

# Pilots Navigating Together

## COMMUNITY MEMBERS EXPECTED TO:

- Assess health daily
- Stay home/in residence hall if not feeling well
- Follow current university masking guidelines

### Caring for Our Campus:

- Campus housing set aside for quarantine or isolation, if needed
- Partnership with Saint Joseph Health System, including testing and consultation
- Information available on local sites for vaccination, testing and/or treatment
- Increased sanitizing and cleaning protocols
- Sanitizer available across campus for student and employee use
- Furniture in classrooms, dining locations and common areas spaced for moderate physical distancing

### Student Life:

- Sanitary gloves provided at self-service dining locations
- To-go dining options available
- Resumed chapel format with masking and area designated for physical distancing
- Modified social gatherings and campus activities

### Residential Life:

- Residence hall floors designated as “family units” for the purpose of contact tracing, if needed
- Increased sanitizing by Student Life staff in residence hall common areas
- Outside visitors permitted in residence halls if masked

### Academics:

- Lecture capture available for all classes when COVID-19 related absences occur
- Sanitizer/cleaner available in all classrooms for student and faculty use

### Wellness Center:

- In person and tele-health visits for the campus nurse (574.807.7370)
- In person and tele-counseling sessions offered

### Athletics:

- Sanitizer available throughout athletic facilities
- At home games, masking required; a designated fan section will be reserved for physical distancing

All information current as of August 2021. Procedures and guidelines are subject to change based on campus circumstances or new information from national, state and local authorities.
