PROFILE

YEARBOOK

At Campus Photo Studio™ our passion is your spirit. We are committed to redefine your school photography experience with high quality yearbook images and profile portraits that tell the story of every student.

We encourage students to bring a prop to their session, see sample ideas on our website.

Images can be previewed and ordered on our online gallery about three weeks after the photo sessions.

Be sure to pre-register for gallery notifications with the QR code provided at time of seating.

We retouch each photo to remove blemishes, teeth whitening and even skin tone for professional quality.

*Digital Downloads will be available at our online store and Prints will be shipped directly to your home address with a \$5.50 Shipping charge.*
