscally sound, significant budget reductions in recent years, the impact of budget reductions, budget planning goals, the recommended 2013/2014 budget summary, and the summary of recommended revenue and expenditure changes. Also included in the presentation were graphs and charts on the district budget overview including general fund revenue and expenditures, state aid per student, and general fund equity as a percentage of expenditures. Factors that will impact RCS 2013/2014 budget include that this budget is based on a series of assumptions (actual outcomes may vary from these assumptions and there are many variables that could change), final settlement of State School Aid Budget by the Michigan Legislature – Goal is early June 2013, the outcome of contract negotiations with several employee groups (REA, RSPA, Para's), the accuracy of District Enrollment Projections, final staffing changes, and other cost issues.

B. Shared Time Agreement with Holy Family Regional School (Action Item) Mr. Romzek and Ms. Davis

Mr. Romzek presented the recommendation to enter into a shared time agreement with Holy Family Regional School for the 2013/2014 year. The Revised School Code allows public school districts to contract with non-public schools to provide instructional services in non-essential elective courses and receive a portion of the State School Aid for pupils enrolled in those. Some examples of non-essential elective courses include foreign language, art, music, physical education, library and computer classes.

Rochester Community Schools was approached by Holy Family Regional School to provide nonessential elective courses (also known as specials classes) for its students beginning with the 2013/2014 school year. Holy Family educates approximately 1,000 students in grades K through 8 on two campuses located inside the RCS boundaries. Currently RCS provides similar non-essential instructional services to

pupils at Living Word and St. John Lutheran Schools. After considerable discussion, with Holy Family, RCS anticipates that we will provide Physical Education instruction services for Grades 1 through 8 for the 2013/2014 school year. RCS has estimated that the district will generate state school aid of \$188,000 on 24 full time equivalent students, which will result in estimated net revenue to the district of \$98,000.

Based on this information, we recommend that the Board of Education approve a Shared Time Agreement with Holy Family Regional School for to provide instructional services in non-essential elective courses for the 2013/2014 year, and authorize the Administration to negotiate, finalize, and execute the Shared Time Agreement, as presented.

Board discussion included the 24 pupil count, other schools that RCS provides these services to, and that the Board voting this evening would authorize the administration to finalize the agreement.

Anne Losh, RCS parent and Holy Family employee, shared concerns with the revenue and expenses regarding kindergarten.

A motion was made to approve the Shared Time Agreement with Holy Family Regional School as presented.

C. Proclamation Recognizing the City of Rochester and the DDA (Action Item) Dr. Shaner

Dr. Shaner read the following proclamation:

Proclamation Recognizing the City of Rochester and the DDA

Whereas, The City of Rochester has been chosen as a 2013 Great American Main Street Awards (GAMSA) winner by the National Trust for Historic Preservation; and

Whereas, Rochester is recognized as a national leader in embracing sound historic preservation practices and building strategic partnerships; and

Whereas, The National Main Street Center's annual GAMSA awards recognize exceptional accomplishments in revitalizing the nation's historic Main Street commercial districts; and

Whereas, The Rochester Downtown Development Authority played a crucial role in transforming a mill town that had fallen on hard times into a thriving suburb of Detroit built around a strong sense of place and community.

Now, Therefore, Be It Resolved, that the Superintendent and the Rochester Community Schools Board of Education hereby recognize the City of Rochester and the Downtown Development Authority for its significant contribution to the quality of life for the greater Rochester area.

A motion was made to approve the Board Proclamation Recognizing the City of Rochester and the DDA for receiving a Great American Main Street Award as presented.

ADDITIONAL BUSINESS

A. Citizens Present at the Meeting – None

B. Members of the Administration

Dr. Shaner acknowledged Teacher Appreciation Week and the great work done at the Professional Development (PD) last Friday, May 3, 2013.

C. Members of the Board of Education

Mr. Zabat attended the Career and Technical Education (CTE) Advisory Committee meeting last week. RCS High School students competed at the Business Professionals of America State Leadership Conference in Grand Rapids, Michigan. The students were recognized for their achievements on stage and some students qualified for the National Leadership Conference, to be held May 8-12, 2013 in Orlando, Florida. Congratulations to all who attended and represented Rochester Community Schools with class and professionalism. Mr. Zabat requested the BPA student's names be included in the Board minutes (please see attachment to these minutes).

Mr. Coutteau inquired about the Rochester Hills City Council and the Rochester Community School Board Special Joint Meeting Agenda and the expectations of the outcome of this meeting. Mrs. Talbert responded that RCS will be there as a guest of the Rochester Hills City Council and that this will be a working meeting over dinner to talk about where we can build partnerships and better recognize each other.

Mrs. Talbert shared that by law, the Board of Education is required to evaluate the Superintendent. Based on Dr. Shaner's two months with the district the Board will complete his evaluation at the Board of Education Closed Session on May 16, 2013. The Board will then present the Superintendent's Evaluation at a future Board of Education Regular Meeting and take action on it.

Business Professionals of America Rochester High School SLC Results

It is with great Honor that Laure Gambaro and I, Karen Malsbury (Business Teachers at RHS) can present to you the results from the BPA State Leadership conference in Grand Rapids, Michigan March 22nd through to the 24th, 2013.

BPA Chapter members from all 10 regions across the state competed in over 50 different business competitions. Megan Tack an RHS Junior applied for Executive Council two months ago and campaigned at the conference for one of the 10 elected positions. It was with great surprise that after the preferred position of Treasurer was taken that 'our' Megan Tack was elected as President of BPA for the upcoming year. We are so proud of this young woman's, communication skills, eloquence, business preparation and sheer tenacity. Well done Megan!

Rochester High School will be represented at the Business Professionals of America National Leadership Conference in Orlando on May 8th thru 12th by the following award recipients,

Vikranth Cherukuri	Advanced Spreadsheet Applications	5 th place
Jenny Lee	Fundamental Spreadsheet Applications	5 th place
Ambika Vohra	Business Spelling	3 rd Place
Micheal Brighi/ John Doroshewitz / Ryan Matynka / Dan Roe	- Small Business Management Team – 2 nd place	

An honorable mention needs to be given to the following two teams that came so close by taking 3rd place in a very competitive team event.

Ujjwal Chande / Tapan Kataria / Ranvir Naderiamr / Sathya Narayanan	Video Production Team
Heui Jin Kim/ Jenny Lee / Kelly Yu	Computer Animation Team

The following students did an exceptional job at the conference in their individual and team events.

Megan Tack	Advanced Interview Skills	3 (PreLim, Section 4)
Ambika Vohra	Digital Media Production	4 (PreLim, Section 3)
Vikranth Cherukuri	Database Applications	9
John Doroshewitz	Legal Office Procedures	9
Drew Hagge/ Blake Pozolo	Economic Research Project Team	10
Hannah Browe	Human Resource Management	11 (PreLim, Section 1)
Jacklyn Kim	Basic Office Systems & Procedures	14
Heui Jin Kim	Fundamental Desktop Publishing	19
Megan Tack	Database Applications	21
Zainab Ahmed	Medical Office Procedures	38

Well done Business Professional Falcons and good luck in Orlando.
