

COOPERATIVE EDUCATIONAL SERVICES
DIVISION OF SPECIAL EDUCATION

Staff Handbook

2021-22

See CES Special Ed Staff COVID-19
Supplement Handbook 2021-2022
for specific details

"It is the policy of CES that no person shall be excluded from participation in, denied the benefits of, or otherwise discriminated against under any service or program on account of race, color, religious creed, age, marital or civil union status, national origin, sex, sexual orientation, gender identity or expression, ancestry, residence, present or past history of mental disorder, mental retardation, learning disability or physical disability including, but not limited to, blindness, or pregnancy and provides equal access to the Boy Scouts and other designated youth groups. Inquiries regarding CES nondiscrimination policies should be directed to the Associate Executive Director's office, CES, 40 Lindeman Dr., Trumbull, CT 06611, (203) 365-8831."

CES MISSION STATEMENT

The mission statement of Cooperative Educational Services is “to identify and provide quality educational opportunities for educators, students, families and communities.”

CES VISION STATEMENT

With a strong commitment from a diverse and highly qualified staff, CES is the primary educational resource for the communities we serve. We are a model of leadership promoting a community of life-long learning. We assure student success through regional collaboration, leadership, resources and support.

GUIDING BELIEFS

We Believe:

- Every student has a right to high quality education.
- Student-centered instruction recognizes the individual abilities of each learner.
- The unique cultural and developmental differences of our students are recognized and valued.
- Partnerships among families, schools, communities, and state agencies are essential for the achievement of common goals and conservation of financial resources.
- Leadership, communication, innovation, and creative thinking promote positive change and growth.
- Every educator has the responsibility to be a life-long learner.
- The commitment of our dedicated staff is valued.
- Our effectiveness as an organization contributes to our clients' success.
- It is important to reflect upon and continually evaluate the services we provide.
- It is important to nurture the growth of progressive learning communities.
- Every staff member represents the mission, core beliefs, and vision of CES.

ORGANIZATIONAL STRUCTURE

The Division of Special Education is composed of two primary units of service, the Developmental Disabilities Unit and the Emotional Disabilities Unit. The Developmental Disabilities Unit is comprised of three programs, the Preschool-Primary Learning Center (PLC), the Developmental Learning Center (DLC), and the Transition Learning Center (TLC), each headed by individual program administrators. The Emotional Disabilities Unit is headed by a Unit Director with three program administrators who serve as lead supervisors of designated program components. Where needed, Team Leaders and/or Component Leaders (non-supervisory positions) are assigned to assist administrators by performing coordination responsibilities for targeted areas of services.

STAFF HOURS

Full-time certified special education staff are scheduled to work from 8:15 AM to 3:45 PM (8:00 AM to 3:30 PM for Lindeman and Cambridge Campuses) Monday through Friday. This schedule may vary for some programs and program locations. If different, specific schedules will be formally designated by your administrator following consultation with staff.

Full-time non-certified special education staff are also scheduled to work from 8:15 AM to 3:45 PM (8:00 AM to 3:30 PM for Lindeman and Cambridge Campuses) Monday through Friday. This schedule may vary for some programs. If different, specific schedules will be formally designated by your administrator following consultation with staff.

The schedule of work for part time employees (certified and non-certified) is individually determined based upon the needs of each program. Please consult your administrator if you have any questions regarding your work

schedule. **Part time employees may not alter their work schedule or add time to their weekly schedule without the prior approval of their administrator.**

Staff needing to arrive later or leave earlier than the prescribed work hours, must obtain permission from their administrator. Under no circumstances should a staff member arrive late without calling their program administrator or leave early without first consulting/seeking permission from their program administrator. **Consistent absenteeism or chronic lateness could result in disciplinary action or termination of employment. Leaving work prior to the end of the work day without the permission of your administrator is also grounds for disciplinary action or dismissal.** Any staff member needing to leave earlier on a regular basis must submit a written request to the Director of Special Education. The request should include the staff member's plan to make up lost time. The Director of Special Education will submit the request, along with their recommendation, to the Executive Director for final approval. Only the Executive Director can grant such a request and staff members should not assume approval without written confirmation.

STAFF ATTENDANCE

It is of the utmost importance that each staff member makes a firm commitment to work on a consistent basis. Chronic absenteeism as well as patterns of absence may be grounds for administrative review. It is expected that all staff will arrive at the building no later than 8:15 (8:00 for Lindeman & Cambridge Campuses). Chronic lateness could result in disciplinary action or termination of employment. Staff are also reminded that continual absenteeism results in a loss of consistency and learning for students in your charge. Frequent absenteeism for other than documented health reasons, could result in disciplinary action or termination of employment. **Failure to notify your program administrator in a timely manner of your absence from work is grounds for disciplinary action or dismissal.**

SICK LEAVE

Each staff member based on their position receives or earns sick leave on an annual basis. These sick days accumulate from year to year to a maximum of 180 days. Staff are permitted to use a portion of their yearly sick days (total of 5) for family illness. Absences due to family illness should be specified when calling the program administrator. The family is defined as parents, spouse and children who reside with the employee. Employees may also use a maximum of one (1) sick day in each year to attend to routine periodic medical and dental examinations. This should also be specified when requested.

REPORTING ABSENCES DUE TO ILLNESS

Staff are expected to report all absences due to illness or injury to their administrator. Failure to properly notify your program administrator of your absence could result in disciplinary action or termination of employment.

Please place this call yourself, rather than having someone else call for you. Teachers are expected to have lesson plans in place for each day. Any variation or anticipated difficulty in carrying out the lesson plan for the day needs to be discussed with your administrator when you call in. It is also helpful for you to call your classroom co-worker when you will be absent if you can do so.

In an emergency situation, if you are unable to reach your administrator, please speak to the program's secretary, another administrator, or if needed, the CES receptionist.

If you plan to be out more than one day, you must contact your administrator as soon as this is known and discuss the situation with him/her. Return from absences due to work related injury will require a doctor's note verifying the staff member's ability to return to work. **In cases of chronic or significant absences, CES reserves the right to seek independent medical opinions to ensure that a staff member is well enough to fulfill their essential job responsibilities.**

ROLE OF ADMINISTRATORS

The administrator (i.e., Unit Director, Program Administrator) of your assigned program has the responsibility for management of all program activities and supervision of staff and students. All activities are subject to their approval. Staff are encouraged to communicate their concerns about any student or program issue directly to their administrator. **Incidents involving student or staff injury or that have any potential negative implications for the agency, program, students or staff should be immediately reported to assigned administrator or in their absence another CES administrator.** The administrator is responsible for assisting staff in resolving student instructional concerns and should be kept informed of any changes in student's behavioral or instructional plans. Every effort will be made to meet regularly with staff to assist in the planning and implementation of instructional programs. Concerns about co-workers, other C.E.S employees or others who have direct contact with students (e.g., bus drivers, bus aides, etc.), should be brought to the attention of the unit director or program administrator immediately. Staff should also report to their administrators any verbal exchange by a staff member that appears inappropriate or involves use of obscenities or inappropriate or demeaning language directed at students. If such concerns involve suspicion of child abuse you are to report this matter to DCF (see section on Child Abuse/Neglect) and a written report needs to be submitted to the unit director, program administrator or executive director.

Staff hold an important ethical, legal and professional obligation by ensuring that all CES personnel fulfill their responsibilities to students in a safe fashion and consistent with agency, state and federal laws/regulations.

CODE OF ETHICS

It is imperative that all staff carry-out their roles in accordance with the ethical, legal and professional codes for education professions. Please refer to Appendix section for the Code of Ethics of the Education Profession and the Connecticut Code of Professional Responsibility for Teachers.

INSTRUCTIONAL PLANNING TIME

Instructional planning time is primarily available to full-time staff following the school day, (approximately 2:30/2:45 to 3:45 or 2:20/2:30 to 3:30 for Lindeman and Cambridge Campuses). This time has been scheduled for staff to consult with each other, other personnel and parents and to plan instruction.

In accordance with the CESEA Agreement, certified teachers may use time when students are with special area teachers (e.g., PE) as preparation time. Teachers shall not be required to remain with their classes when with special area teachers. However, teachers must ensure that an appropriate number of non-certified staff are available to support special area instruction for their assigned classes and/or monitor students in terms of behavioral or special instructional needs.

Additional consultation time will be made available to certified staff members during program hours on an as needed basis for instructional planning and to meet with administrators, other classroom teachers, support personnel and parents. Requests for additional planning time should be directed to your administrator. If meetings or conferences must be scheduled during class time, every effort will be made to free appropriate staff.

CONFIDENTIALITY

Information about students - names, pictures, or anything that would identify the child; should not be divulged to any person outside CES without prior consent of the parent. No official information can be released without written consent from the parents. Any request for information by an outside agency or professional should be directed to your administrator.

Staff should always be aware of the importance of the confidentiality issue and must use discretion when talking to parents and other professionals. Staff are requested to refrain from discussing students in public places, and at no time should last names be mentioned. Although e-mail communications are encouraged, they should not be used to convey sensitive information about student performance. All staff have a professional, ethical, and legal commitment to ensure each student's confidentiality.

Staff are required to read the entire CES Policy/Procedures regarding Confidentiality/Maintenance of Student Records and the E-mail/Electronic Communications policy/procedures. These policies/procedures are to be followed at all times. Failure to follow the agency's confidentiality policy/procedures or e-mail/electronic communications policy/procedures could result in disciplinary action or termination of employment. Extra copies of these documents will be available for reference at the location of student records and staff resource room for referencing.

CONFIDENTIAL FILES

Each student has a confidential student record located in a locked file cabinet in the office. At times you will need to access this information for a variety of purposes (e.g., to review psychological reports, progress reports, or background information).

Each time you review a student record, you must complete the access form located on the inside back cover of each folder. **Please be certain to complete this form each time you access a file.** If you remove a student's folder from the office, please complete the sign out form located on top of the file cabinet. Any folder removed from the office must be returned by the end of the day. **At no time may a staff member remove a student file from the building.** These folders must remain intact and at no time should any of the contents be removed or copied without the permission of your administrator.

MAINTAINING STUDENT FOLDERS

All teachers should maintain a classroom folder for each of their assigned students. This folder should include all assessment materials, the student's current IEP, Activity Sheets, new instructional and behavioral objectives, and copies of any written correspondence between the parent and the teacher. With respect to the current IEP, teachers may elect to access this document electronically vs. a hard copy. Even in these cases, the teacher is responsible for treating this information confidentially (e.g., should not give out their IEP Direct password). (NOTE: Teachers should not duplicate any other student report maintained in the confidential file and place them in their working file for convenience). The contents of this folder will be reviewed periodically by your administrator. This folder should be treated as confidential information and therefore should be kept in a locked desk drawer or file cabinet in your classroom.

This folder will be collected at the end of the school year. The folder should include all of the materials listed above plus all supportive educational records (e.g. graphs/data sheets). The notebook which has traveled between home and school will also be collected and will remain with the student's classroom folder.

AUTHORIZATION FOR VIDEO, SLIDES, PICTURES

No pictures, videos, or slides are to be taken of any child by any person without written permission of the parent. At the beginning of the school year, parents will be asked to sign a general consent form granting us permission to take pictures, videos or slides for overall program purposes (e.g., improving instruction, demonstrating the program) and on special occasions such as parties, and other program activities. These pictures must only be used at the program and must remain at the program site. **Any staff member who wishes to take pictures, slides or videos for personal keepsake must obtain written authorization from the parent prior to taking the pictures.**

STUDENT REPORTS AND SCHEDULES

Quarterly reports on student progress on IEP objectives will be sent to parents. In DLC and PLC, these will be sent home toward the end of November, January, March/April and May/June. In TDP, the dates will be determined by the ending date of each quarter. Mid-year conferences with parents will be held in January.

Each student will have an Annual Review of their IEP. This annual review meeting serves as a second conference with parents and therefore teachers and related services personnel will be required to prepare for each PPT a packet that includes performance data for current year IEP goals/objectives, a listing of Current Levels of Performance for applicable targeted areas, an End of Year Educational Progress Report and recommendations, and proposed IEP goals and objectives for the following year.

DEVELOPING INSTRUCTIONAL OBJECTIVES

All instructional objectives must be reviewed by your administrator. Efforts should be made to ensure the maximum clarity and consistency of instructional objectives throughout the program. All new goals/objectives must be approved by your administrator prior to review with parents and/or local school district personnel. The speech and language pathologists and occupational and physical therapists will meet with classroom teachers to assist them in the development of language and motor objectives, respectively. The School Social Workers and School Psychologists will also develop instructional objectives as deemed appropriate. These goals/objectives should be submitted to your administrator for review/approval, prior to review with the parents and/or school district personnel.

RELATED SERVICES

The related services personnel employed by CES to support educational programs include: speech/language pathologists, occupational therapists, a physical therapist, a physical education teacher, school nurses, social workers and school psychologists. The availability of certain related services staff may vary from program to program based on individual needs of students served. These staff members will be providing direct service to students or consultation with teachers on various aspects of students' instructional programs. Schedules for these professionals will be determined by student need and IEP requirements.

Administrators will announce the related services personnel assigned to individual programs. Teachers and related services personnel will meet to establish schedules for individual students. These professionals are also available for consultation regarding general instructional methods and concerns about individual students. If you have any questions regarding related services personnel or services, speak to your administrator or, where applicable, the Unit Director for the designated service area.

LESSON PLAN BOOKS

Lesson plans must be completed each week. They should contain sufficient detail about classroom instructional plans to ensure that in the teacher's absence, substitutes can carry-out prescribed instructional activities. Lesson plans will be periodically reviewed by your administrator. At the close of the school year, all lesson plan books must be submitted to your administrator.

SUBSTITUTES

Since staff members are occasionally out sick, it is essential that lesson plan books and data sheets are up to date. When a substitute is in your classroom, it is your responsibility to explain classroom policies and procedures. Please remember to explain to the substitute the schedule, materials and activities to be used with each child. All emergency procedures (e.g., fire drill procedures) should also be reviewed with substitutes at the start of the school day. In concert with State policy, each classroom must be staffed by at least one certified special education teacher throughout each school day or a substitute teacher meeting state requirements. This may necessitate the temporary changing of staff member's assignment in order to accommodate this regulation. Substitute assignments will be made by your administrator or his designee prior to the start of the school day.

STUDENT SUPERVISION

All students are to be properly supervised by certified staff at all times. **Under no circumstances are children to be left unattended.** It is the responsibility of each staff member to make sure that their class is appropriately supervised, both in the building, on the playground and getting on or off the transportation vehicles. If for some reason you must leave your class (i.e. to speak to a parent or other staff member), please be sure that your students are appropriately supervised and your co-worker knows where you are and when you will be returning. If you need to be away from your class for more than just a few minutes, please let your administrator know to insure proper student supervision. In planning supervision, staff should consider the individual behaviors and developmental level of their assigned students.

Given that instructional objectives for some students may involve teaching them appropriate levels of independence in various activities, or rewarding them with a certain level of independence, there may be times that students will have opportunities to move about the building/campus independent of staff. In these cases teachers/staff should consider the individual behaviors and developmental level of their assigned students and ways to appropriately monitor their students' independent movement to ensure safety. Student safety should always be a primary consideration of such planning. Failure to properly supervise assigned student(s) could result in disciplinary action or termination of employment.

STUDENTS WHO LEAVE GROUNDS

When a student attempts to leave our school grounds for any reason without staff permission, the staff member(s) involved should follow the student (trying to keep him/her in eyesight) without engaging in a "chase" that might lead to dangerous circumstances. Using their walkie-talkie they should contact their immediate administrator to provide the location (street name, etc.) of the student. Regular updates should be provided until the student can be safely returned to the campus. See Appendix J for further information.

BUS DISMISSAL PRECAUTIONS/LEAVING SCHOOL GROUNDS

It is also imperative that staff carefully monitor bus arrival and dismissal to ensure that students enter school or their designated vehicles at the end of the school day. Students should never be permitted to leave school grounds during or at the end of the school day with anyone not authorized/approved by their program administrator. If staff are unsure about someone seeking to remove a student from school grounds they should check with their program administrator. See Bus Procedures Section for more details.

BEHAVIOR MANAGEMENT GUIDELINES

Each program has established guidelines for the appropriate use of behavior management procedures. **These procedures must be reviewed and followed by all staff for each student.** Please review these procedures frequently so that you are able to implement the procedures correctly for all students. When questions/concerns arise about the behavior of students or implementation of procedures, seek the consultation of your administrator as quickly as possible.

These guidelines encourage a commitment to the least restrictive model of treatment and a fundamental concern for the rights of students and their families. When designing interventions, staff should always use the most positive and least restrictive interventions available that are likely to be effective in teaching the student necessary skills. More restrictive interventions should be employed only when less restrictive ones have been demonstrated to be ineffective.

Within the framework of the behavior management guidelines, an individual Behavior Intervention Plan is developed for each student. This plan combines the program's standard teaching strategies and behavior management procedures with any necessary modifications or additional strategies to meet the individual needs of the student. These plans are developed in accordance with program guidelines and should operate on a principle of fairness and respect for the dignity of the student.

Staff should become thoroughly familiar with agency/program procedures for dealing with dangerous or highly disruptive behavior that might require the use of more restrictive interventions such as restraint, seclusion or exclusionary time-out. **Physical restraint/forcible restraint** and **seclusion** are to be used only as an emergency intervention to prevent immediate or imminent injury to self or others after less restrictive procedures have proven ineffective. Its use in either case would be subsequent to exhausting less restrictive procedures.

Staff should only use approved and trained physical intervention techniques to prevent a student from engaging in unsafe and/or dangerous behavior. All uses of such emergency interventions should be documented on appropriate agency forms (see Appendix for Incident Reports) designated for the use of seclusion or physical restraint. Consistent with State regulations staff should not employ any physical restraint or hold that blocks the flow of air into a student's lungs whether by direct compression or any other means. Staff use of any unauthorized behavior intervention whether physical or verbal will result in disciplinary action and possibly termination of employment. Consistent with State regulations, parents are to be informed of the use of seclusion or physical restraint with their child no later than 24 hours after a child has been placed in physical restraint or seclusion, and to make a reasonable effort to notify them immediately after beginning the physical restraint or seclusion. Such notification should be made by phone, email or other method (e.g., note to parent). The means of communication with the parent should be documented on the appropriate agency report form. State regulations also require that our written report be mailed to parents within 2 business days of the use of physical restraint or time-out as an emergency intervention. Therefore, staff must complete these reports in a timely manner (no later than the end of the workday on which they occur). These reports will be reviewed by program administrators before mailing.

Failure to follow CES Behavior Management Guidelines including procedures for use of emergency interventions (e.g., Physical Restraint & Seclusion Time Out) could result in disciplinary action or termination of employment.

TEACHER ASSISTANCE TEAM

The needs of the student's enrolled in the program are quite complex. It is often difficult for a single teacher to independently develop and implement a plan of intervention for a student demonstrating particular difficulty. In an effort to gain assistance to address specific instructional, behavioral and familial concerns, the teacher may at any time request a Teacher Assistance Team meeting by informing your administrator. Every effort will be made to address your concerns as soon as possible.

Although each program's Teacher Assistance Team may be constituted differently, they are all intended to provide a workable format for teachers to discuss specific student problems and obtain feedback from fellow staff members. The goal is to help staff begin solving problems as quickly as possible, rather than struggling with them for an extended period of time. The purpose of the meeting will be to brainstorm a number of possible solutions to the problem and come up with a workable plan of action. Once a plan has been developed the team will assist in its implementation. The Team will meet again to evaluate the success of the plan. The plan will either be continued, modified, or replaced by an alternative course of action.

An administrator will serve as permanent member of the Teacher Assistance Team, with teachers, speech pathologists and other personnel serving on an assigned basis to work on specific problems.

Although the purpose of the Teacher Assistance Team Process is to aid in the resolution of difficult issues, please remember that any emergency situation should be brought to the immediate attention of your administrator.

STUDENT INCIDENT REPORT FORMS

All student incidents or unusual circumstances/events involving students/staff should be **immediately** reported to your assigned administrator or in their absence another CES administrator. An administrator should not be finding out about a significant incident solely by written reports.

A student incident report form (see Appendix for Incident Reports) must be completed for a student exhibiting any significant or unusual behavior. Significant or unusual behavior includes, but is not limited to: an incident which results in injury to student or staff, destruction of property, leaving school grounds, or a tantrum or aggressive behavior which is not already covered by an approved behavioral intervention plan or which results in a physical intervention (e.g., physical restraint). When an injury occurs as a result of seclusion/restraint a copy of the Incident Report should be attached to the Restraint/Seclusion Form. It may also include an unusual circumstance (e.g., car accident while on field trip) or unusual event (e.g., aggressive activity by student toward program visitor). The student incident report is also used as the written notification to program administrators by staff of any alleged, suspected or documented case of bullying (see section on Student Bullying/Safe School Climate).

The student incident report must be filled out by the staff member who was in charge at the time and all other staff members who witnessed the incident. This form must be completed on the day of the incident and turned in to your administrator. The report should provide accurate, concise details about the accident/situation. It is important that reports are legible and include an accurate listing of all students involved and witnesses to the situation. If a behavioral incident results in injury to either the child who caused the incident or to another child, be sure to complete the section of the form that deals with injury to student. If a student injury occurs a copy of the Incident Report must be sent to Administrative Services as soon as possible. An attempt should be made to contact the parent by phone or via note on the day of the incident in order to describe the nature of the injury sustained by their child.

NOTE: A form should be completed even when no injury is apparent. Staff are also expected to inform their administrator of any suspicion of student injury. The incident report should also be used to document considerably unusual behavioral/problematic occurrences reported to staff by parents, bus drivers, etc. or any other behavioral occurrences involving students or staff occurring during the school day.

PARENT-TEACHER COMMUNICATION

CES recognizes that a child's education is a responsibility shared by the parents*/family members of enrolled students, the nexus school district and CES' various programs/services. To support a goal of educating all students effectively, CES programs/services, the students' nexus school district and parents must work as knowledgeable partners. Therefore, it is the policy of CES to encourage ongoing communication and collaboration with families in order to establish and maintain programs and practices that enhance parent involvement and meet the specific needs of students and their families. Staff are encouraged to maintain rules of confidentiality in terms of parent communication. Therefore, they should never discuss another student's/classmate's needs, program or services with another parent. When parents have a question or concern about another student, this information should be immediately shared with your program administrator.

Programs will utilize a variety of mechanisms to foster and encourage family involvement. These may include periodic newsletters, regular telephone contacts with parents, flexible scheduling of parent-teacher conferences (e.g., mid-year Parent Conference and Annual Review IEP/PPT Meeting), home visits, program drop-in hours for parents, awards/student recognition ceremonies, support groups, training activities and the use of technology as both a form of communication and means of providing assistance and information about how to assist their child with homework assignments or other forms of learning activities. **Staff should review the full CES Policy/Procedures Concerning Parent-Teacher Communication.**

(Note: *Parent is defined as parent/legal guardian and/or other family member assuming responsibility for the student).

PARENT CONFERENCES

Teachers are required to hold at least two flexible parent conferences per school year for each student in their classroom. One of these conferences will be held during the month of January for the purpose of relaying mid-year progress. The second conference should be arranged either at the beginning of the school year or prior to the student's scheduled Annual Review. If a home visit cannot be arranged, an in-school parent conference is to be scheduled. Although Educational Instructors and Instructional Aides may not independently make home visits, they may accompany teachers whenever appropriate. Related Services Personnel are also encouraged to

meet with parents of students on their caseload at least once during the year. Related Services Personnel should coordinate the meetings with the student's teacher. Teachers should always inform the related services staff when a meeting is scheduled so they can attend or provide information to the teacher regarding progress. In addition to this meeting, related services personnel are required to have two additional contacts with each student's parent. These additional contacts may be in person, by phone or through the student's school/home notebook.

In the event that an evening home visit must be made by an instructional and/or related services staff, then the staff member will be able to receive equivalent compensatory time which will be taken at a time approved by your administrator when they are not directly responsible for students. In the event that a required home visit must be made to a neighborhood which the staff member feels is unsafe, then the administrator will arrange for other CES employee(s) to escort these staff. This arrangement will prevail when both the staff and their administrator are in agreement over the unsafe condition. To facilitate such an arrangement the staff member should provide their administrator ample notice of dates scheduled for such home visits.

It is understood that parent conferences/home visits may not be feasible for every student in the program. When school conferences or home visits can't be feasibly scheduled with parents, staff should meet with their administrator to determine an alternative means of communicating student information to parents.

SUMMARY OF CONFERENCES

A Summary of Conferences form must be filled out for the two required conferences held with a parent. The teacher or related services staff member who held the conference is responsible for filling out this form. Please be concise as possible, but be sure to provide all pertinent information. A Summary of Conference Form should also be completed for any conversation with a parent that provides significant information or when unusual circumstances have been discussed. Such reports should be shared with your assigned administrator. NOTE: This does not include confidential conversations between clinicians and parents/family members that would typically be recorded in a clinical log.

PARENT OPEN HOUSE MEETINGS

An important component of the parenting program will be an evening open house to be held in the fall. The purpose of this activity will be to give parents the opportunity to visit their child's school, see their child's classroom, meet their child's teacher, and interact with other parents. Each staff member is responsible for seeing that parents receive a copy of their child's schedule and have an opportunity to ask questions about their child's program. Staff are expected to attend this open house. Those who are unable to attend due to previous obligations (e.g., attending a university class) should notify their administrator in advance. Staff are also urged to support the parenting program by attending other activities held throughout the year.

PARENT CONTACT

To insure that parents are kept informed of their child's school progress, teachers are asked to contact parents on a regular basis. A log of such contacts should be maintained. To facilitate more frequent contact, teachers are encouraged to utilize daily notebooks to inform parents of progress and to allow parents the opportunity to convey their child's progress at home. Although e-mail communications are encouraged, they should not be used to convey sensitive information about student performance.

PARENT CONTACT CARDS

All children have home and emergency contact cards on file. Staff may access the cards at any time. The card also includes other pertinent information regarding student medical concerns and the names of emergency contact persons. The cards are kept in the card file in the office. **Under no circumstances is a staff member to remove a card from the file.**

HOMELESS STUDENTS

All CES personnel who are made aware that a student is homeless should immediately inform their administrator or the CES liaison for homeless students (Christopher La Belle, Associate Executive Director). This will help ensure that the student/parent receive appropriate information about their educational rights. Information about rights and protections under the McKinney-Vento Homeless Education Act are included in the parent guide and posted on program bulletin boards and are available in the appendix section of this guide.

CES PROCEDURES FOR REPORTING SUSPECTED CHILD ABUSE

Certified and non-certified school personnel and licensed health professionals are mandated to report any suspicion of child abuse. Such reports must be made regardless of who is suspected of causing the abuse. The approved CES Policy and Procedures for Reporting Suspected Child Abuse requires that any school employee (teachers, educational instructors, instructional aides, nurses, physical education teacher, social workers, psychologists and licensed health professionals) who suspects that a child younger than 18 years of age is a victim of abuse by a primary caregiver must report such to the Department of Children and Families (DCF) or a law enforcement agency. The staff member suspecting abuse must call the DCF Hotline (1-800-842-2288) or a law enforcement agency to make an oral report within 12 hours. The oral report must be followed by a written report on DCF form # CYS 136 **within 48 hours of the oral report.** Anyone making a report to DCF or a law enforcement agency may seek consultation to support their suspicion from their administrator, the school nurse, the school psychologist or the social worker. Any school employee who makes a report to DCF or a law enforcement agency must notify their unit director or administrator that a report has been made.

When abuse/neglect is suspected for a student 18 years of age or older with an intellectual disability, staff are obligated to contact Abuse Investigation Unit (AID) at DDS. The number is 1-844-878-8923. The [DDS PA-6 Form](#), Report of Suspected Abuse or Neglect of an Adult with Intellectual Disability, is to be filled out and sent to DDS at (dds.aid@ct.gov) by mandatory reporters as a follow-up to an oral report being made to the Abuse Investigation Division (AID). The form should not be sent to AID unless an oral report has first been made to AID.

Other CES employees (bus drivers, secretaries, custodians) who suspect that a student is the victim of abuse must report this to the student's teacher, administrator, psychologist, social worker or the school nurse. A report will be made by the appropriate school employee if a suspicion of abuse exists.

Any employee who suspects that another CES employee is demonstrating abusive behavior toward a student(s), must report the information to DCF (or AID when student is 18 years of age or older) or a law enforcement agency and inform the CES Executive Director or their designee (Associate Executive Director/Unit Director/Program Administrator). Suspension from employment may occur while CES/DCF/law enforcement agencies are investigating these allegations. In these cases, the agency administrator(s) is responsible for notifying the student's parent and investigating the report and submitting reports to the State agencies.

If you report suspected child abuse or neglect in accordance with the law, you are immune from civil and criminal liability in connection with both the report and any court action which may result from the report. In addition, you cannot be fired, discriminated or retaliated against by CES for making a report.

On the other hand if you fail to report suspected abuse/neglect, you can be fined no less than \$500 nor more than \$2,500 or by the court or possibly be sued for damages if the child is further injured because you failed to act. Anyone who knowingly makes a false report can be fined no less than \$500 or more than \$2,500 or imprisoned or both.

All special education staff (certified and non-certified) should review the CES Policy and Procedures for Reporting Suspected Child Abuse.

CES PROCEDURES FOR YOUTH SUICIDE PREVENTION AND INTERVENTION

The CES Representative Council has approved policies and administrative procedures concerning youth suicide prevention and intervention which are reviewed with the staff each school year. Any staff member who is

confronted by a student who makes a statement of suicidal thinking, or informs a staff member that another student has expressed suicidal thoughts, or for any other reason suspects that an attempt of suicide is possible by a student, should notify their administrator immediately or in their absence, the Associate Executive Director or Unit Director. If none are available, notify the Executive Director.

All special education staff (certified and non-certified) should review the CES Policy and Procedures for Youth Suicide Prevention and Intervention which will be distributed to you by your Program Administrator.

NUTRITION AND PHYSICAL ACTIVITY FOR STUDENTS

As a participant in the National School Lunch Program and the National School Breakfast Program, CES has adopted policies consistent with the Connecticut Nutrition Standards for Foods in Schools (<http://www.sde.ct.gov/sde/lib/sde/PDF/DEPS/Nutrition/HFC/SummaryCNS2013.pdf>). The type of food and drink available to students while in school is limited to those included in the List of Acceptable Foods and Beverages (<http://www.sde.ct.gov/sde/cwp/view.asp?a=2626&q=322432>).

Please be sure to plan snacks and cooking activities according to CES Guidelines.

These agency guidelines also encourage physical activity to promote our student's overall health and well-being. Teachers are encouraged to provide students with opportunities for physical activity beyond scheduled physical education classes. Recess or supervised playground time provides excellent opportunities for physical activity which helps promote students' alertness and attention in class as well as other academic and social benefits. Classroom schedules should be developed to provide time within each school day to enjoy supervised physical activity.

TUBERCULOSIS SCREENING

It is the intent of Cooperative Educational Services to maintain a healthy work environment for its employees. Due to the current low rates of transmission of tuberculosis in all parts of Connecticut, routine screening for tuberculosis for all staff is not warranted.

HEALTH

A school nurse is available to programs during each school day. The nurse will provide medical attention to students as necessary and monitor and update students' medical files. Any emergency or unusual health situation should be immediately reported to the school nurse. If the nurse is not available, alert your administrator. The nurse is also available to answer questions you may have regarding general health issues and specific questions about individual students.

CES has also contracted with a local pediatrician to serve as medical advisor to the special education program. The school nurse and Director of Related Services and Special Programs have direct contact with the medical advisor. Any questions for the medical advisor should be directed to these CES staff.

PANDEMIC FLU

CES has established a Pandemic Influenza Plan in response to the recommendation of State Department of Education and the State Department of Health. This plan is in effect to insure that CES will be prepared in the event of a pandemic flu. A pandemic flu is one that spreads easily from person to person and would affect people around the world.

A flu outbreak can impact our schools/programs. We strongly urge staff who are sick to stay home to help prevent the spread of illness. This is particularly important when you have influenza-like illness (fever with a cough or sore throat). Staff who become ill during the work day may be asked to go home if they are experiencing flu-like symptoms. They may be required to stay home for up to seven days with a confirmed case of the flu.

During the year, CES will be providing information and procedures to help reduce the spread of any type of flu or other contagious illnesses that may occur. You may also be getting periodic notices about strategies you should be using to keep yourself and students healthy.

Another way to prevent the flu is to consider getting flu shots for yourselves and where applicable your children. Flu shots are generally available from your family's doctor. You can also find out how to get flu shots at other community sites by contacting your local public health office. We will alert you if there are any other options we are informed about related to getting flu shots.

Although we hope that recent experiences will not be repeated, the outbreak of flu in our programs will be closely monitored during the year. We will also closely monitor federal, state and local public health advisories that we receive and share information as it is deemed appropriate. School closure will be considered based on the number of cases we have, their severity and the impact on faculty/student absenteeism. Although interference with school functioning will be the primary consideration it is important to note that such decisions may also be recommended or required by various public/state agencies. Staff should consider developing a plan to deal with an extended school closure if such a decision were to occur.

GREEN CLEANING PROGRAM

CES has adopted a Green Cleaning Program in accordance with PA 09-81. The adoption of this program means the procurement and proper use of environmentally preferable cleaning products as defined by the Department of Administrative Services (DAS) for all state-owned buildings, schools and facilities. DAS requires that these cleaning products be certified with a Green Seal or Eco Logo. No person shall use a cleaning product unless it meets the DAS standard.

FIRST AID EMERGENCY TREATMENT

All accidents and situations requiring first aid must be reported to the school nurse and administrator. First aid will be administered by the school nurse. In her absence, the administrator will respond to such needs. First aid treatment should not be administered by staff unless approved by your administrator. A staff member may take action, however, if emergency first aid treatment is needed to insure the health of the student. **Staff should be familiar with Medical Emergency Protocol found in Appendix H.**

There may be times that emergencies occur when an administrator or nurse are not present. In such cases (e.g., when you are on a field trip), staff members will need to make a determination about the best course of action including whether to call for emergency services through 911. The staff member should notify the appropriate administrator as soon as possible after dealing with such an emergency. An "Emergency Procedures" sheet will be found in each field trip folder as a reference.

In the event that the individual requires emergency medical treatment by a physician, the individual will be taken to their private physician or the designated hospital emergency room. Transportation via ambulance or CES vehicle will be determined by your administrator and school nurse.

Any individual requiring such emergency medical treatment will be accompanied by a staff member designated by the unit director or program administrator. This procedure for first aid applies to both staff and students.

All accidents and situations requiring any first aid treatment must be recorded on the appropriate form before the end of the school day in which the accident occurred.

Parents of students are to be telephoned by a school nurse, administrator or teacher as soon as possible after the accident and preferably prior to treatment. Such notification is to be followed by a written note to the parent including all treatment and any need for further follow up. A copy of such notification shall be kept on file.

AUTOMATIC EXTERNAL DEFIBRILATOR (AED)

There are two AEDs in the Oakview Campus, one AED at the Lindeman Campus and one at 7 Cambridge. The Oakview Campus AEDs can be found on the wall outside the nurse's office and in the glass vestibule between the TDP Student Support Center and fitness room. The AED at the Lindeman Campus is located by the secretary's desk. The AED at Cambridge is located near the secretary's desk. In case of an emergency, the person or persons trained to perform CPR will need to have the AED in order to provide the best possible emergency care. A list of personnel trained in CPR and the use of the AED is posted on various bulletin boards throughout the building. If an emergency were to occur, please follow the emergency procedures found in Attachment H. People trained in CPR and the use of the AED will respond accordingly. It is important for all to know the location of the device in case you are called upon to go and get the device.

The waiting room to the nurse's office will remain unlocked so that access to emergency equipment will be available when the nurse is not in the building either prior to or after the school day.

MANAGING LIFE-THREATENING FOOD ALLERGIES

According to state law, CES has developed guidelines for managing and preventing reactions of students' known to have life-threatening food allergies. For each student identified, the school nurse along with the teacher, appropriate related services staff and administrator will develop an Individual Health Care Plan to manage the allergy. The plan will be reviewed with the parents and the student's doctor. The staff responsible for the student during the school day will be trained as to the procedures to be implemented to prevent an exposure and to respond if an allergic reaction should occur.

If you receive any information about a student regarding an allergy to food or any other substance, please bring it to the attention of the school nurse and your administrator immediately.

FIRST AID SUPPLIES

First aid equipment should be taken on all field trips along with student emergency folders. First aid supplies are available in the nurse's office.

ADMINISTRATION OF MEDICATIONS

Administration of any medication (prescription or over the counter medication) to pupils is permitted only in accordance with the following procedures as regulated by State statute:

1. written authorization of the parent/guardian to allow CES staff to administer the specific medication
2. written authorization from the physician for the medication
3. complete record of administration of medication
4. all medications are to be administered by the school nurse or in the absence of the nurse, by the administrator or staff member designated by the administrator.

* A medication tracking form must be signed by the receiving staff when medication arrives with the student. The form and medicine must be given to the school nurse immediately.

A more detailed policy/procedures related to administration of medications is available in the Health Office and from the Director of Special Education, unit director or program administrator.

PROHIBITION CONCERNING RECOMMENDING PSYCHOTROPIC DRUGS

It is the policy of CES to prohibit any educational personnel from recommending the use of psychotropic drugs for any child. Consequently, all educational personnel should refrain from making recommendations to parents/guardians about the use of psychotropic drugs or engaging in the conversation about the benefits of psychotropic drugs/medications that might be construed as a recommendation. The policy does not prohibit school health and mental health personnel from recommending that a child be evaluated by an appropriate medical practitioner or CES consultant physician nor prohibit certain educational personnel (i.e., unit directors, program administrators) from consulting with such medical practitioners with the consent of the parents or guardian of such child. Only CES consulting physicians (e.g., Consulting Psychiatrist) may directly discuss with parents/guardian the benefits of psychotropic drugs to address behavioral, developmental, emotional and/or physical problems by their child or recommend a specific psychotropic drug for them to consider and/or discuss with their child's private physician. **All special educational staff should review the CES Policy and Procedures for Prohibition Concerning Recommendations for the Use of Psychotropic Drugs by Students.**

CLASSROOM/OFFICE MAINTENANCE

It is the responsibility of each staff member to ensure that their classroom or office is clean, safe and orderly. Materials should be maintained in an organized and well-kept manner. If you are planning any structural changes for your classroom/office, you are to seek the approval of the program administrator so as to ensure that such changes do not violate fire safety regulations or present a safety hazard to your students. In the event that you perceive that anything in your classroom, instructional area or outside the building might present a potential hazard to the students, please immediately inform your administrator. At no time should extension cords be used in classrooms or office areas. To facilitate the cleaning of classrooms at the end of the school day, please put materials away and place student chairs on desks and table tops. This should be completed by 2:30 so that the building custodian can begin cleaning classrooms immediately after dismissal. Staff should not bring furnishings of any kind into their assigned classrooms without first receiving the approval of your administrator.

Each classroom (office area) is provided with bulletin boards for displaying materials. No materials should be taped or pinned to other areas of the room walls. It is important that you not hang or mount materials that will block airflow through vents in classroom ceilings. Nor should you tack any items to ceiling tiles since this may destroy the protective integrity of the tiles. You may suspend items from the ceiling brackets that support the tiles but again please make sure that such items are not interfering with airflow through the vent.

When special materials are used in the classroom (i.e., paints, sand, etc.), staff are asked to take precautions to protect classroom floors, walls and furniture. After use of such materials, clean-up should be immediate so that there is no danger presented to either staff or students.

Food is frequently required in classrooms/instructional areas as a program component or by virtue of the inability of some students to eat elsewhere (cafeteria). Staff should take steps to minimize custodial clean-up by washing tabletops following snack/food activities and to store food in a fashion that helps to avoid the attraction of "vermin". All food items stored in classrooms/instructional areas for snacks or used as reinforcers should be maintained in sealed containers. At no time should there be any cooking done in classrooms.

ACTIVITIES OF DAILY LIVING (ADL) ROOM

This resource room is available to classrooms on a scheduled basis. Classroom or related services staff should solely utilize this room at the time(s) that are scheduled to be in this resource area.

Clean-up of the ADL Room must take place at the conclusion of your use of this room. This includes washing dishes, cleaning table and counter tops and sweeping up any debris on floors. All of these clean-up activities represent good instruction for students and time to complete these activities should be factored into your schedule time in the ADL Room. Failure to properly clean-up after your use of the room may result in losing

access to this room so it is important to make sure that this requirement is fulfilled. Staff are also responsible for making sure that all appliances are properly turned off (e.g., stove) and that all cooking supplies/equipment are returned to the appropriate area.

A supply of communal cleaning supplies will be available for general use. If you see these supplies are running low please alert your program administrator or secretary. Staff should also report any damage they observe or if they find the room not cleaned prior to their use to their program administrator.

PLAYGROUND

Playground areas are available to provide students opportunity for physical activity/recess. A major goal is to increase physical activity of our students. Therefore, teachers are encouraged to regularly schedule these opportunities for their assigned classrooms. During these recess times, staff should closely supervise students and engage them in age-appropriate physical activities. Although an aim for students might be to encourage independent play amongst students, staff should refrain from sitting and watching students from a distance. Remember physical proximity of an adult is an effective behavior management strategy.

The playground area has a rubber surface with various pieces of equipment. Please make sure that students use the equipment/playground areas appropriately and safely. For instance, students should not stand on top of the sandbox ledge nor jump off any playground equipment. Students on or near swings should be monitored to ensure that they are safe and if on swings not exerting a speed that could pose a risk to themselves or others. Students should not be allowed to hang on basketball rims either. Students should also not be allowed to climb the fences that border each of the playgrounds.

Staff are also asked to immediately report any damage to playground equipment or surface and any potential dangers in the playground areas to their administrators. This will lead to quicker repairs/resolutions to these problems so that we can maintain the playgrounds as safe options for our students.

During the winter months it is important to note that the playground surface cannot be shoveled. This may limit your accessibility during periods following snowstorms.

FITNESS ROOM/GYM

The fitness rooms at the Oakview and Lindeman Campuses and gym/gross motor rooms at Oakview Campus are other program locations available to provide opportunities for physical activity. The availability of the gym/gross motor rooms are regulated by schedules. Therefore, there may be limited open times available. When using these areas for either scheduled or open times, students should be involved in structured activities that are closely supervised. Staff should attempt to actively engage students in structured activities so as to ensure age-appropriate behavior management, physical fitness and safety. Staff should not use any specialized equipment (e.g., climbing wall) without seeking direction or prior approvals of the Physical Education Teacher or their administrator. Staff are also reminded of their responsibility to report to their administrator any damage to equipment or facilities while they are in these areas.

The Fitness Rooms have an assortment of equipment specifically designed for exercise. The use of such equipment should be well thought-out in terms of its appropriateness for your assigned student(s). The use of this equipment also necessitates that you have discussed its use for specific students with the school nurse to ensure that the student(s) involved are not subject to any special physical restrictions. Once this consent has been received, the staff should also seek the guidance of trained personnel (e.g., PE Teacher) to make sure that they know how to properly/safely operate the equipment. Staff should not allow students to exceed what are age-appropriate/physically appropriate distances/duration and speeds related to specific equipment. All damages to equipment should be reported to the PE Teacher and your administrator. Any injuries occurring while using the fitness equipment or in the gym/gross motor room should be immediately reported to the school nurse. Staff are reminded that an AED is located on the wall outside the nurse's office and the glass vestibule between

TDP Student Support Center and the fitness room at the Oakview Campus and by the secretary's desk at the Lindeman Campus and by the secretary's desk at Cambridge if needed for cardio vascular emergencies.

NOTE: The Fitness Rooms may be used by staff before or after staff hours. Staff should follow all prescribed instructions related to the use of specific equipment. Staff are personally responsible for any injury that occurs while utilizing the fitness equipment. Avoid using the equipment alone.

STAFF LOUNGE/DINING AREAS

Staff are encouraged to eat their lunch in designated staff dining areas. Those using this room are asked to please observe the following procedures. When any cooking is done, please wash utensils or equipment and return to storage areas. Do not leave utensils or dishes in the sink area. Refrigerators are provided for storage of foods and beverages. Label your food to avoid confusion with other staff. **Staff are asked to maintain the cleanliness of the refrigerators, as this is not a custodial responsibility. Staff should also wipe down the microwaves after each use.** Also, staff are requested not to store materials or personal belongings in the staff dining area. All waste should be disposed in the proper receptacles provided. Please make every effort to clean-up your eating area when done with lunch. **It is everyone's responsibility to keep the staff lounge/dining areas clean.**

POSTING OF GENERAL MATERIALS

Posting of materials anyplace other than on bulletin boards must be avoided. Sheetrock walls deteriorate rapidly if either tape or push-pins are used on them. Consequently, general posting of materials throughout the building must be prohibited.

BORROWING MATERIALS

If you should need to borrow any materials from another classroom or office area, please make sure that you do so with consent from the staff member in that room. In fairness to others, please make every effort to return borrowed materials as quickly as possible. Additionally, each program has designated areas where it centrally stores resources for student instruction (e.g., supply closets, library shelves, etc.). Removing items from these areas may require completing a sign out sheet.

BROKEN, STOLEN ITEMS OR DAMAGED PROPERTY

If anything from your room is broken or missing, please report it immediately to the program administrator. Staff should take every precaution to ensure the proper maintenance of the materials in their room and, when possible, to minimize students' destruction of school property. When agency property or furnishings are damaged, staff should immediately inform their administrator or program secretary so that arrangements can be made for repair. Frequently such damages may lead to an unsafe learning environment so staff should be vigilant in making sure that an administrator is aware of any damage.

PROGRAM RESOURCE MATERIAL

Program resource materials are available in various designated areas in each program site. These materials are for program use only. Under no circumstances should these materials be removed from the school building without prior approval. In the best interest of developing their resource areas, these materials should be returned to their designated location and should be properly cared for when borrowed/used. Staff should not retain borrowed material for more than 1 week nor permanently store these materials in classrooms.

PROCEDURE REGARDING FIELD TRIPS/COMMUNITY INSTRUCTION

As part of our ongoing effort to integrate children with disabilities into the community and to promote broader generalization of skills and behavior, staff members are encouraged to involve students in appropriate educational field trips. Field trips are special in nature (i.e., scheduled for one day only) while community instruction is scheduled to take place on a regular basis as part of a student's planned instructional program. In any case, it is essential that the appropriate request forms be submitted to your administrator 5 days prior to

the date of any proposed community-based instructional activities/field trips. All trips must be approved by your administrator. Written parental permission is required of all participating students and transportation arrangements must be made through your administrator. Generally, the farther in advance your trip is planned, the more likely it is to be approved. Field trip request forms, community instruction forms and parental permission slips may be obtained from the secretary.

General Guidelines:

- A. The Permission to Participate in Community Experience Program form must be signed and returned by all students in order to verify parental permission (verbal permission is not sufficient for insurance purposes).
- B. Excessive cost to parents should be avoided and under no circumstances should a child remain behind because of cost.
- C. Make sure you have written approval from the administrator before notifying the parents and requesting their permission.
- D. Adequate supervision must be provided for all field trips and community instruction. In some instances, you may wish to involve one or more of the parents.
- E. All transportation of students must be done in vehicles provided by CES. The program administrator will make the arrangements for field trip and community instruction transportation. When CES staff are involved in driving CES vehicles, they must have a public service license with appropriate endorsements and follow all agency procedures related to operating a CES vehicle.
- F. The requesting teacher must make arrangements for the supervision of those students not participating in a particular field trip or community instructional trip and see to it that they are involved in educational activities at the program site. It is imperative that staff not prohibit students from participating solely because their involvement might be complex or an inconvenience. Valid behavioral and/or medical reasons shall be considered in terms of both student's safety and safety of others. Whenever possible reasonable accommodations should be made to allow students to participate in such activities.
- G. Field trips and community instruction trips should be scheduled to begin and end well within the school day. In planning field trips, staff should select the nearest possible locations to the base site so as to minimize travel time (e.g., arrange trip to grocery store closest to agency vs. 20 miles away).
- H. Whenever possible, field trips and community instruction trips should be scheduled to allow for administration of medication at the program site. When such scheduling is not possible, teachers should consult with the program administrator and subsequently the school nurse to ensure that appropriate training in administration of medication can be scheduled well in advance of the field trip/community instructional activity.
- I. Completed permission forms should be turned over to the administrator and will remain in the student's confidential file.

The following procedures are to be followed with regard to specific planning of educational field trips:

Educational Field Trip (one day only)

1. Fill out the Educational Field Trip Request Form and submit it to your administrator as far in advance of the proposed activity as possible.
2. If a scheduled field trip is beyond the scope of the community experience program form, the PERMISSION TO ENGAGE IN A SUPPLEMENTAL EDUCATIONAL ACTIVITY FORM must be sent to the parents of all participating students. This form should also explain to parents the nature and educational purpose of the field trip, costs and any changes in normal transportation arrangements, if any.

3. Although some field trips are planned as reinforcement activities, whenever possible staff should tie these activities to appropriate student instructional goals/objectives. Choose the closest locations for activities to maximize instructional time.

Educational Field Trip (after school hours)

The procedures to be followed for arranging an after-school hours field trip are the same as those listed above. However, please be advised that such field trips and required transportation are much more difficult to arrange during times when school is not in session. Since activities are CES sponsored and might involve a group of students, the CES staff member(s) requesting such consideration should discuss well in advance (at least 4 weeks prior to the event). Cost and complexity of rearranging transportation must be considered in making such arrangements. In addition, the student's district must be called in advance with these alternate transportation arrangements.

Community Instruction Trip

1. Community Instruction refers to regularly scheduled instruction that takes place in community environments and is designed for specific students to teach specific objectives.
2. Fill out Community Experiences and Community Based Instruction form and submit to program administrator as far in advance as possible.
3. Appropriate student instructional goals/objectives should be available to support the stated educational purpose of the community instruction trip.

USE OF PERSONAL VEHICLES TO TRANSPORT STUDENTS

Consistent with agency policy, CES employees are forbidden to utilize their own vehicles for the purposes of transporting students. This prohibition applies to both school activities and school-related activities.

DRIVING CES TRANSPORTATION VEHICLES/PUBLIC SERVICE LICENSE

In order to drive a CES vehicle, a staff member must obtain and maintain an additional endorsement to their CT driver's license. The Public Passenger endorsement required is the "V" endorsement. Prior to applying for the "V" endorsement, and each year after that, the staff member must attend a driver safety training course. That course will be offered periodically during the school year at CES.

Some staff, due to the nature of student IEPs for their assigned classrooms, may be asked to obtain a Public Service License in order to facilitate more regular community-based instructional/educational field trips. In such instances, the agency will pay for some associated costs related to obtaining/maintaining their license (e.g., cost of license, cost of drug testing). Staff will require updated physical examinations to obtain/renew their license and where possible will be encouraged to use their agency health insurance coverage. The agency has made arrangements with First Aid Immediate Medical Center for these physical so staff should use only this facility when the agency is paying for such physicals.

In using CES vehicles, all procedures of the CES Transportation Department should be followed. Staff should consult with the CES Transportation Manager or their Program Administrator if they have questions about vehicle procedures. Any vehicle damage should be immediately reported to the Transportation Manager and Program Administrator.

Consistent with state legislative requirements, those staff with Public Service Licenses will periodically be involved in random drug testing. Staff notified that they have been selected for such testing must follow the prescribed requirements. Test results will be provided to both the staff member and agency. **Results that indicate use of illicit drugs will be grounds for disciplinary action including termination.**

CONTACT WITH STUDENTS AFTER PROGRAM HOURS

Staff are prohibited from working privately with any currently enrolled CES student. Staff are prohibited from having contact with students after program hours without the consent of the parent and knowledge of their Program Administrator. Any contact by students after program hours should be reported to their Program Administrator. **Staff should never provide personal contact information to students (e.g., cell phone numbers, personal e-mail addresses, home addresses or social networking sites like Facebook).**

USE OF VIDEO FOR INSTRUCTION/REINFORCEMENT

CES permits the use of videos when they can support or enhance instruction or can serve as a means of reinforcement/recreation for students attending CES programs. For instructional purposes their use must either directly support particular instructional learning objectives or enhance an area of curriculum goals. For reinforcement/recreation purposes their use must clearly meet a desired student/classroom behavioral objective and satisfy acceptable viewing standards established for youth audiences. The selection criteria for choosing videos for either instructional or reinforcement/recreation purposes should include quality of the overall presentation and its individual parts; fair and accurate representation of the facts; appropriateness regarding content in relation to the age and development level of the students; and the overall suitability/appropriateness for a school setting.

Videos used for either instruction or reinforcement/recreation should be carefully previewed and evaluated for content and program appropriateness prior to classroom or program use/viewing. This advanced planning and preparation will allow staff (e.g., teachers) to establish appropriate learning objectives, develop educationally sound follow-up activities and/or establish the reinforcement/recreation value and rationale for the time spent viewing the particular video recording. It is imperative that staff be sensitive to the variability among parental attitudes, values and receptivity toward videos of all types. They should also carefully check the content/ratings of such videos to ensure an appropriate correlation to the age/maturity level of the viewing students. Reviews should take into consideration sexual language, behavior or innuendo; violence, criminal behavior, religious themes, promotion of bias of any type, drug use, horror or frightening themes and other more mature themes. Videos should be legally acquired and as reflected in administrative procedures be approved for use in the classroom/program. Parents will be annually notified about this policy and procedures. Parent consent will be obtained for PG and PG 13 videos when warranted and for all R rated videos used for instructional purposes.

Staff should review the full CES Policy/Procedures for the Use of Video for Instructional/Reinforcement and become familiar with their procedures.

FIRE DRILL PROCEDURES

Fire drills will be scheduled in accordance with state requirements. They will be held regularly and can include announced and unannounced drills. In case of a fire (fire drill), the teacher should take primary responsibility for directing children to appropriate exits. Appropriate exits for each classroom are posted near the classroom door. Teachers should direct students to the designated report center for their classroom. The other staff members in the room should make sure that all doors are closed and that all electrical appliances are shut off. These staff members should then assist the teacher in evacuating the children. If you are alone in the classroom at the time of the alarm, your primary responsibility is to make sure that all of the children are safely evacuated. If possible, try to shut off appliances and close doors.

Every effort to move children out of the building as swiftly and safely as possible should be taken. Unless so designated for drill procedures, teachers should not take time to obtain coats or other outer garments.

Once children are safely in their designated areas, the teacher should count students and immediately report any missing children to their administrator.

Report Centers - Represents the designated area where staff/students should gather outside of school building. The program administrators will report to these designated gathering centers to receive a student count.

Temporary Shelter - In case of actual fire during inclement weather, every effort will be made to locate shelter sites (i.e., neighboring houses, office buildings, staff cars, or CES Lindeman location). A determination of need for such sites will be made by the administrator and staff will be instructed on appropriate procedures for leading students to these areas.

Return Signal - Students and staff will remain in designated areas until the return signal has been given.

Area of Rescue Assistance – There are two Areas of Rescue Assistance located on the second floor of the Oakview Campus. Please become aware of their location. These areas should be used when an individual can not be safely evacuated from the building. In the case of an actual fire remain in this area until the fire department arrives. An emergency telephone line is also available in these areas to alert the fire department that an individual is in the Area of Rescue Assistance.

Fire drill procedures should be prominently displayed in the classroom at all times. Staff members should make sure that all substitute teachers are aware of these procedures.

EMERGENCY PROCEDURES

CES has a School Safety Plan that covers various forms of response. Staff should be familiar with this plan including the various warning signals and the procedures for these major forms of response (e.g., secure facility/lockdown, evacuation and shelter in place), that will be used to respond to specific types of emergency situations. Although there can be no textbook responses to various emergency situations, all staff must be aware of recommended procedures and use their best judgment in dealing with each possible emergency.

Consistent with state regulations practice crisis/emergency drills will be scheduled periodically during the year (state law requires that every third monthly drill be a crisis/emergency drill). All staff must participate in these drills and follow designated procedures. Failure to do so may result in disciplinary action.

BUS PROCEDURES

In the interest of safety for students, procedures for loading and unloading buses have been developed. In order for this system to work efficiently, it is important that all staff are at their assigned stations at 8:30 A.M. for unloading and 2:30 P.M. for loading (8:20 AM and 2:20 PM for the Lindeman Campus and 8:15-2:15 for Cambridge). Staff should head toward their assigned stations in a timely manner so that buses can be safely and promptly loaded and unloaded.

It is important that we meet our students at their transportation vehicles and monitor their entry into the building and into their classrooms. Younger or more disabled students, in particular, will require closer supervision throughout this entire process.

If a student is having difficulty on the bus, it may be necessary to take them off the bus prior to 8:30. This will be done when it is decided that in the student's best interest to remove them from the bus. The instructional team for that student will be called upon to assist in resolving the problem for that student.

Regarding dismissal, it is necessary that students are either escorted to or are supervised getting on their vehicles so that we can be certain as to whether or not a student has boarded the vehicle. As a precaution, staff members are advised to check the vehicle to be sure that the driver of the vehicle is in the vehicle when the student boards. This is due to the fact that drivers sometimes leave their vehicles when their vehicle is in the line to receive students.

Furthermore, students should only be loaded onto vehicles in the rear of the building after the vehicle has reached the side of the building and where the sidewalk begins. Do not allow students to walk to their vehicles until the vehicle has reached this point in the line.

Buses should be loaded and unloaded in designated areas only. Please wait for each bus to reach the designated area before loading or unloading children. As the curb area is cleared, the next bus in line will move up.

1. Staff should head to designated bus areas by 8:25 (8:15 for the Lindeman Campus) in order to begin unloading buses promptly at 8:30 AM (8:20 AM for the Lindeman Campus).
2. Make sure that students are taken or directed to their classrooms or waiting area immediately after arrival so as to avoid undue congestion in the hallway/sidewalk. Staff supervision should be available in your classroom to ensure student safety.
3. Schedule the end of your school day so that you can have your students ready to board buses at dismissal time.
4. Begin loading buses promptly at 2:30 PM (2:20 PM for the Lindeman Campus & 2:15 for Cambridge).
5. It is necessary that students are supervised getting on their vehicles so that they can be certain as to whether or not the student has boarded the vehicle.
6. Staff members as a precaution should make sure that the driver of the vehicle is in the vehicle when the student boards.

Staff should also refrain from using their walkie-talkie during dismissal except as it relates to dismissing students. This will help avoid the difficulty for the bus duty staff who are trying to get students safely on the buses and to have to wait for others as they make their plans for meetings, etc. before they can call for missing students. Please respect this request except for emergency needs.

Once a student boards the bus, and only at that time, does he or she become the responsibility of the school district. Program responsibility shall end when the student boards the bus at the close of the school day. Until such time, staff are responsible for the health and safety of the students.

Staff are reminded that they should abide by regulations concerning confidentiality AT ALL TIMES. This includes their relationships to the bus drivers who transport children to and from special education programs.

1. No bus driver is permitted to enter classrooms during program hours without the program administrator's approval. If the bus driver does enter the classroom, he should be directed to the office for appropriate consent.
2. Staff members should convey no confidential information to bus drivers about students or their family members. Information shared should only be pertinent to the student's behavior as it might relate to the child's conduct on the bus ride to and from school.
3. If a bus driver requests advice on how to manage a student on the bus, you should seek the advice of your program administrator prior to providing specific suggestions. Although every effort should be made to assist the bus driver who is experiencing difficulties with student management, program staff are required to follow the same procedures as outlined in the behavior management guidelines.
4. Any report of a student accident or behavioral incident occurring on the school bus which is conveyed to a staff member, should be documented on the appropriate program form. The accident or incident should be immediately reported to your administrator who will determine and direct staff as to the appropriate follow up (e.g., contacting parents).
5. **Staff should not release students to individuals unknown to them unless they have received prior notification from the student's parent or administrator. When possible, these notifications by parents for changes in routine transportation arrangements should occur in writing. When changes are requested by someone other than the parent the request should be verified. Discuss with your program administrator any changes requested to ensure their awareness. Any unauthorized departure from school grounds (e.g., student leaves school grounds in a private vehicle) should also be immediately brought to the attention of your program administrator.**

PURCHASING

If a teacher or related services staff member wishes to purchase instructional materials for their classroom, they must submit a written request containing a list of needed materials. The request should include the name of the company, the ordering address for the company, the price for each item, the quantity of items requested, the catalog item number and the page number of the catalog on which the item is described. Your administrator must approve all purchase orders as well as CES' Director of Finance and Operations. You will be informed of the final decision as to your request by your administrator.

PETTY CASH

Petty cash is used for emergency purposes only. The use of petty cash funds should have prior approval of your program administrator. No individual petty cash receipt should total more than \$50.

REQUESTING CUSTODIAL SERVICES

If anything in your classroom needs repair, or if you need custodial assistance you should notify your program administrator of the request. To assist the program administrator, write a brief note and a work order will be submitted. This will help to facilitate and ensure more immediate assistance. In cases of emergency situations that may require custodial assistance (i.e., broken windows, clogged toilet/sink) the program administrator should be verbally notified immediately. **To avoid confusion, please be sure to direct requests for custodial services to the program administrator and not to the custodian.**

TRAVEL

CES reimburses travel for pre-approved CES business, such as home visits, PPT's and attending conferences. Travel reimbursement must be submitted on the approved CES travel expense voucher and authorized by the unit director and/or immediate supervisor for reimbursement.

Staff will be reimbursed at the approved travel reimbursement rate determined by the CES Representative Council for authorized travel. Tolls and parking fees are reimbursable only with receipts. Travel for less than one (1) mile is not a reimbursable expense.

Vouchers must be submitted at the end of each month to the program administrator. Vouchers of less than \$25.00 may be reimbursed through petty cash. Those exceeding this amount will be submitted to Administrative Services by your administrator by the 10th of the month following the month for which reimbursement is requested. Reimbursement requests for travel other than the immediate preceding month will not be accepted. C.E.S will not reimburse or pay any motor vehicle fines incurred with either CES personal or rented vehicles.

FACILITY GUIDELINES

The Lindeman, Oakview and Cambridge campuses are mixed-use buildings which means that they house a variety of programs and enterprises under one roof. As a result, we have to be sure that the uses of the various areas are defined and regulated to prevent interference between and among the various functions. In general, the operation of the building and the flow of traffic has been designed to promote a positive atmosphere for student learning and professional development for adult learners and visitors. Consequently, it is important that adult visitors and students respect the need for a highly professional milieu that is free of unnecessary distractions and excessive noise. Each of the educational areas is self-contained for serving students and therefore students should be in the conference areas of the Oakview campus only when they are performing supervised functions which are part of their programming (i.e., collection activities, food preparation).

Each program will have its own entry to the building and the transportation drop-off and pick-up system will be designed around those points of entry. No other entry areas are to be used in the acceptance or dismissal of students.

FACILITY SECURITY

The building doors for the Lindeman, Oakview and Cambridge campuses are operated by an electronic security system. The system is designed to activate an alarm if the doors are left open or are propped open. **Please do not prop the doors open or keep a door open for more than 2 1/2 minutes. This will activate the alarm.**

During the school day, entry to the Oakview Campus is restricted to the main door, the side door and rear door (see map). All other entrances for the Oakview Campus will be locked. Staff working at the Lindeman Campus can access the building through the side entrance. Staff working at Cambridge Campus will enter through the side door.

NOTE: For the Oakview Campus, you can access the main, side and rear doors from 7:00 AM to 6:00 PM using your ID badge and for Lindeman Campus and Cambridge Campus access is from 7:00 AM to 6:00 PM.

The CES Representative Council has authorized the use of electronic surveillance systems on school property. The system will be used to monitor student behavior in order to promote and maintain a safe environment for all students. Students and parents are hereby notified that the content of the surveillance system may be used in a student disciplinary proceeding. Surveillance content will be routinely erased on a periodic basis or be retained if necessary for use in a student disciplinary proceeding or other matter as determined necessary by the administration. Parents may request to view surveillance contents used in a disciplinary proceeding involving their child.

BUILDING HOURS

The Oakview, Lindeman and Cambridge Campuses will be open for staff between the hours of 7:00 AM and 6:00 PM. Unless there are special arrangements made in advance all staff will be expected to be out of the building by the time stipulated. Special provisions must be made for any use of the building outside of the normal Monday through Friday time period and the hours designated above. The building is never accessible on holidays observed by the agency or inclement weather days when the offices are closed.

PARKING

Regular staff working at the Oakview Campus will continue to park in their assigned spots. Staff are required to display their parking tag at all times while on the premises. Staff who do not have an assigned spot will park in the lower lot in spaces 126-150 only. Lindeman and Cambridge Campuses parking will be in the assigned areas designated for this facility. It is important for staff to abide by assigned areas since some parking areas are reserved for other programs, visitors or other agency functions at all locations. Spaces in the front of Oakview and Lindeman buildings are reserved for visitors and designated staff.

CES is not responsible for any damage, vandalism or theft that may occur to your vehicle while parking at CES. However, you should report such instances immediately to your program administrator.

ID BADGES

Staff members will receive an ID badge which opens the exterior doors at various locations. During the school day, entry to the Oakview Campus is restricted to the main door, the side door and rear door (see map). This badge is assigned to each employee who is responsible for the badge. Your badge should be visibly worn at all times during the work day and should not be loaned to anyone. Please make sure you have the badge with you during outdoor school activities so that you can re-enter the building. You are required to turn in your ID badge at the end of the year or upon termination of employment with CES.

Should you lose this ID badge, report the loss immediately to your administrator who in turn will notify the Administrative Services office. Each badge has its own code built into it and consequently codes for lost badges will be removed from the system for security reasons. There will be a charge of \$20 to have a new badge issued.

VISITORS

All visitors must sign in at the front foyer/receptionist area of the building. A list of visitors should be provided to the receptionist daily. They will be asked to wear a visitor's badge. Any individual spotted in the hallway not wearing a visitor badge should be reported to your administrator. If feasible, keep these individual's in your eye sight so that their location can be reported to your administrator. Do not allow visitors to enter the building from any of the program entrances. They should be directed to the front entrance to sign in and receive a visitor badge. If a visitor has some how managed to enter the building from a program entrance, accompany them to the front foyer/receptionist area.

Remember that it is essential that staff are aware of visitors being in the building and of protecting the confidentiality of students. Please confine your discussions with visitors to classroom activities, curriculum and instruction methods. Do not discuss confidential issues regarding individual students unless prior permission from parents has been obtained.

If you desire to have a family member or friend visit your assigned program, the prior permission of your administrator will be required. Such visits will be asked to sign the visitor log, wear a visitor's badge and sign appropriate confidentiality forms if they will have access to student information by virtue of spending appreciable time in a specific classroom area.

No visitor will be allowed to take photographs or video students unless the proper parent consent forms have been signed.

TELEPHONE ACCESS

Telephones are intended to be used for program business only. Each program has phones which have been designated to be used by staff to contact parents and other professionals working with your student. Please avoid using the phones in the program offices. Staff needing to make calls for emergency or unusual situations, should charge the call to their credit card or home phone.

If a staff member receives a phone call during program hours, a message will be taken and put in the staff member's mailbox. With the exception of an emergency situation or when staff are on morning or lunch breaks, staff members should not leave their classroom to accept or make calls. Staff may make personal calls during program hours in cases of emergency. Please call collect or use a calling card.

TELECOMMUNICATION DEVICES FOR THE DEAF (TDD)

There is a TDD phone available in the receptionist area for any staff, student, parent or visitor use. Anyone needing training should contact the Director of Special Education.

PERSONAL COMMUNICATION DEVICES

Personal communication devices should be kept off during program hours. Staff are asked to restrict use of their personal communication devices to breaks/lunch. They should not make or receive personal calls or messages in classroom/instructional areas during program hours. In certain situations, staff may seek the permission of their program administrator to keep their personal communication devices on during program hours.

PHOTOCOPY MACHINE/PRINTERS

Program photocopy machines and printers are not intended for personal use and should be utilized for program purposes only.

PERSONAL COMPUTERS/TECHNOLOGY ACCESS/SOCIAL NETWORKING

Personal Computers (PCs) and other devices that are available in each program site or assigned to staff are intended for program business or instruction only.

CES programs also have access to the Internet to gather information, learn concepts and research subjects. Some staff will also have access to e-mail and may be assigned an e-mail account. With these resources comes responsibility. It is extremely important that you follow the rules and ethics that cover computer use and computer networks. See Appendix section for various agency guidelines related to Internet, e-mail, Social Networking and website use. **Electronic mail should not be utilized to share confidential student information since e-mail messages are not entirely secure.**

Consistent with agency policy, staff using the agency network are not permitted to view, send or display offensive messages or pictures or to use obscene or defamatory language. Staff are also prohibited from sending or intentionally receiving defamatory, harassing or obscene mail or discriminatory remarks on the network. Staff should also not knowingly violate copyright laws, share their password or use another's password or knowingly trespass into another's folder, work or files. Staff are also not permitted to use CES computers, devices or agency access to the network for personal or commercial purposes. This includes not making personal on-line purchases on CES computers/devices. Staff are also not permitted to install any personal software on agency computers/devices.

Staff are also reminded that they should have no expectations of privacy when using CES equipment/technology services and that administration reserves the right to bypass any or all individual or group passwords to determine the activity on any or all computers, computer devices, software and/or other electronic resources as well as network access privileges. You are also cautioned of the importance of using professional discretion in your personal use of websites and social networking sites such as My Space, Twitter, YouTube and Facebook (See Social Networking Guidelines in Appendix). You should never access personal social sites from agency computers or facilities, nor should staff provide students access to their personal e-mail/website addresses or social media/networking sites for any reason. For example, it is not appropriate for staff to "friend" a student or otherwise establish special relationships with selected students or parents/guardians and it is not appropriate to give students in general access to personal postings unrelated to school. Always maintain appropriate professional boundaries with respect to these forms of communications.

It is also important for staff to realize their professional responsibilities as education personnel in what they write or present on social media/networking sites. You may subject yourself to potential legal actions by a parent/student, fellow employees or other individuals that view your social media/networking postings as defamatory, pornographic, proprietary, harassing, libelous or creating a hostile work environment. Since such activities are outside the scope of your employment you may be personally liable for such claims.

It is also imperative for staff to comply with policies concerning confidentiality in their postings on social media/networking sites. For instance, never post names of students or pictures of students or school related activities on personal sites. If you are unsure about the confidential nature of information you are considering posting, consult with your program administrator/immediate supervisor.

Do not link to the agency website or post agency material on your social/media/networking site without permission of your program administrator/immediate supervisor. All agency policies that regulate off-duty conduct apply to social/media/networking activities including but not limited to policies related to illegal harassment, code of conduct and protecting confidential information. Violations may lead to disciplinary action up to and including termination of employment.

All staff will be required to sign an Employee Acknowledgment Regarding Computer and Internet Use obligating them to adhere to agency policy/procedures.

DELAYED OPENING/SCHOOL CLOSING/EARLY DISMISSALS

Announcements of school cancellations or delayed opening will be made on radio stations WICC (60 AM) and WEBE (108 FM) and TV stations NBC30/WVIT, WFSH TV (Hartford/New Haven), WFSB 3 (Fairfield), Channel 3 Eyewitness News, WTNH Channel 8 and MYTV 9 as well as via our Blackboard Connect system as quickly as this decision is reached. You may also log on to ctweather.com. School cancellations will require that the school day be made up. This will occur either in June or if we experience numerous cancellations could occur during the scheduled recess period(s) as designated on the academic year calendar for your program. **When a delayed opening is announced, staff are expected to arrive as follows (90-minute delay by 9:30 AM; 2-hour delay by 10:00 AM).** Since buses are coming from many different towns, there is no way to predict when they will arrive. It is our intention to be able to remove students from buses as they arrive on days which have a delayed opening. Staff should continue to listen to the aforementioned radio stations in case a change is made from a delayed opening to school closing.

In the event of a delayed opening on scheduled early dismissal days (see Academic Calendar for these dates) students will be dismissed at their regular time (2:30 PM for the Oakview Campus and 2:20 PM for the Lindeman Campus and 2:15 PM for Cambridge) so as to maximize the benefits of the school day. This will be true of all early dismissal days except November 24, 2021 & December 23, 2021. If a delayed opening were to occur on this date student dismissal will remain at 12:30 PM for the Oakview Campus (12:20 PM for the Lindeman Campus & 12:15 for Cambridge).

Early dismissal due to inclement weather will be announced by your administrator when such a decision is reached. Your administrator will let you know when staff may leave based on the anticipated arrival times of school buses.

STUDENT NOTIFICATION SYSTEM (Blackboard Connect)

CES will periodically utilize a student notification system (Blackboard Connect) for the purpose of informing staff (and parents) about school emergency situations including inclement weather announcements. This type of system typically enables us to use various forms communication (e.g., phone, cell phone or e-mail) to alert you of important information. Although it does not fully replace other forms of communication for such announcements, it does offer us a means of alerting or reminding staff about emergency closings or other emergency circumstances. You will receive a memo about this system that will ask you to provide us with necessary contact information (e.g., one primary phone # and e-mail address). Please update us if this information should change during the year so that we can update the system. It does take time to make changes so please make us aware of changes as soon as possible.

TIMESHEETS/PAYROLL DISTRIBUTION

The administrator or program secretary is responsible for completing timesheets every other Friday. Consequently, non-exempt employees must complete and submit an individual timesheet on designated dates. Certified (exempt) personnel must inform the program secretary if there has been any change in your normal work schedule (i.e., personal day, leave without pay). All staff are required to enter their requested benefit time in the Employee Self-Serve (ESS) module.

Unless otherwise indicated, paychecks will be deposited in your designated account every other Friday during the course of the school year. Refer to Payroll Schedule (in Appendix). A copy of your paycheck is emailed to the email address you provided at the time of hire.

It is the intent of CES to ensure that staff receive their payroll checks on a timely basis. You are responsible for notifying the payroll office of any direct deposit changes in your account. You should do so in a timely manner.

STAFF MEETINGS

Staff meetings will be scheduled on a regular basis by your administrator(s). Please be prompt for these meetings so as to avoid delays in their completion. Staff should not schedule any activity in conflict with this meeting unless they have received prior approval from the program administrator. Any staff who has an item to be included in the meeting agenda should contact their administrator prior to the start of the meeting.

STAFF COOPERATION

Maximum cooperation among staff is essential to the smooth operation of the program. Our strength lies in an effective team approach, with each staff member providing his or her own input and expertise. Any conflicts which may arise among staff members must be aired and resolved as quickly as possible, in order to maintain a healthy and productive learning environment. The value and importance of working together cannot be overemphasized.

STAFF MEDICAL EMERGENCY FORMS

All staff should fill out a staff medical emergency form. A copy will be kept on file at the program and another will be kept on file at the Personnel Office. PLEASE BE SURE THAT YOU FILL IN ALL REQUIRED INFORMATION and that you update this form when there are significant changes. Make sure you list all known allergies, other health problems, and medications you are taking that would be important to know in case of a health emergency.

REQUESTING PERSONAL BUSINESS DAYS

Up to two (2) personal days are available to full-time staff to conduct necessary personal business that cannot be conducted outside of their normal working hours/school year (i.e., legal, religious, health/medical, other emergency obligations, etc.). These days are only intended for such purposes. They are a protection for unforeseen emergencies and if used frivolously may not be available when absolutely needed.

A full-time employee hired after January 1 of any given year shall be given one personal day for the remainder of the school year. Part-time staff will receive a pro-rated number of personal days in accordance with their annual contract percentage/date of hire.

As per Teacher Contract, teacher requests for personal days will be limited to whole or half-day increments. For all other 7.5-hour employees, requests for personal time will be considered in 90-minute (1.5 hour) units. For 7-hour employees, partial time off requests for personal time will be considered in 90-minute (1.5 hour) units and these employees if full-time/full-year will receive 15 hours yearly.

An employee desiring to take a personal day shall file a request at least 48 hours in advance of the designated day to their immediate administrator and then enter the request into the Employee Self-Serve. If for any reason you do not need to take the personal time as requested, you must go into the Employee Self-Serve to cancel as well as notify your program administrator. The request must be cancelled prior to the submission of payroll for that pay period. The request shall state the reasons for the personal day by general category. **A personal day shall not be used to extend vacation or holiday periods.** In order to safeguard the needs of the children, your administrator and Director of Special Education have responsibility to approve the request. Requests by multiple staff member for the same day will be approved only according to the availability of substitutes.

If there is an emergency situation and 48 hours prior notice is not possible, the staff member must indicate the nature of the emergency to their program administrator immediately upon return to work. Approval as a personal business day will be based on the nature of the emergency.

LEAVE WITHOUT PAY DAYS (LWOP)

CES school program personnel are considered to be academic employees and are scheduled to work 187 days in accordance with the approved school calendar for the year. It is expected that staff will be present for each contracted work day. **Staff should plan significant life events (i.e. vacations, honeymoons) to occur during scheduled school breaks indicated on the school calendar.** The consistent attendance of staff is critical to an effective program. The absence of a staff member for less than a major reason places an unfair burden upon colleagues and compromises student programs. Whereas CES administration may consider emergency situations/other unusual circumstances as reasons for Leave Without Pay (LWOP), this will not include unexpected vacation opportunities given as gifts or discounted travel plans that might require an extension of CES scheduled breaks/vacations or holidays. When a special circumstance occurs, approval of LWOP days will be at the discretion of the Executive Director.

Any absence from work by an employee when the absence is not permitted and/or recognized by a policy or contract provision is considered a Leave Without Pay (LWOP). In judging whether or not to grant a leave without pay, the administration will consider whether or not a prudent person could have planned the absence at some other time, whether or not the person is in control of setting the circumstances of the situation, and whether or not the situation is of such importance that it outweighs the factors of disruption to programming for children and the safe deployment of remaining staff. Where they have time and discretion, staff members are required to plan personal events in a manner which does not remove them from their service to children. Emergency situations that are significant will be judged on their individual merits.

In the event of an emergency Leave Without Pay requests should be filed as soon as the need is known and no plans should be finalized until approval is given. All requests for Leave Without Pay (LWOP) days must be submitted to the employee's immediate supervisor and also receive the approval of the Division Director and Executive Director. Approval of requests for Leave Without Pay days will be at the sole discretion of the agency administration who will determine if there is sufficient cause to grant such leave and whether the employee's workload can be appropriately covered. The Program Administrator will have the option to limit/deny LWOP days to ensure program continuity. When appropriate or possible, staff may be required to utilize other benefit days in lieu of LWOP.

Leave without pay will be granted for medical reasons to eligible recipients as provided by law (Family Medical Leave Act (FMLA)).

BEREAVEMENT LEAVE

In the event of death in the immediate family which includes parent, spouse, child, sibling, grandchild, grandparent or anyone other than immediate family with whom the employee resides, a staff member may take up to three (3) (part-time staff are eligible for prorated days based on their part-time annual contract percentage). If additional bereavement leave is required due to unusual circumstances, the Executive Director, upon application, may grant additional days either with or without pay.

In addition, one paid leave day per year is granted for employees to attend the funeral of any other person not included in the categories listed above.

JURY DUTY

Staff should immediately contact their administrator when notified to serve on jury duty. A time off request form must be completed with a copy of your jury duty summons attached. Any employee called to jury duty shall be paid the difference between the employee's regular wages he or she would have received that day and the fee received for serving as a juror. This differential pay should be paid for up to twenty (20) jury day served. An employee shall furnish CES with evidence of such compensation as well as attendance for day of jury duty

served. Employees released from jury duty before the end of their regular work day should report to CES to work the remainder of the day.

STAFF INJURY

All injuries incurred by any employee in the course and scope of their employment must be immediately reported to their administrator using the required First Report of Injury form (Worker's Comp Form). This form must be fully completed at the earliest possible opportunity after the injury but no later than 24 hours from time of injury.

In addition, when a student injures a staff member, the staff member should meet with their Program Administrator to discuss the incident in detail at the earliest opportunity, again taking into account the need for any medical care, but normally no later than 24 hours from the time of the incident and excepting only medical circumstances that prevent such meeting.

Further, in any situation in which a staff member believes that they have been the victim of an intentionally violent and hostile attack by a student in the course and scope of their employment, the staff member *must* include this information in the discussion with their Program Administrator and *must* be sure to include this information on the First Report of Injury form in the appropriate place. "Intentionally violent and hostile attack" means that the student has acted of their own volition, deliberately and with purpose to harm or injure, or has deliberately acted in such a way that the student knew or should have known that the likely outcome or result would be harm or injury. In such situations, the staff member also has the right to contact the police department to file charges.

Various other forms (e.g., Student Incident Reports) consistent with the type of injury received must also be completed by the employee and submitted to the Program Administrator, and in the event of possible exposure to blood borne diseases, completed by the employee and the school nurse. All appropriate forms for reporting injury are available from the Program Administrator or secretary. As noted, the First Report of Injury and completion of other forms must be done promptly, as Workers' Compensation reports must be completed and sent to the Associate Executive Director's Office within 24 hours of first knowing of the injury or as soon as possible after all necessary emergency medical care has been provided.

If non-emergency medical attention is required due to a work-related injury, staff must go to Hartford HealthCare Urgent Care Medical Group Trumbull (900 White Plains Rd., Trumbull). The Associate Executive Director's Office will provide a verification of employment to Hartford HealthCare Urgent Care Medical Group Trumbull.

If an injury has resulted in an employee's absence from work, the staff member must provide a doctor's note verifying their ability to return to work.

Any questions about Workers' Compensation can be answered by the Associate Executive Director's office.

DRUG-FREE WORK PLACE

The Representative Council of Cooperative Educational Services has approved Drug-Free Work place policy and procedures for both students and staff. These policies will be made available by your program administrator at the beginning of the school year and reviewed in detail. Illicit drugs and/or alcohol is prohibited on school premises, during any school activities, wherever they may be, and in any work place under the control of CES. Please refer to the Appendix D for more complete information regarding the procedures for enforcing the policy.

STAFF LUNCHES

All staff are provided with one-half hour for a duty-free lunch period. Staff are encouraged to take this time as assigned. It is requested that staff members do not leave the building during their lunch period. If an emergency arises and you must leave the building, please notify the program administrator to receive permission to do so. Be aware that your prompt return from lunch ensures that all staff will receive their full lunch period. A designated time will be assigned to each staff member and these times may not be changed

without prior approval of your administrator. If you are ordering take-out, please let the receptionist know. If possible, please bring money to front desk ahead of time.

SMOKING/VAPING

CES prohibits smoking/vaping in all areas under its control, including motor vehicles. No smoking/vaping is allowed in any building or on any property under CES control.

Employees will not smoke at any time in the presence of students while engaged in activities where participation has been sanctioned by or is under the jurisdiction of CES such as trips and other staff/student activities.

DRESS

All employees shall dress in attire which is appropriate to their responsibilities and which will best allow them to carry out their specific job duties. In recognition of the important role that members of the staff play in setting an example for the students, it is expected that staff will present a neat, clean and professional appearance at all times. Staff are encouraged to avoid wearing jewelry that can be easily damaged in their contacts with students or clothing/jewelry that could more easily lead to injury. **Staff should not wear apparel that references drugs, tobacco products or alcohol, or offensive words, phrases or sayings.** Given that staff may have hand to body contact with students during the course of the day they should also maintain their fingernails at an appropriate length for these types of instructional practices (e.g., hand over hand). Shirts and/or blouses which reveal the abdomen, chest, undergarments or excessively short skirts or shorts should not be worn.

POSTINGS: LEGAL

Various laws and regulations governing public agencies require posting certain legal notices, including notices of staffing vacancies.

In each of the staff dining areas there will be bulletin boards which will be used for legal postings. In addition, CESEA will be allowed to post materials in the same place.

If a staff member wishes to post non-agency materials on bulletin board, the prior permission should be secured from the appropriate administrator.

EVALUATION OF SPECIAL EDUCATION PERSONNEL

The Representative Council recognizes that the process of teaching children with special needs is an extremely complex one, and that the appraisal of this process is a difficult and technical function. Therefore, appraisal of teacher performance (certified personnel) will be conducted on an annual basis and will serve these purposes:

1. To raise the quality of instruction and education service to the children,
2. To raise the standards of the teaching profession as a whole,
3. To aid the individual staff member to grow professionally.

All licensed/non-certified personnel will receive summative evaluations at the end of the academic year. In addition, all newly hired non-certified personnel shall serve a probationary period of four (4) months. Probationary employees shall be evaluated prior to the end of their third month of their employment by their

immediate supervisor (i.e., unit director, program administrator). In completing summative and probationary evaluations, the program administrator may seek input from the classroom teacher related or related services personnel with whom the non-certified staff member works. This can be done via written or verbal input supplied by these certified or licensed personnel.

PROFESSIONAL DEVELOPMENT

PA 12-116 eliminated the requirement that certificate holders successfully complete 90 CEUs every 5 years as a condition of renewal. However, as of July 1, 2013, CES will make available a program of professional development not fewer than 18 hours per school year, most of which must be done in small groups or individually. Professional development is expected to be connected to areas of need determined as part of the CES Teacher Evaluation Plan.

TUITION REIMBURSEMENT PLAN

CES has a Tuition Reimbursement Plan for certified and non-certified personnel. Eligible employees include those who have had at least two years of continuous employment at CES, work 20 or more hours per week, have a two-year attendance rate of 95% or better and received a recommendation from their program administrator.

Eligible courses for tuition reimbursement must be from an accredited school and/or organization, must occur outside work hours and be designed to improve skills from one's current position at CES or be part of a planned program leading to an academic degree/professional certification related to a professional career at CES.

Reimbursement is limited to the cost of the course only and one course per semester. Reimbursement will be at a maximum of 70% of the total cost of the course but may not exceed \$750. CES reserves the right to reimburse at less than the maximum rate based on available funds and the amount of applications received for a given year.

Reimbursement will only be made if the employee successfully completes all course requirements, receives a grade of B or better or passing grade (if a course solely offers pass/fail grades). A non-certified staff member must continue as a CES employee through the completion of the course to remain eligible for reimbursement. Certified staff must continue as a CES employee through the end of the fiscal year in which the course is taken in order to remain eligible for actual reimbursement.

Staff seeking reimbursement must submit the agency application form (which is available in program offices and the human relations office) by designated dates for each application period. Fall semester application deadline: July 1st; Spring semester deadline: December 1st; Summer semester deadline: May 1st.

Applications will be reviewed and approved by the Executive Director and CES Leadership Team within 30 business days of the application deadline. Staff will receive a written notification of the decision.

CONFERENCE ATTENDANCE

Staff attendance at conferences/workshops on work days must be approved in advance (minimally 15 days prior to the event) by your administrator even if there are not registration fees involved. Staff should not register for conferences/workshops on work days without the administrator's prior approval (see Conference Reimbursement section).

REQUESTS FOR CONFERENCE REIMBURSEMENT

Requests for conference reimbursement should be submitted to your administrator on the appropriate form which is available in the office. This form contains space for indicating the name and location of the conference session and the itemized expenses for which the staff member is seeking reimbursement. In all cases, reimbursement is subject to the prior approval of the Director of Special Education.

Although staff are encouraged to request reimbursement for conferences/training sessions related to their job responsibilities, available funds are limited to those prescribed in each approved program budget. Reasonable conference/training session fees will generally be approved when funds are available. However, only when necessary will costs for accommodations or transportation be considered for reimbursement. Granting of conferences/training session requests is subject to the availability of substitutes.

Staff should not assume approval until appropriate reimbursement forms are returned to them reflecting approval. Consequently, staff are advised to submit written requests prior to making formal arrangements for conferences/training sessions to ensure that adequate reimbursement funds are available or that the request is deemed appropriate for reimbursement. It is recommended that staff submit such requests at least 15 days prior to the registration deadline to provide ample time for these considerations.

EMPLOYEE ASSISTANCE PROGRAM

An Employee Assistance Program (EAP) is available to CES employees and their family members. This program is made available through Family Services Woodfield, a human services agency with locations in both Bridgeport and Monroe. This benefit is a voluntary program that can help employees and their family members obtain professional support in dealing with personal, emotional, family or health problems. Employees are encouraged to seek help through the EAP when they are having problems which they are unable to resolve on their own. While these can be work related, problems of a personal nature can also be addressed via EAP. Staff may make self-referrals by calling (800) 593-0381 or administrators/supervisors may also suggest use of EAP. However, use of EAP is always a personal decision.

Staff will be given an appointment within 48 hours of their call to EAP. Individuals may use the service at no charge for up to three visits per year. Additional visits, if agreed to by the client and counselor, will be billed to the staff member and/or appropriate insurance company. For more information look for EAP brochures in the main office of your program.

SEXUAL HARASSMENT

It is the policy of CES to provide a businesslike work environment free from all forms of employee discrimination, including incidents of sexual harassment. When an employee feels they are being subjected to sexual harassment, the affected employee should immediately report the occurrence by filing a written statement of complaint with the CES Title IX Compliance Coordinator (Christopher LaBelle, Associate Executive Director, C.E.S., 40 Lindeman Drive, Trumbull, CT 06611 – phone (203) 365-8828). For further details regarding Sexual Harassment, please refer to CES Personnel Policies and Procedures Manual. **Staff should also review the CES Policy/Administrative Regulations concerning Student Sexual Harassment and become familiar with procedures related to student and/or parent complaints concerning sexual harassment. (See Appendix E for copy of Annual Notice regarding Sexual Harassment). It provides important contact information for making a complaint.**

STUDENT BULLYING (Safe School Climate)

Consistent with new State Legislative Bullying requirements, each school district must develop a safe school climate plan by January 1, 2012. This plan will be developed over the initial months of this school year. Once developed the district plan will be annually included in this guide. Annual training for all staff which includes information addressing the prevention and identification of, and response to bullying will also be required. CES has also designated as of July 1, 2012 a Safe School Climate Specialist who will investigate or supervise the investigation of reported acts of bullying in accordance with the district's safe school climate plan. CES has also assembled a committee that is responsible for developing and fostering a safe school climate and addressing issues related to bullying in our programs (see Appendix P for CES policy statement and reporting forms).

CES encourages all staff to help promote a safe and secure school climate, conducive to learning and teaching, and free from threat, harassment and any type of bullying behavior. Bullying is defined as the **repeated use**

by one or more students of a written, verbal, or electronic communication, such as cyberbullying, or a physical act or gesture directed at another student in the same school district that: (A) Causes **physical or emotional harm** to the student or damage to the student's property, (B) places the student in **reasonable fear of harm** to himself or herself, or of damage to his or her property, (C) creates a **hostile environment** at school for such student (a hostile environment is a situation in which bullying among students is sufficiently severe or pervasive as to alter the conditions of the school climate), (D) infringes on the **rights** of the student at school, or (E) **substantially disrupts the education process or the orderly operation** of a school.

The expansive definition of "bullying" includes, but is not limited to, written, verbal, or electronic communications, or physical acts or gestures that are based on any actual or perceived differentiating characteristics, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, socioeconomic status, academic status, physical appearance, or mental, physical, developmental or sensory disability, or by association with an individual or group who has or is perceived to have one or more of such characteristics.

Bullying also includes **cyberbullying**, which is defined as any act of bullying through the use of the Internet, interactive and digital technologies, cellular mobile telephone or other mobile electronic devices, or any electronic communications.

Students and/or their parents/guardians are encouraged to communicate concerns that may constitute bullying by filing written reports of conduct that they consider to be bullying. When such reports are made to staff, they should be promptly forwarded to their administrator or their designee for review and action. Students may make informal complaints of conduct that they consider to be bullying by verbal reports to staff. Students who make informal complaints may request anonymity. Such informal reports should be shared immediately with the administrator or their designee for review and action.

To this end, all staff who witness acts of threatening behavior, harassment or bullying or receive student or parent reports of this kind should orally notify their administrator or their designee no later than 1 school day of witnessing bullying or receiving a report. School employees must file a written report using an Incident Report Form no later than 2 school days after making their oral report. It is important for us to keep track of all acts that could be considered bullying and seek advice when you are uncertain if the act constitutes bullying.

Teachers should develop specific class rules against bullying and have ongoing dialogue with students about the impact of bullying behaviors on others (e.g., their classmates and other students attending CES programs). All staff are also asked to regularly foster/promote a classroom/school environment free from threat, harassment and any type of bullying behavior. This can be done by both consistently addressing bullying and applying positive behavioral supports and immediate interventions when bullying is observed. Staff are also encouraged to create a positive school atmosphere by promoting the concept that caring for others is a valued quality and that includes pro-social and helpful behavior by students. Teachers are also encouraged to utilize a curriculum that promotes positive communication, friendship, assertive skills and character education. Staff should avoid sex-role stereotyping and other references about students that might lead to bullying. Encourage student collaboration and a supportive atmosphere at all times.

Staff should review the CES Policy/Administrative Regulations Concerning Bullying Behavior/Safe School Climate Plan on the CES website and become familiar with these procedures.

PLEDGE OF ALLEGIANCE

Connecticut Law (PA 02-119) requires that each school make available a time each day for students to recite the "Pledge of Allegiance". Consistent with this law, each CES program will designate a daily time for this activity. The law does not require any person to recite the "Pledge of Allegiance". Therefore, staff should respect the wishes of any student who does not wish to recite the "Pledge of Allegiance" during this designated time. Please alert your administrator if any parent contacts you about this new requirement and/or wishes to exclude their son/daughter from this activity.

AMERICANS WITH DISABILITIES ACT/SECTION 504

In compliance with the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973, Cooperative Educational Services recognizes its responsibility to avoid discrimination in policies and practices regarding its personnel, students, parents and members of the public who have disabilities. No discrimination against any person with a disability will knowingly be permitted in any program and practices of CES. CES does not discriminate on the basis of disability in admission to its programs, services or activities, in access to them, in treatment of individuals with disabilities or in any aspect of their operations. CES also does not discriminate on the basis of disability in its hiring or employment practices.

This notice is provided as required by Title II of the ADA of 1990 and Section 504 of the Rehabilitation Act of 1973. If you have any questions, complaints or concerns about admission criteria, building accessibility or require special accommodations regarding school-related activities or require additional information please contact CES Section 504/ADA Compliance Coordinator (Christopher La Belle, Associate Executive Director, 203-365-8828).

NON-DISCRIMINATION

CES is committed to preserving a positive and productive learning/work environment free of all forms of student/staff discrimination. Consistent with various federal and state anti-discrimination laws no person shall be excluded from participation in, denied the benefits of, or otherwise discriminated against under any CES program or activities because of race, color, religion, sex, age, national origin, ancestry, marital status, sexual orientation, mental retardation, mental or physical disability, including, but not limited to blindness. CES has designated individuals to serve as Compliance Coordinators for specific areas of discrimination (see listing below). Although CES' formal discrimination grievance procedures encourage complaints, concerns or issues be resolved at the lowest possible level, individuals have the right to process such complaints directly with the designated Compliance Coordinator or may file a complaint with the Connecticut Commission of Human Rights and Opportunities, 21 Grand Street, Hartford, CT 06106, telephone number (860) 566-7710 or (800) 477-5737 or <http://www.state.ct.us/chro/>. Connecticut law requires that a formal written complaint be filed with the Commission within 180 days of the date when the alleged discrimination occurred. Furthermore, you may also file a complaint with the U.S. Department of Education, 33 Arch Street, Suite 900, Boston, MA 02110-1491, phone (617) 289-0111, TDD (877) 521-2172, Fax (617) 289-0150, or e-mail OCR.Boston@ed.gov.

Listed below are the names of the CES Compliance Coordinators, their CES mailing address and work telephone number. Formal written complaints should be submitted to them for the area of discrimination as designated. Complaint forms are available from the CES Human Resources Office, CES administrators or school/program offices.

CES Compliance Coordinators

Title VI Coordinator (Race, Color, National Origin)

Name: Lori Elliott

Title: Director of Professional Development

Services

Mailing Address: CES, 40 Lindeman Drive, Trumbull, CT 06611

Telephone Number: (203) 365-8850

Title IX Coordinator (Sex Equity/Sexual Harassment)

Name: Christopher LaBelle

Title: Associate Executive Director

Mailing Address: CES, 40 Lindeman Drive, Trumbull, CT 06611

Telephone Number: (203) 365-8828

TDD Number: (203) 365-8813

ADA/Section 504 Coordinator (Disability)

Name: Christopher LaBelle

Title: Associate Executive Director

Mailing Address: CES, 40 Lindeman Drive, Trumbull, CT 06611

Telephone Number: (203) 365-8828

TDD Number: (203) 365-8813

See Appendix F for copy of CES Non-Discrimination Annual Notice

POLICY MANUALS

A copy of the CES policy manual is available in each program office and on the CES website and contains more specific information related to agency-wide policies/procedures. Staff are encouraged to review/reference this manual. Copies of student policies/procedures are made available to each classroom/office area and staff should annually review/read this information to become familiar with procedures related to student-based policies. As required, program specific or division-wide training will be provided related to these policies/procedures. However, it is every staff members' professional obligation to be familiar with these documents and to follow prescribed procedures at all times.

APPENDIX D

DRUG-FREE WORKPLACE

3.004. Substance Abuse Prevention/Drug Testing Policy

General Policy Statement

Employees are C.E.S.' most valuable resource and for that reason, their health and safety is of paramount concern. Whenever possible, C.E.S. will assist employees in overcoming drug, alcohol and other problems which may adversely affect employee job performance.

The illegal manufacture, use, sale, or possession of narcotics, drugs or controlled substances is strictly prohibited. Alcohol is prohibited from C.E.S. property and operations. Use of alcohol off duty is not acceptable when it affects an employee's job performance.

The legal use of controlled substances prescribed by a licensed physician is not prohibited, but employees in selected positions are required to make such use known to an appropriate C.E.S. representative.

An employee in violation of this policy is subject to disciplinary action up to and including termination.

The Executive Director is authorized to require an employee to submit to drug testing in certain specific circumstances.

This policy will be distributed to all employees of C.E.S. Every employee will be required to acknowledge his or her receipt of the policy in writing. A copy of that acknowledgement shall be kept in the employee's personnel file. Division Directors and supervisors shall be responsible for ensuring that all employees under their direction are familiar with this policy.

ADOPTED: March 21, 1991

REVISED: October 22, 1992

REVISED: June 1, 2000

3.004A.

Substance Abuse Prevention/Drug Testing Procedures

A. Disciplinary Consequences

1. Discharge will result when an employee has engaged in the following conduct:
 - a. Illegal manufacture, use, sale or possession of narcotics, drugs or controlled substances while on the job or on C.E.S. premises.
 - b. Illegal manufacture or sale of narcotics, drugs, or controlled substances off duty and off C.E.S. premises.
2. Discipline up to and including discharge will result when an employee has engaged in the following conduct:
 - a. Illegal use or possession of narcotics, drugs or controlled substances while off duty and off C.E.S. premises.
 - b. Use or possession of alcohol while on duty and/or on C.E.S. premises.
 - c. Reporting for work under the influence of drugs or alcohol.
 - d. Failure to successfully meet the requirements of a rehabilitation program required or authorized by C.E.S.
 - e. Refusal to submit to urinalysis drug testing as required by this policy.

B. Rehabilitation Program

1. The Executive Director may require or authorize an employee rehabilitation program to assist the employee in overcoming a drug or alcohol abuse problem in the following circumstances:
 - a. when an employee voluntarily discloses that he has a problem with drug or alcohol dependency. A disclosure of such a problem by an employee upon notice from C.E.S. that he is scheduled for urinalysis drug testing shall not be deemed to be a voluntary disclosure.
 - b. when C.E.S. determines that an employee has a drug or alcohol dependency problem which is adversely affecting or could adversely affect the employee's job performance. C.E.S. may require that an employee participate in a rehabilitation program as a condition of employment.
 - c. when an employee submits to drug testing and a positive result is confirmed.
 - d. in any other circumstances when C.E.S. determines that a rehabilitation program is appropriate.

3.004A. Substance Abuse Prevention/Drug Testing Procedures (Cont'd.) Pg. 2

2. An employee rehabilitation program shall be designed by medical professionals, acceptable to C.E.S., to meet the employee's needs. In the event a residential program is required, the employee shall request a leave of absence. The employee may elect to receive non-job-related disability benefits, if such benefits are available.
3. Reinstatement to employment shall be contingent upon the employee's satisfactory completion of the rehabilitation program and the employee's continuing participation in a follow-up program, if recommended. Upon reinstatement, an employee with previous drug dependency shall submit to drug testing at least bi-monthly for the first twelve (12) months and at least quarterly for the next thirty-six (36) months. An employee who refuses to submit to follow-up drug testing as required or who fails to continue in the prescribed follow-up program or who experiences a positive drug test result after reinstatement shall be discharged.

C. NOTIFICATION BY EMPLOYEE OF USE OF PRESCRIBED CONTROLLED SUBSTANCES

Employees in the following classes of employment shall notify the personnel office who will in turn notify the appropriate program manager when they are using controlled substances prescribed by a licensed physician:

1. School bus drivers
2. Other employees who hold a public passenger transportation permit and are required to transport students in C.E.S. vehicles.

D. Drug Testing

1. Urinalysis drug testing of employees will be required in the following circumstances:
 - a. Upon reasonable suspicion that the employee is under the influence of drugs or alcohol which adversely affects or could adversely affect such employee's job performance.
 - b. On a random basis, as part of an employee assistance or rehabilitation program sponsored or authorized by C.E.S. in which the employee voluntarily participates.
 - c. On a random basis, if a urinalysis drug test is authorized under federal or state law or if the employee serves in an occupation designated as a high-risk or safety-sensitive occupation pursuant to regulations adopted by the state commissioner of labor.

2. Drug testing shall be administered in accordance with the following requirements:
 - a. The employee shall be asked to sign a consent form prior to drug testing. An employee who refuses to sign the consent form may be required to submit to drug testing. Any employee refusing to submit to drug testing as required may risk being terminated.
 - b. No C.E.S. employee, representative, agent or designee may observe the employee in the process of producing the urine specimen.
 - c. The drug testing shall be conducted by a competent medical laboratory experienced in and capable of demonstrating quality assurance, chain of custody documentation, detailed reporting procedures, technical expertise and proficiency in urinalysis. Laboratory procedures must utilize a reliable methodology, including procedures to confirm any positive test result which procedures must meet the requirements of subdivisions (2) and (3) of Section 31-51u of the Connecticut General Statutes.
 - d. The employee shall be given a copy of any positive urinalysis drug test result.
 - e. The results of any urinalysis drug test shall be confidential and shall not be disclosed by C.E.S. or its employees to any person other than any C.E.S. employee to whom such disclosure is necessary.
 - f. Urinalysis drug test results, if maintained on C.E.S. premises, shall be maintained with other employee medical records and shall be subject to the privacy protections afforded by applicable federal and state laws.

E. Discovery of Controlled Drugs and Alcohol

1. Any employee who discovers controlled drugs or alcohol on C.E.S. premises shall notify the Executive Director and, where possible, shall deliver the material.
2. The Executive Director shall investigate the matter.
3. If the material is found to be or is suspected of being a controlled drug, the Executive Director shall notify law enforcement officials and turn over the material to them.

APPENDIX E

SEXUAL HARASSMENT NOTICE

SEXUAL HARASSMENT IS ILLEGAL
And is
Prohibited
BY
THE CONNECTICUT DISCRIMINATION EMPLOYMENT PRACTICES ACT
(Section 46a-60(a) (8) of the Connecticut General Statutes)

TITLE VII OF THE CIVIL RIGHTS ACT OF 1964
(42 United States Code Section 2000e et seq.)

AND
TITLE IX OF THE EDUCATIONAL AMENDMENTS OF 1972
(20 United States Code Section 1681, et seq.)

SEXUAL HARASSMENT MEANS AN UNWELCOME SEXUAL ADVANCES OR REQUESTS FOR SEXUAL FAVORS OR ANY CONDUCT OF A SEXUAL NATURE WHEN:

- (1) SUBMISSION TO SUCH CONDUCT IS MADE EITHER EXPLICITLY OR IMPLICITLY A TERM OR CONDITION OF AN INDIVIDUAL'S EMPLOYMENT OR EDUCATION;
- (2) SUBMISSION TO OR REJECTION OF SUCH CONDUCT BY AN INDIVIDUAL IS USED AS THE BASIS FOR EMPLOYMENT OR ACADEMIC DECISIONS AFFECTING SUCH INDIVIDUAL; OR
- (3) SUCH CONDUCT HAS THE PURPOSE OR EFFECT OF SUBSTANTIALLY INTERFERING WITH AN INDIVIDUAL'S WORK OR ACADEMIC PERFORMANCE OR CREATING AN INTIMIDATING, HOSTILE OR OFFENSIVE WORKING OR LEARNING ENVIRONMENT , (Conn. Gen. Stat. 46a-60(a) (8))

Examples of SEXUAL HARASSMENT include

UNWELCOME SEXUAL ADVANCES
SUGGESTIVE OR LEWD REMARKS UNWANTED HUGS, TOUCHES, KISSES
REQUESTS FOR SEXUAL FAVORS
DEROGATORY OR PORNOGRAPHIC POSTERS, CARTOONS OR DRAWINGS
RETALIATION FOR COMPLAINING ABOUT SEXUAL HARASSMENT

Remedies for SEXUAL HARASSMENT may include

CEASE AND DESIST ORDERS
BACK PAY
COMPENSATORY DAMAGES
HIRING, PROMOTION, OR REINSTATMENT

INDIVIDUALS WHO ENGAGE IN ACTS OF SEXUAL HARASSMENT MAY ALSO BE SUBJECT
TO CIVIL AND CRIMINAL PENALTIES

Cooperative Educational Services (C.E.S.) forbids sexual harassment in the workplace or its schools/programs; sexual harassment will result in disciplinary action up to and including dismissal or exclusion from school privileges. Contact Zita McMahon, C.E.S. Title IX Coordinator, C.E.S., 40 Lindeman Drive, Trumbull, CT 06611 (Telephone (203) 365-8828) if you have questions or concerns or believe that you or others are being sexually harassed.

If you feel that you are the victim of sexual harassment, you may also file a complaint with the Connecticut Commission on Human Rights and Opportunities, 21 Grand Street, Hartford, CT 06106, Telephone number: 860-541-3400 or 800-477-5737 or <http://www.state.ct.us/chro/>. Connecticut law requires that a formal written complaint be filed with the Commission within 180 days of the date when the harassment occurred. Furthermore, you may also file a complaint with the U.S. Department of Education, Office for Civil Rights, 33 Arch Street, Suite 900, Boston, MA 02110-1491, phone (617) 289-0111, TDD (877) 521-2172, Fax (617) 289-0150, or e-mail OCR.Boston@ed.gov or the State Title IX Coordinator who is William A. Howe, Ed.D., Education Consultant, Connecticut State Department of Education, 25 Industrial Park Rd., Middletown, CT 06457, phone (860) 807-2031/fax (860) 807-2195.

APPENDIX F

NON-DISCRIMINATION ANNUAL NOTICE

COOPERATIVE EDUCATIONAL SERVICES

ANNUAL NOTICE

"It is the policy of C.E.S. that no person shall be excluded from participation in, denied the benefits of, or otherwise discriminated against under any service or program on account of race, color, religious creed, age, marital or civil union status, national origin, sex, sexual orientation, gender identity or expression, ancestry, residence, present or past history of mental disorder, mental retardation, learning disability or physical disability including, but not limited to, blindness, or pregnancy and provides equal access to the Boy Scouts and other designated youth groups. Inquiries regarding C.E.S. nondiscrimination policies should be directed to the Associate Executive Director's office, C.E.S., 40 Lindeman Dr., Trumbull, CT 06611, (203) 365-8831."

Cooperative Educational Services (C.E.S.) in compliance with federal and state anti-discrimination laws and requirements has designated the following individuals as Compliance Coordinators for specific areas of discrimination. Although C.E.S.' formal discrimination grievance procedures encourage complaints, concerns or issues to be resolved at the lowest possible level, individuals have the right to process such complaints directly with the designated Compliance Coordinator. Listed below are the names of the designated Compliance Coordinators, their C.E.S. mailing address and work telephone number. Formal written complaints should be submitted to them for areas of discrimination as designated.

Title VI Coordinator (race, color, national origin)

Name: Lori Elliott Title: Director of Professional Development Services

Mailing Address: C.E.S., 40 Lindeman Drive, Trumbull, CT 06611 Phone: 365-8850
TDD #: 365-8813

Title IX Coordinator (sex equity/sexual harassment)

Name: Christopher La Belle Title: Associate Executive Director

Mailing Address: C.E.S., 40 Lindeman Drive, Trumbull, CT 06611 Phone: 365-8828
TDD #: 365-8813

Section 504 of the Rehabilitation Act of 1973/Americans with Disabilities Act (disability)

Name: Christopher La Belle Title: Associate Executive Director

Mailing Address: C.E.S., 40 Lindeman Drive, Trumbull, CT 06611 Phone: 203-365-8828
TDD #: 365-8813

Complaint Forms are available from the C.E.S. Associate Executive Director's office, C.E.S. administrators and school/program offices.

If you feel that you are the victim of discrimination, you may also file a complaint with the Connecticut Commission on Human Rights and Opportunities, 21 Grand Street, Hartford, CT 06106, Telephone number: 860-541-3400 or 800-477-5737 or <http://www.state.ct.us/chro/>. Connecticut law requires that a formal written complaint be filed with the Commission within 180 days of the date when the alleged discrimination occurred. Furthermore, you may also file a complaint with the U.S. Department of Education, Office for Civil Rights, 33 Arch Street, Suite 900, Boston, MA 02110-1491, phone (617) 289-0111, TDD (877) 521-2172, Fax (617) 289-0150, or e-mail OCR.Boston@ed.gov. or the State Title IX Coordinator who is William A. Howe, Ed.D., Education Consultant, Connecticut State Department of Education, 25 Industrial Park Rd., Middletown, CT 06457, phone (860) 807-2031/fax (860) 807-2195.

Cooperative Educational Services**Discrimination Grievance Form**

Any student, parent/guardian, employee, employment applicant or visitor/volunteer who feels that he/she has been discriminated against on the basis of race, color, age, national origin, sex, sexual orientation or handicap/disability or has been subjected to sexual harassment may discuss the matter with a teacher (in the case of students) a C.E.S. administrator, or C.E.S.' Compliance Coordinator for the designated area of discrimination.

In addition, the complainant has the right to process such a complaint through the agency's discrimination grievance procedure by completing and filing this form with the program administrator (in the case of students or their parent/guardian) or with the CES Title VI/IX Coordinator or C.E.S. 504/ADA Coordinator as are applicable (see attached list of Compliance Coordinators).

Name of Complainant: _____ Program/Dept. _____
(If applicable)

Complainant's Classification:

☐ Employee ☐ Employee Applicant ☐ Student ☐ Parent/Guardian
☐ Other (specify) _____

Home Address: _____
(Street) (City) (State) (Zip)

Home Phone #: _____ Work Phone #: _____

Date(s) of Alleged Discrimination: _____

Statement of Incident/Issue (Describe the incident/issue as clearly as possible including who was allegedly involved (if applicable); how, where, when the incident/issue took place; how often, if applicable. Attach additional pages if necessary.

List any witness(es) who were present/observed this incident/issue:

Please attach any additional information/documentation as necessary

I hereby certify that the information I have provided is true, correct and complete to the best of my knowledge/belief.

Complainant Signature: _____ Date: _____

Parent Signature (if student is a minor): _____ Date: _____
(Optional)

Received by: _____ Date: _____

APPENDIX G

CODE OF ETHICS

3.024 Code of Ethics

Policy:

It is the policy of Cooperative Educational Services that private employment of any C.E.S. staff member with any school district, municipality, organization, or agency with which C.E.S. or any other regional educational service center may legitimately contract for services is expressly prohibited. Furthermore, the following practices must be followed by all C.E.S. employees. C.E.S. employees:

- May not sell products or services as private practitioners to any Connecticut school district, municipality, organization, or agency with whom C.E.S. or any other regional educational service center may legitimately contract;
- May not market or distribute products or expertise developed at C.E.S. for personal gain and will recognize that any such products are the property of C.E.S.
- Use his/her position at C.E.S. to develop or promote private work situations that would represent a conflict of interest;
- May not use time at C.E.S., or C.E.S. resources, to prepare, market, or deliver programs for personal gain;
- Will follow established C.E.S. practices to respond to a request for services.

Rationale:

C.E.S. employees are selected for employment based on the value that their backgrounds and expertise can bring to Cooperative Educational Services and the districts it serves. Being on the staff of a regional educational service center gives professionals who perform a service exposure to a wide market. This exposure may present opportunities for additional business for Cooperative Educational Services related to the staff member's area of expertise, including referrals to other organizations that may need a similar service. Therefore, employees who accept private consultation work are detracting from the services available through the agency and can detract from business expansion efforts. A C.E.S. employee is defined as an individual hired by C.E.S. for salary, full or part-time.

Adopted October 3, 2002

C.E.S. Representative Council

(Note: Policy moved from Section 6 to Section 3 per E. Pitkoff on 6/8/11)

APPENDIX H

MEDICAL EMERGENCY PROTOCOL

Medical Emergency Protocol

Assess the situation and determine if the emergency is life threatening.

Life threatening emergency (**unconscious person, someone not breathing or whose heart has stopped or someone with significant, pulsing blood loss.**)

- **DO NOT** leave the person alone.
- Using walkie-talkie or calling loudly, ask someone specific to call **911**.
- Using walkie-talkie call for nurse and/or someone trained in life saving techniques (CPR). Direct a specific person to get or bring the AED to the scene. AEDs are located outside the nurse's office, in the downstairs TDP nurses' office and in the glass vestibule between the TDP Student Support Center and fitness room at the Oakview Campus, by the secretary's desk at the Lindeman Campus and by the secretary's desk at Cambridge. When they arrive, the nurse or CPR trained person is in charge of the emergency.
- The person calling 911 gives the following information to 911 operator
 - Type of emergency
 - Location of the emergency (25 Oakview Dr., 40 Lindeman Dr. or 7 Cambridge) and location in the building
 - Notify the receptionist by walkie-talkie or by phone (0) that the ambulance is coming and where they are to be directed (i.e., Door #, front entrance).
 - Wait for ambulance to arrive and direct 911 personnel to the emergency
- When 911 personnel are on the premises they are in charge of the emergency. Assist only when asked to do so.
- An administrator should be notified as soon as possible.
- An administrator will notify the C.E.S. Central Office (x 8803)

Adult – if you are alone with no mobile phone and no one is responding to your yells for help, give 2 minutes of CPR before leaving the victim to call 911 and get the AED then return to the victim and begin life saving techniques.

Student/Child – Witnessed collapse: If you are alone with no mobile phone, and no one is responding to your yells for help, leave the victim to call 911 (take victim with you if they are small enough) and get the AED then return to victim and begin life saving techniques.

Unwitnessed collapse: Give 2 minutes of life saving techniques then leave the victim (take victim with you if they are small enough) to call 911 and get the AED then return to the victim and resume life saving techniques.

Not a life threatening emergency

- Call the nurse on the walkie-talkie or by phone
- If nurse not available, contact your program administrator by walkie-talkie or phone
- In their absence contact any special education program administrator
- If no administrator is available contact Mike McGrath (x8837)
- The nurse or her alternate will assess the situation and decide appropriate plan of action (i.e. hospital, walk-in clinic, first aid)

The nurse, administrator or designee is the person in charge and responsible to make decisions and direct staff accordingly.

Once a 911 call has been made it cannot be stopped. 911 personnel must enter the building and make their own assessment. 911 personnel are then in charge of the emergency.

Staff members not needed for the emergency should remain with regular assigned duties and if possible assist the students of the staff involved in the emergency.

Staff members who have been trained in Basic Life Support, Pediatric Life support and/or First Aid will be identified in each program each year. They will be instructed to respond to any emergency they hear on the walkie-talkies.

REMEMBER

- A) The nurse or the designee of the emergency is the person in charge and responsible to make the decisions and directs the staff accordingly.
- B) In the rare occasion that a physician is present, he/she may then decide to assume the role of the emergency charge person, in which case the C.E.S. staff person would then allow the physician to take over the emergency until 911 personnel arrive.
- C) Once a 911 call has been made it cannot be stopped by C.E.S. 911 personnel must by law enter the school and make their own assessment of the situation. Once 911 arrives they then will become in charge of the emergency. They may ask for your assistance or for information but they will decide the outcome of the emergency situation.
- D) Any staff member not needed or requested to assist the nurse or designee should remain with regular assigned duties until requested to do otherwise.

7/20 rev.

EMERGENCY PROCEDURE PROTOCOL

Medical Crisis

Assess Situation Whether It Is?

*Life Threatening

**** Call 911**
****Call for Nurse**

Not Life Threatening

Call Nurse

Use walkie-talkie to call for nurse and help immediately initiate life saving techniques.

Tell someone to get AED (AEDs are located:
-outside the nurse's office on main level at Oakview
-inside the nurse's office on lower level at Oakview
-in the glass vestibule between the TDP SSC & Fitness Room on the lower level at Oakview
-near the TDP secretary's desk at Lindeman
-near the secretary's desk at Cambridge

Prepare to do CPR until further help arrives.

911 caller will have a walkie-talkie and remain in contact with staff

The 911 caller is responsible for

- Giving information to 911 operator:
 - Type of emergency.
 - Location of emergency.
 - Notify C.E.S. receptionist (0) that 911 was called.
 - Directing the 911 personnel to the area of school they need to report to.
- Obtaining information on the victim.
- Contact an administrator when 911 called.

Aid

If the nurse is not available:

- Contact your program administrator or in their absence
- Any other Program Administrator or in their absence
- Mike McGrath (x8837) and in his absence
- C.E.S. Central Office (x8803)

Direct them precisely to the area of the emergency. The Nurse or her alternate will then assess the situation and decide the appropriate PLAN OF ACTION.

911

First

Walk In Clinic

Family Contact

Other

Once 911 is called C.E.S. cannot stop their response!

Only when 911 personnel is on the premises they take over and they are in charge of the emergency. only assist if they ask!

Make sure that all appropriate special education administrators and C.E.S. Central Office are aware that 911 call has been made.

*Life Threatening Situation would be considered anytime there is an unconscious person, someone not breathing or who's heart has stopped. These are a few examples for you to reference.

APPENDIX I

RESPONSIBLE USE OF TECHNOLOGY, SOCIAL MEDIA AND AGENCY NETWORK SYSTEM

POLICY # 5.018

Responsible Use of Technology, Social Media, and Agency Network Systems

Overview

The Cooperative Educational Services (C.E.S.) Representative Council provides students, staff and community members with access to a large variety of technology and network resources which provide multiple opportunities to enhance learning within the agency network and on the Internet. Communication within the agency, the community and global entities are encouraged as part of 21st century skills. All learners need and deserve 21st century learning opportunities to thrive as tomorrow's leaders, workers, and citizens. However, all users must exercise appropriate and responsible use of Agency technology and information systems. Users include anyone authorized by administration to use the network. This policy is intended to promote the most effective, safe, productive, and instructionally sound uses of network information and communication tools.

The Agency technology infrastructure is defined as all technology related resources, including but not limited to; software, hardware, cabling and connections that provide access to resources, including the Internet. Agency devices as well as personal devices are subject to the guidelines when using the agency network or representing the agency in communications. The Agency maintains content filtering devices and software programs that control access to resources and meet the Federal standards established in the Children's Internet Protection Act. (CIPA) Such technology protection measure shall be in operation during any use of computers with Internet access. However, it is recognized that this measure alone is no guarantee that users will not be able to find Internet resources which are profane, offensive, obscene, or otherwise objectionable. The ultimate responsibility for appropriate use of internet resources lies with the user.

Digital Citizen

Definition: "Self-monitored participation that reflects conscious interdependence with all (visible and less visible) community members."

A responsible digital citizen is one who:

- A. Respects one's self:
 - a. Users will select online names and logins that are appropriate and will consider the information and images that are posted online to ensure appropriateness. Users will not share login and password information.

- B. Respects others:
 - a. Users are prohibited from using Agency network systems and social media to bully, tease, or harass other people. Users will communicate in a professional respectful manor with anyone engaged (See Policy 6.015 Bullying Behavior).
- C. Protects one's self and others:
 - a. Users will follow protocols that will protect themselves and others by reporting abuse and not forwarding inappropriate materials or communications.
- D. Respects authorship:
 - a. Users will properly reference or cite work, websites, books, media, etc., used in any student work.

Responsible Use

Responsible use of the Agency's technology resources is expected to be ethical, respectful, and academically honest. Digital storage on agency servers or on the cloud as well as technology devices used for any purpose will be treated as extensions of the Agency's technology. The Executive Director, or his or her designee, may review files and communications including electronic mail to ensure that users are using the system in accordance with Agency policy. Users should not have any expectation of privacy in files stored electronically. Electronic files, data and communications stored or disseminated through the Agency's technology may be subject to disclosure pursuant to the Freedom of Information Act.

Users may not access the Agency's networks without prior written authorization and are expected to comply with the following rules of network etiquette and citizenship, including but not limited to:

- A. Use of the C.E.S. network, technology devices, the student and parent portal, and social media must be consistent with the Agency's educational objectives and curriculum.
- B. Transmission of material in violation of any local, Federal, or State law is prohibited.
- C. Intentional or unintentional use of Agency resources to access or process, proxy sites, pornographic, obscene, sexually explicit, harassing, threatening or illegal material or communications or explicit text or files or files dangerous to the integrity of the network is strictly prohibited.

- D. Cyberbullying is prohibited at all times, whether in the agency or out of the agency, on any device using any connection.
- E. Software, applications, and media may not be installed, downloaded or uploaded without prior approval from the Information Technology Department having an approved Software Form from the Building Principal, Director of Finance and Operations, Associate Executive Director, or Executive Director.
- F. Use of the Agency network for commercial activities, product advertisement religious or political campaigning, lobbying, or solicitation of non-agency material is prohibited.
- G. Accessing unauthorized chat rooms or instant messaging using the Agency's network is prohibited.
- H. Bypassing the Agency's content filter is strictly prohibited.
- I. Users may not share their passwords and are expected to maintain their passwords privately and securely.
- J. Users shall not vandalize, damage, disable, intentionally disrupt or degrade the Agency's technology systems or network and may be held personally and financially responsible for malicious or intentional damage or interruptions to network service, software, data, user accounts, hardware, and/or any other unauthorized use.
- K. Files stored on Agency-managed or cloud networks are the property of the Agency and may be inspected at any time.
- L. Materials published electronically must be for educational purposes. Administrators may monitor these materials to ensure compliance with content standards.
- M. Each user is responsible for taking reasonable precautions to ensure he or she does not introduce viruses into the Agency's network. All material not belonging to the Agency must be scanned for viruses prior to being placed onto the Agency's computer system. Users should understand that their home computers and laptops might contain viruses. All disks, memory sticks or perpetual media (e.g., DVD, CD) transferred from these computers to the Agency's network must be scanned for viruses.
- N. Users shall not "hack into," "snoop," monitor any network traffic or otherwise access data not intended for the user including, but not limited to, other users' files and administrative data.

- O. Users shall not violate copyright or otherwise use the intellectual property of another individual or organization without permission.
- P. Users shall not plagiarize (to take material created by others and presenting it as if it were one's own) or cheat (to deceive by trickery, mislead or fool).
- Q. Users shall not send, transmit, or otherwise disseminate proprietary data, personally identifiable information about students or other confidential information.

Procedures for Use

- A. Students shall receive education about the following:
 - a. Safety and security while using e-mail, chat rooms, social media, and other forms of electronic communications;
 - b. The dangers inherent in online disclosure of personally identifiable information; and
 - c. The consequences of unauthorized access including but not limited to hacking, cyber-bullying, and other unlawful or inappropriate activities online.
- B. All users shall not (1) access or use another person's account without written permission; (2) share their password with anyone else or engage in activities that would reveal anyone's password; (3) allow others to access a computer that the user is logged on to; or (4) ever sign in, or attempt to sign in, as another person.
- C. All student users and their parents are required to sign a written agreement annually, or at the time of enrollment, to abide by the terms and conditions of this policy and any administrative procedures and guidelines. If the agreement is not signed, Agency network privileges will not be given. All employees are required to sign an employee written agreement. If the agreement is not signed, Agency network privileges will not be given. The written agreement may be disseminated using an electronic means.

Violations and Sanctions

Accessing the internet or Agency network is a privilege, not a right. Inappropriate use and violation of this or any other Agency policy may result in cancellation of all network access. Inappropriate material is defined as any material or use that is inconsistent with the goals, objectives, and policies of the educational mission of the Agency. Any user can be denied access temporarily or permanently if the school or Agency administrator determines that a user has used the Internet or Agency network in an inappropriate or unacceptable manner. Students may also be disciplined or subject to other legal action.

No Expectation of Privacy

All users are warned that there should be no expectation of privacy in connection with the use of the Agency's computer resources. Users should not create, store or use messages, files or other information which they do not want school authorities to see. The following reasons explain why users should have no expectation of privacy:

- A. The Agency may have a duty under federal law to monitor on-line activities of users and enforce the use of protective measures. Authorized administrators and staff may review use of the Agency's computer resources and the Internet at any time, without reason or prior notice, to maintain system integrity and determine that users are acting responsibly or otherwise consistent with this policy.
- B. Computer resources are owned, controlled, and maintained by the Agency. They are provided to staff and students to be used for educational purposes only. Files or any information stored on school-based networks are subject to periodic inspection and routine maintenance.
- C. E-mail communications can be stored indefinitely on any number of computers. Copies of messages may be forwarded to others either electronically or on paper. In addition, e-mail sent to non-existent or incorrect user names may be delivered to persons that you never intended.
- D. Use of passwords to gain access to the computer network or to encode particular files or messages does not imply that users have an expectation of privacy in such access or materials. The Agency has global passwords that permit it to access all material stored on the computer system, regardless of whether that material has been encoded with a particular user's password.
- E. Agency personnel may receive or create e-mail messages and other documents that are public records that may be subject to disclosure under the Freedom of Information Act.

Use of Computer Resources by School Personnel

The computer resources are the property of the Agency and may only be used for approved purposes. Users are permitted access to assist them in the performance of their jobs. Occasional use of the computer resources by an individual school employee for personal communications is permitted when the use does not interfere with the employee's or other user's job responsibilities, performance of the computer resources, or operation of the Agency. A short social message and a quick note to a family member are examples of permitted personal use. Use for personal or third party gain or profit, or for entertainment, is strictly prohibited. Solicitation for any purpose, other than to support a community service drive officially sponsored by the Agency, will not be tolerated.

Employees are reminded that this limited, occasional personal use must comply with this policy, and all other policies, regulations and practices of the Agency. Use of computer resources is a privilege that may be revoked at any time, in whole or in part, at the sole discretion of the Agency.

Policy Violations

Users who become aware of any misuse of computer resources must immediately report the incident to the administration. Any violation of this policy may result in immediate termination of school-provided access to computer resources, including the Internet. Additional disciplinary action may be taken in keeping with existing policies, procedures and practices regarding the conduct, including but not limited to suspension and/or expulsion from school (students) or termination of employment (personnel). When appropriate, law enforcement agencies may be involved and legal action or prosecution may result.

Representative Council Liability

The Representative Council makes no warranties of any kind, neither expressed nor implied, for the use of computer resources and the Internet access it is providing.

The Representative Council is not responsible, and shall not be liable, for:

- A. Damage resulting from unauthorized or inappropriate Agency network or social media activity;
- B. Use of information obtained via the Internet, including any damages a user may incur including but not limited to, loss of data resulting from delays, non-deliveries, mis-deliveries, or service interruptions caused by negligence, errors;
- C. The accuracy or quality of information obtained through the Internet;
- D. Unfiltered content that may be viewed or downloaded on Agency equipment that has been provided to individuals for use outside Agency property;
- E. Issues or damage caused by the connection of personal devices to the Agency's network or improper use of the Agency's network or equipment; or
- F. Personally owned devices that are damaged, lost, or stolen.

Notice of Policy

Students and school personnel shall be given notice of this policy annually. All other users shall be given notice of this policy prior to obtaining access to or using Agency computer resources.

Each user is required to sign an Acknowledgement Form stating that they have received notice of and understand this policy and any accompanying administrative regulations.

The administration may issue regulations and guidelines in connection with this policy.

Appendix A

Responsible Use Policy Agreement COOPERATIVE EDUCATIONAL SERVICES

What is the Responsible Use Policy Agreement?

The Responsible Use Policy was adopted by C.E.S. Representative Council in 2018. The Responsible Use Policy (RUP) outlines the Council's specific expectations for students' use of the school system's electronic information resources, including the school system's computer networks and the Internet.

The RUP requires the preparation of the Responsible Use Policy Agreement which one parent (or legal guardian) and all students in grades first through twelve are required to sign and return to school before the student will be allowed to access and use these resources. By reading and signing this Agreement, you are giving your permission for your child to use these resources, and you are stating that you understand and will explain to your child what the Agreement means. Students in grades kindergarten through twelve are required to sign the Agreement to indicate that they understand the RUP and the Agreement and agree to abide by them.

New technologies have greatly expanded the amount and type of information available to students and teachers. In addition to our large collection of print media in the school libraries, each school has access to a large array of electronic information systems via electronic periodicals and encyclopedias and the Internet. However, access to so much information brings new responsibilities to use the resources and information responsibly and ethically. Below you will find a summary of the guidelines for accessing and using all the information obtained through these technologies. We teach a simple and straightforward version of the following guidelines starting in grade K, and we add more complex dimensions as students' progress through the school system.

Student Consent Form

As a user of the C.E.S. electronic information resources and computer networks, I have read, understand and will abide by the Responsible Use Agreement which implements the Responsible Use Policy. I understand that my signature and the signature of one of my parents or legal guardians are preconditions to my accessing and using the Agency's electronic information resources. I also specifically agree to the following:

1. I will use digital technology resources only for educational and research purposes that are consistent with the educational objectives of my teachers and the Representative Council.

2. I will use digital resources in a responsible, ethical and legal manner at all times. I will not intentionally do anything to another users' work on the resources.
 3. I will not plagiarize. I will give appropriate citations to an author or resource as the source of information I find.
 4. I will use digital technology resources as directed by a teacher or staff member.
 5. I will be considerate of other users and data privacy when using Agency resources. I will be polite and use appropriate language at all times. My log-in and password will be kept private and not shared with other users. I will not use another user's login and password to access the agency network.
 6. I will send and receive electronic mail (email) appropriately for educational purposes. I will report any inappropriate email messages or any misuses of email immediately.
 7. I will not give out any personal information regarding myself or anyone else in the agency while using email.
 8. I will never intentionally damage, degrade or disrupt the electronic information resources, including computer services or computer equipment. I will not tamper with computer hardware or software, vandalize or change data in any way, intentionally introduce computer viruses, attempt to gain access to restricted or unauthorized networks or network services or violate copyright laws. I understand that such activity may be a crime.
 9. I will use the portal for educational requirements and will use appropriate language at all times.
 10. If I do not follow the rules outlined in this Agreement and in the Responsible Use Policy, I know that I may lose my privilege to use the Agency's electronic information resources. I also know that I may be disciplined for not following the rules and that my parents and I may have to pay for any damage I cause because of my intentional misuse of these resources.
- II. I am aware that some violations of the Responsible Use Policy may also be violations of local, state and federal laws and regulations and that I may be prosecuted for violating those laws.

Parental Consent Form
Responsible Use Policy Agreement
COOPERATIVE EDUCATIONAL SERVICES

I give the C.E.S. Representative Council permission to allow my child to access and use the electronic information resources in the schools for educational purposes. I understand that when using a resource such as the Internet, it is impossible to restrict access to all controversial or potentially inappropriate materials or to predict with complete certainty what information a user may locate. I understand that the Agency will use filtering programs, access controls and active supervision of students and will make all reasonable efforts to protect students from any misuses or abuses as a result of their use of the Agency's electronic information resources.

My child and I have read the Council's Responsible Use Policy and this Responsible Use Policy Agreement for grades kindergarten through twelve, and we have discussed the Policy and this Agreement. I understand that my child, in addition, will receive several lessons from school personnel about the Responsible Use Policy and the Responsible Use Policy Agreement.

I understand, and explained to my child, that he or she may lose his or her privilege to use these resources at school and may be disciplined if he or she does not follow all of the rules outlined in the Responsible Use Policy and the Responsible Use Policy Agreement. I understand that my child and I may be held liable for costs incurred by my child's deliberate violation of the Policy.

REPRESENTATIVE COUNCIL**

**NOTICE REGARDING ELECTRONIC MONITORING
of School Agency Personnel and Guest Users**

In accordance with Connecticut law, the C.E.S. Representative Council ("Agency") hereby gives notice to all its employees of the potential use of electronic monitoring in its workplace. While the Agency may not actually engage in the use of electronic monitoring, it reserves the right to do so as management deems appropriate in its discretion, consistent with the provisions set forth in this notice.

"Electronic monitoring", means the collection of information on Agency premises concerning employees' activities or communications, by any means other than direct observation of the employees. Electronic monitoring includes the use of a computer, telephone, wire, radio, camera, electromagnetic, photo electronic or photo-optical systems.

The law does not cover the collection of information for security purposes in any common areas of Agency premises which are open to the public, or which is prohibited under other state or federal law.

The following specific types of electronic monitoring may be used by the Agency in its workplaces:

- Monitoring of e-mail, Internet usage and other components of the Agency's computer resources for compliance with its policies, procedures and guidelines concerning use of such resources.
- Video and/or audio surveillance within the Agency's facilities (other than in restrooms, locker rooms, lounges and other areas designed for the health or personal comfort of employees or for the safeguarding of their possessions).
- Monitoring of employee usage of Agency's telephone systems.

The law also provides that, where electronic monitoring may produce evidence of misconduct, the Agency may use electronic monitoring without any prior notice when it has reasonable grounds to believe employees are engaged in conduct that violates the law, violates the legal rights of the Agency or other employees, or creates a hostile work environment.

APPENDIX J

STUDENTS WHO LEAVE SCHOOL GROUNDS

Cooperative Educational Services

Procedures for Responding to a Student who has Left School Property without Permission, Left the Assigned Area on a Field Trip without Permission, or Whose Location is Unknown

The particular intervention to be implemented in response to a student who leaves school property without permission, has left the assigned area on a field trip without permission, or whose location is unknown will vary as a function of several factors that may include the student's age, the student's current mental status, the immediate risk of harm to the student, the length of time the student has been off-campus or unaccounted for, and other factors specific to the situation (e.g., leaving in a vehicle, other people involved). However, staff members should adhere to the following procedures with the understanding that some modifications may be necessary:

1. The staff member(s) should maintain visual contact with the student and continue to encourage the student to return to the program area. If there is an imminent risk of harm to the student and the staff member(s) perceives he/she can intervene safely, the staff member(s) should attempt to physically restrain or escort the student to a safe location.
2. The staff member should notify the Program Administrator, or his/her designee, as soon as possible and provide information as to the identity of the student, location of the student, staff member(s) present, and any other information relevant to the situation.
3. Following consultation with the Program Administrator, or his/her designee, an immediate course of action will be developed. This may include maintaining visual contact with the student, enlisting the assistance of additional staff members, or searching the building or surrounding area where the student was last seen. (The local police department should be contacted if risk factors warrant such an immediate action).
4. The Program Administrator, or his/her designee, will notify the Director of Special Education of any student who has left school grounds, left the assigned area on a field trip, or whose location is unknown. Through consultation with the Director of Special Education, a determination will be made as to whether further action is necessary, (i.e., notification of parents or guardians, notification of the police if it hasn't already occurred, notification of C.E.S.' Executive Director).
5. An Incident Report should be completed by all staff members involved in the incident and submitted to the Program Administrator within 24 hours.

Note: Should a staff member observe, or otherwise become aware of a student who leaves the building or the school property without permission and under suspicious circumstances (e.g., in an unfamiliar vehicle, with unfamiliar people, with the apparent use of force or coercion), the staff member should immediately notify an administrator who will contact the local police.

INCIDENT REPORT FORMS

COOPERATIVE EDUCATIONAL SERVICES

Division of Special Education

INCIDENT REPORT

I. Identifying Information:

Name of Student (if applicable): _____

Date/Time of Incident: _____

Date/Time Reported: _____

Reporter's Name and Position: _____

Incident Location: _____

II. Type of Incident:

☐ Student Injury ☐ Staff Injury ☐ Property Damage ☐ Substance Related ☐ Theft
☐ Student Search ☐ Suicidal Behavior ☐ Inappropriate Action by CES staff ☐ Bullying
☐ Student Left Grounds ☐ Weapon Related Incident ☐ Other Significant Incident: _____
(Specify)

III. Description of Incident:

1. Names and titles of supervising adults present (i.e., including staff member submitting the report)

2. Describe relevant facts before incident occurred (i.e., ongoing activity, behavior of student or staff, etc.)

3. Describe behaviors of student and staff that comprise the incident

4. Describe students, staff or property after the incident (damages, emotional state, injuries, etc.)

IV. Injury Report (if applicable)

☐ Student Injury ☐ Staff Injury (Workers Comp Form Completed? Yes No)

Detection of Injury:

- ☐ Staff observed injury occur to student [name(s) of staff: _____].
☐ Student reported injury to staff [name(s) of staff: _____].
☐ Evidence of injury discovered by staff but action causing injury not observed.
☐ Injured staff member reporting injuring.

Cause of Injury:

- ☐ Physical restraint or escort ☐ Physical aggression from peer ☐ Self-Inflicted (accidental)
☐ Self-Inflicted (Purposeful) ☐ Accidental action by peer ☐ Accidental action by staff
☐ Suspicion of child abuse (DCF contacted? Yes No) ☐ Other: _____

Description of Injury (Indicate area of body injured and extent of injury):

Action Taken:

- ☐ Student examined by school nurse (indicate time of day: _____)
☐ Student refused to be examined by school nurse
☐ Other: _____

V. Follow-up

Describe plan for follow-up and future prevention of similar incident: _____

VI. Parent Contact Information

Date and Time of Parent Contact: _____

Means of Contact: ☐ phone ☐ note home ☐ meeting ☐ other (_____)

Person making Contact: _____

Summary of Contact: _____

Signature of Reporting Staff: _____

Signature of Administrator: _____

APPENDIX N

SOCIAL NETWORKING GUIDELINES

Employee Guidelines for the Use of Social Networking Websites

The rapid growth of social networking and electronic communications has emerged as an opportunity for outreach, information sharing, new product development, enhanced service delivery, marketing and advocacy. For purposes of these guidelines, social networking includes but is not limited to online social networking sites like Twitter, Facebook, LinkedIn, YouTube, WikiSpaces, Live Journal, and MySpace.

Many employees at C.E.S. are currently using social networking sites and many more will do so in the future. C.E.S. trusts – and expects – that all of its employees will behave professionally and exercise personal responsibility whenever they use social networking sites. We encourage our employees to be advocates for C.E.S., our member districts and the communities we serve, and social networking provides a powerful tool for doing so.

Even when employee use of social networking and electronic communication takes place outside of work, as personal activities should, what is communicated may cause a disruption to C.E.S. activities and may have an impact on an employee's ability to perform his/her job, a colleague's abilities to do his/her job and on the best interests of C.E.S.

C.E.S. acknowledges that employees have the right, in certain circumstances, to speak out on matters of public concern. However, C.E.S. will investigate any reports on the inappropriate use of social networking by employees, including employees' personal use of such media, when that use:

- Disrupts and/or interferes with the work or activities of C.E.S.
- Is used to harass coworkers or other members of the C.E.S. community
- Creates a hostile work environment
- Breaches confidentiality obligations of C.E.S. employees and/or students
- Harms the goodwill and reputation of C.E.S. in the community
- Includes improper fraternization with students

If C.E.S. discovers a staff member's inappropriate use of social networking sites, or other inappropriate conduct online or discovers that an employee has violated any provision contained in these guidelines, C.E.S. may consider disciplinary action against the staff member leading up to and including termination of employment.

Nothing in these guidelines gives any C.E.S. employee permission to represent C.E.S. online. No employee has the authority to represent or speak on behalf of C.E.S. unless they have been officially designated to do so.

Official online communications on behalf of C.E.S., including the creation and management of wikis, blogs, social networking pages, and other online sites representing C.E.S. or any C.E.S. affiliated school or program must first be approved by the employee's supervisor and the executive director or his/her designee prior to publishing online. All work-related online sites must be coordinated with and approved by the employee's supervisor and all content must be reviewed before it is published unless a different arrangement has been approved. Administrative rights to all work related pages and sites must also be given to the supervisor or his/her designee before publishing.

Remember, as an employee of C.E.S., you are an advocate for and a representative of the agency regardless if your online communication is on a personal or C.E.S. sponsored/affiliated site.

Guidelines Concerning PROFESSIONAL AND C.E.S. SPONSORED/AFFILIATED social networking sites

These guidelines apply to the use of any social networking sites like Twitter, Facebook, LinkedIn, YouTube, WikiSpaces, Live Journal, and MySpace sites for C.E.S. communication purposes.

Permission is required. If you would like to use any online sites as a tool to enhance or expand the delivery of information regarding C.E.S. events, programs and/or services, you must first obtain permission by your supervisor prior to publishing the page.

Administrative rights must be shared. Before any C.E.S. affiliated social networking site is published, administrative rights must be shared with a supervisor or administrator within the agency for the purpose of monitoring content and collaboration with publishing the site.

Use of logos and photos. No employee is permitted to use any C.E.S. school or program logo without first obtaining permission. No C.E.S. photos of students, staff, families or facilities may be used without the written permission of the individuals pictured in the photos or the C.E.S. facilities manager (when a photo of a C.E.S. building is being published). Do not post copyrighted materials (e.g. photographs, logos) from the internet without permission from the owner.

Be professional at all times. As a C.E.S. employee you are required to maintain appropriate professional boundaries in any C.E.S. sponsored/related social networking sites. This includes appropriate speech, refraining from the use of harassing, defamatory, abusive, discriminatory or threatening language.

Your communication can be monitored. You should have no expectation of personal privacy when using C.E.S. computers and electronic data devices. Any C.E.S. sponsored/affiliated social networking sites should be conducted at work on C.E.S. computers. Personal social networking and electronic communications should be conducted outside of work on personal computers and/or electronic data devices.

Confidentiality policies extend to the internet. All posts on C.E.S. sponsored/affiliated social sites must abide by confidentiality policies already in existence. This includes the confidentiality of student information, client information, staff relationships, etc. If you are unsure of the nature of the information you'd like to publish, please consult your supervisor first.

Misrepresentation of C.E.S. is forbidden. Using C.E.S. sponsored/affiliated social networking sites or electronic communications to misrepresent personal or professional views of the agency or individual C.E.S. schools, programs, departments or staff is forbidden.

Guidelines Concerning PERSONAL social networking

When using personal social-networking sites, employees should conduct themselves properly in accordance with state law, C.E.S. policies, and other applicable standards of conduct. Moreover, C.E.S. staff shall not post any data, documents, photos or inappropriate information on any websites that might result in or cause a disruption of the C.E.S. school and working environment.

C.E.S. staff members should be aware that their inappropriate conduct online may negatively impact or disrupt the educational and working environment at C.E.S. and may subject the employee to discipline actions leading up to and including termination of employment.

If a C.E.S. staff member is uncertain whether such content or statements would violate these guidelines, the staff member should contact their Director before publishing content online that may disrupt the educational and working environment of C.E.S.

APPENDIX O

STUDENT BULLYING/SAFE SCHOOL CLIMATE

Policy on Bullying Behavior

Cooperative Educational Services (C.E.S.) recognizes that it is the responsibility of program personnel to maintain a secure and safe school climate, conducive to teaching and learning that is free from threat, harassment and any type of bullying behavior in school, school-sponsored activities on or off school grounds and transportation to and from school. Therefore, bullying behavior, of any form, will not be tolerated.

Consistent with legislative requirements the C.E.S. Executive Director is authorized to develop and implement a Safe School Climate Plan that contains the essential elements outlined in Public Act 11-232 *An Act Concerning the Strengthening of School Bullying Laws*.

Bullying takes many forms and may include many different behaviors, such as, but not limited to:

1. Physical violence and attacks;
2. Verbal harassment or taunts, name-calling and use of disparaging language, including disability-, ethnically- or racially-based verbal abuse and gender-based disparaging language;
3. Sexual harassment including unwanted sexual attention or insulting or degrading sexual remarks or conduct;
4. Harassment, threats and intimidation;
5. Extortion or stealing of money and possessions;
6. Exclusion from the peer group;
7. Teen dating violence;
8. Using the Internet as a means of harassment and intimidation (i.e., Cyber-bullying).

Adopted by Representative Council on: 10/13/02

Revised by Representative Council on: 9/7/06

Revised by Representative Council on: 10/2/08

Revised by Representative Council on: 11/3/11

Revised by Representative Council on: 11/6/14

Definitions:

“Bullying” is defined as the repeated use by one or more students of a written, verbal, or electronic communication, such as cyberbullying, or a physical act or gesture directed at another student in the same school district that: (A) Causes physical or emotional harm to the student or damage to the student’s property, (B) places the student in reasonable fear of harm to himself or herself, or of damage to his or her property, (C) creates a hostile environment at school for such student (a hostile environment is a situation in which bullying among students is sufficiently severe or pervasive as to alter the conditions of the school climate), (D) infringes on the rights of the student at school, or (E) substantially disrupts the education process or the orderly operation of a school. This definition of “bullying” includes, but is not limited to, written, verbal, or electronic communications, or physical acts or gestures that are based on any actual or perceived differentiating characteristics, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, socioeconomic status, academic status, physical appearance, or mental, physical, developmental or sensory disability, or by association with an individual or group who has or is perceived to have one or more of such characteristics.

“Cyberbullying” - Any act of bullying through the use of the Internet, interactive and digital technologies, cellular mobile telephone or other mobile electronic devices, or any electronic communications. In order for it to be identified as “cyberbullying” requiring school/program intervention, the students involved must attend school in the same district.

“School Climate” - The quality and character of school life with a particular focus on the quality of the relationships within the school community between and among students and adults.

“School Employee” - A teacher, substitute teacher, school administrator, school superintendent, guidance counselor, psychologist, social worker, nurse, physician, school paraprofessional, or coach employed by a local or regional board of education or working in a public elementary, middle, or high school; or any other individual who, in the performance of his or her duties, has regular contact with students and who provides services to, or on behalf of students, enrolled in a public elementary, middle, or high school, pursuant to a contract with the local or regional board of education.

“Off Campus Bullying” - The new law explicitly requires school districts to prohibit bullying which occurs outside of the school setting if such bullying 1) creates a hostile school environment for the victim; 2) infringes on the rights of the victim at school; or 3) substantially disrupts the education process or the orderly operation of a school.

“Harassment” – Any physical or verbal hostility toward someone with legally protected status. Such status pertains to race, color, religious creed, sex, age, national origin, ancestry, marital status, sexual orientation, disability (Including past or present history of mental disability), physical disability, learning disability, mental retardation, genetic information, prior criminal conviction, or other lawfully protected status. Such hostility can be severe, persistent, or pervasive.

“Teen Dating Violence” – is defined as any act of physical, emotional or sexual abuse, including stalking, harassment and threatening that occurs between two students who are currently in or who have recently been in a dating relationship.

C.E.S. SAFE SCHOOL CLIMATE PLAN

Under the direction of the C.E.S. Executive Director, the agency will appoint a safe school climate coordinator effective no later than July 1, 2012 and each school year thereafter. The coordinator's duties include:

- Monitoring and implementing the safe school climate plan;
- Collaborating with the safe school climate specialists on matters pertaining to bullying and teen dating violence;
- Providing data to the superintendent, district, and CSDE regarding bullying and teen dating violence;
- Meeting at least twice annually with the safe school climate specialists to make recommendations concerning amendments to the district's safe school climate plan.

Each C.E.S. school-based program unit will designate a safe school climate specialist, starting no later than July 1, 2012. This specialist will be the program administrator or a designee of the administrator. The specialist's duties include:

- Investigate or supervise the investigation of reported acts of bullying and teen dating violence in accordance with the district's safe school climate plan;
- Collect and maintain records of reports and investigations of bullying and teen dating violence in the school and act as the primary school official responsible for preventing, identifying, and responding to reports of bullying and teen dating violence in the school.
- Coordinate annual in-service training for their respective school-based program unit on the prevention, identification, and response to bullying, and the prevention of teen dating violence and youth suicide collaboratively with the Safe School Climate Committee;
- Chair the Safe School Climate Committee in each school-based program unit.

Each C.E.S. school-based program unit will establish a committee (or designate an existing committee) no later than July 1, 2012 that is responsible for developing and fostering a safe school climate and addressing issues related to bullying and teen dating violence in school, school related activities, on transportation vehicles to and from school sponsored activities. Each school-based program unit administrator must appoint at least one parent or guardian of a student enrolled in the school to the committee. It is recommended that the Safe School Climate Specialist is the chair of the committee. The responsibilities of the Safe School Climate Committee are to:

- Receive copies of completed forms from bullying and teen dating violence investigations;
- Identify and address patterns of student bullying and teen dating violence;
- Review and amend school practices related to bullying and teen dating violence;
- Review and make recommendations to the district's Safe School Climate Coordinator regarding the districts safe school climate plan;
- Educate all school community members (students, school employees, parents/guardians) on issues related to bullying and teen dating violence;
- Collaborate with the district's Safe School Climate Coordinator in the collection of data (allegations and verified acts of bullying; school climate assessment results); and

- Perform other duties determined by the principal/program administrator related to the identification, prevention and response to school bullying;
- Any parent/guardian serving on this committee may not have full access to information that would compromise the confidentiality of any individual student(s).

Professional Development

C.E.S. will minimally provide annual in-service training program to all school employees that must include information addressing the prevention of, identification of, and response to bullying, teen dating violence, and the prevention of and response to youth suicide. This professional development will be determined by the Safe School Climate Specialists and the Safe School Climate Committee in each school-based program unit. It may also include:

- Classroom management;
- Positive youth development;
- Positive relationship building;
- Managing the cyber-arena;
- Conflict resolution;
- Cultural and gender diversity training;
- Violence prevention.

Assessment

Require each school-based program unit on or after July 1, 2012 and at least biannually thereafter, to complete a school climate assessment, and submit the assessment to the CSDE. While required biannually, it is recommended that the assessment is completed annually if prior survey data or bullying data supports a need for improvement. Each program within a unit will contribute data for the unit assessment. The assessment should align with the National School Climate Standards that provide a comprehensive and standards-based approach to overall school climate. C.E.S. will utilize the school climate assessment instruments developed by the Connecticut State Department of Education. The Safe School Climate Plan will be monitored using the assessment data from these school climate assessment instruments.

The Essential Requirements of the Safe School Climate Plan

The safe school climate plan must:

- Be approved by the C.E.S. Representative Council and submitted to the Connecticut State Department of Education no later than January 1, 2012. Within thirty (30) calendar days of C.E.S. Representative Council approval, the plan must be available on the C.E.S. website, and on each individual school/Program websites;
- Be included in each program's publication of rules, procedures, and standards of conduct for schools, and in all student handbooks, and must be distributed prior to start of school year to all stakeholders;
- Require each school/program to provide all school employees with a written or electronic copy of the plan at the beginning of each school year;
- Prohibit discrimination and retaliation against an individual who reports, or assists in the investigation of, an act of bullying;

- Annually notify parents and students on how to anonymously report bullying prior to school year commencement;
- Prohibit bullying and teen dating violence
 - on school grounds;
 - at a school-sponsored or school-related activities, whether on or off school grounds;
 - or school bus stop, school bus, or other transportation vehicle owned, leased, or used by C.E.S.;
 - through the use of an electronic device or electronic mobile device owned, leased, or used by the district.
- Prohibit bullying and teen dating violence outside of the school setting if it
 - creates a hostile environment for the victim
 - infringes on the rights of the victim in school
 - substantially disrupts the educational process or the orderly operation of the school

Reporting Requirements

- Enable students to report acts of bullying and/or teen dating violence to any school employee;
- Provide student mechanisms to anonymously report bullying and teen dating violence to any school employee (i.e. Bullying Box);
- Require students and their parents be annually notified of the process for reporting acts of bullying and teen dating violence at beginning of school year;
- Parents are encouraged to call school employees or school/program administrators if they feel bullying and/or teen dating violence has occurred and will be asked to submit a written request to initiate an investigation;
- School employees who witness acts of bullying and/or teen dating violence or receive reports of either must immediately contact the Safe School Climate Specialist not later than one school day and must then submit a written report not later than two school days after making their oral report;
- Safe School Climate Specialist to investigate or supervise the investigation of all reports of bullying and/or teen dating violence promptly after the receipt of the written report;
- Safe School Climate Specialist must review all anonymous reports provided that no discipline or action be issued solely on the basis of an anonymous report;
- School/program administrators or designee must notify the appropriate law enforcement agency when they believe any act of bullying and/or teen dating violence constitutes criminal conduct;
- Program administrator or designee (e.g. Safe School Climate Specialist) will notify parents/guardians of any student who commits any verified acts of bullying and/or teen dating violence and parents/guardians of students against whom such acts were directed not later than 48 hours after the completion of the investigation;
- Program administrator or designee (e.g. Safe School Climate Specialist) will invite the parents/guardians of the perpetrator and victim of the bullying and/or teen dating violence to separate meetings to communicate the measures being taken to ensure the student's safety and prevent further acts of bullying and/or teen dating violence;

- Each school/program will document and maintain records related to reports and investigation of bullying and/or teen dating violence using designated log and maintain a list of the number of verified acts of bullying using designated log (see appendix);
- Verified acts of bullying log must be available to the public in main offices and submitted to the CSDE annually;
- C.E.S. Discipline Policy 6.008 contains guidelines for appropriate disciplinary action related to verified acts of bullying and/or teen dating violence.

Intervention Measures:

The swift and consistent actions of the staff and administrators will contribute to building a social climate in which students feel that they can trust that all adults are involved in their safety. Therefore, consistent steps of intervention must be taken upon awareness of an incident, or continued threatening situation.

Steps for intervention may include the following:

- Intervene immediately to stop the bullying and/or teen dating violence behavior;
- Talk to the student who engaged in the bullying and/or teen dating violence behavior and the student who was victim of this behavior separately. If there are several students who engaged in behavior, separate them also;
- Inform the student who engaged in the bullying and/or teen dating violence behavior and the student who was victim of this behavior of the unacceptable nature of the behavior and the consequences imposed through the school discipline plan;
- Inform the parents of both the student who engaged in the bullying and/or teen dating violence behavior and the student who was victim of this behavior, invite them to at least one meeting to discuss the matter, and construct a plan of action to prevent the reoccurrence;
- If peer mediation is deemed appropriate, give special consideration to the intimidating nature of this situation and preserve a balance of power;
- If students are frequent victims, involve this student in social skills groups, or assertiveness skills development sessions;
- Monitor the behavior of the student who engaged in the bullying and/or teen dating violence behavior and the student who was victim of this behavior and the victim regularly as intimidation may continue unseen;
- If the bullying and/or teen dating violence circumstances do not change, despite concerted efforts by school staff, consider options such as, change in class assignment, rearrangement of transportation, etc...as consequence, he/she, not the victim, may be removed from the class or situation;
- Develop on a case-by-case basis interventions for students, who repeatedly bully or are bullied repeatedly, including cases involving teen dating violence, such as counseling or discipline.

Prevention Measures:

In order to perpetuate a safe social climate free of bullying and/or teen dating violence, the agency will:

- Implement a program positive behavioral interventions and supports;
- Implement procedures to confront bullying and/or teen dating violence in any form;
- Listen to all parties involved in incidents;
- Investigate as fully as possible all written and anonymous reports;
- Treat all verified acts of bullying that are similar in nature and severity in a consistent fashion;
- Inform parents of both the perpetrators and the victims of bullying and/or teen dating violence incidents and invite them to at least one meeting;
- Promote via grade appropriate bullying, teen dating violence, and youth suicide prevention curricula the use of a range of teaching and learning styles and strategies that promote a safe school climate;
- Promote open management styles that facilitate communication and consultation throughout each school setting;
- Maintain an accurate log of verified bullying acts (see appendix);
- Provide annual training in bullying, teen dating violence, safe school climates as well as prevention of and response to youth suicide;
- Require Beginning Teachers involved in the C.E.S. TEAM Program to include training regarding the prevention and identification of, and response to, school bullying, teen dating violence, as well as youth suicide in their Classroom Management and Climate module;
- Promote the use of interventions that are least intrusive and most effective.
- Hold regular discussions about bullying with administration, staff, students, and parents;
- Develop an anonymous method of student reporting of incidents;
- Support victims of bullying and/or teen dating violence by means of individual and peer counseling;
- Initiate efforts to change the behavior of those students who have engaged in bullying and/or teen dating violence behavior through class discussions, counseling, reinforcement and sanctions, where appropriate;
- Utilize resources from the CSDE that have been created as part of their state-wide Safe School Climate Resource Network;
- Annually submit a letter to all parents about bullying and reporting procedures (see appendix);
- Designate a week in October where each school-based program unit will conduct safe school climate awareness activities.

Sample Parent Letter

Dear Parents and Families,

In recent years, the Connecticut legislature has passed various laws and amendments concerning bullying behavior in schools. This year the Connecticut Legislation passed a new School Bullying Law with significant changes. Consistent with this legislation, we are asking that parents/guardians immediately inform school personnel (e.g., your child's teacher, program administrator) of suspected bullying behavior directed against your child or another child. Bullying has been re-defined (see reverse side of letter). You may formally notify any school employee in writing or feel free to call either your child's teacher or program administrator if you feel bullying has occurred.

It is also important for you to know that consistent with this legislation your child may report acts of bullying to any school employee including his/her teacher, other educational personnel (e.g., school nurse, school psychologist, school social worker), non-certified staff member (i.e., bus aid, teacher assistant) and /or program administrator. If your child is uncomfortable making such a report, they may anonymously make a report by leaving a note using a bullying box at school. When possible, please encourage your son/daughter to make such reports, if they feel they have been bullied or if they have witnessed another student being bullied. Bullying behavior is prohibited by our student discipline policy/codes of conduct and may lead to counseling or disciplinary action, including suspension from school or in more severe cases, dismissal or expulsion. The law requires us to notify parents/guardians of students who commit any verified acts of bullying and the parents/guardians of students against whom such acts were directed no later than 48 hours after the completion of the investigation. It also requires us to invite parents/guardian of the perpetrator and victim of bullying to separate meetings to discuss acts and to communicate the measures being taken to ensure the student's safety and prevent further acts of bullying.

We are fully aware that incidents of bullying are rarely committed in view of the supervising adults. Victims are most vulnerable in situations beyond the eyes of staff, such as, playground, buses, restrooms, and bus stops. The most likely adult to be informed by a victim is the parent. Parents are often reticent to inform the school due to the student's fear of reprisal. However, without parent input on this, the school personnel are uninformed and therefore, unable to intervene to stop this behavior. It is important that the school staff and the parents continue to work together to protect the safe environment of the school. If there is a custodial parent who does not live at your child's primary residence, please note that the recent law changes requires us to make a copy of bullying notices available when requested. Please inform your child's program administrator if you or they would like us to make a copy of this notice available to such a parent and provide us their name and address in case it is not presently part of our records.

We thank you for your understanding of this important matter. Feel free to contact the administrator of your child's program if you have any questions.

Log of Verified Bullying Incidents

The Program Administrator shall maintain a listing of verified acts of bullying and this list shall be available for public inspection upon request

Program: _____

Administrator Completing Form: _____

School Year: _____

ONLY RECORD VERIFIED ACTS OF BULLYING*

This list shall not contain any student personally identifiable information**

	Date(s) of Incident	Specify Details of Bullying Incident	Location(s) of Bullying Acts	Report Made By (e.g. student, parent, teacher, anonymous, other)
1.				
2.				
3.				
4.				
5.				
6.				
7.				
8.				
9.				
10.				

*Since bullying involves repeated acts over time, verified acts of bullying tallied on this log need not represent each separate act unless these specific acts are distinct acts of bullying.

**Do not list names of students involved in bullying incidents on this log, to maintain their confidentiality.

Cooperative Educational Services

Log of Bullying Reports

This listing is to document and maintain records related to reports and investigations of bullying incidents.

Program: _____

Person Completing Form: _____

School Year: _____

This list shall not contain any student personally identifiable information**
