Parent OPT-OUT FORM
Local Field Trip

From time to time, as a part of a supervised scholastic activity, students will walk, accompanied by staff or faculty, to local sites located outside the High School campus. Such trips generally do not exceed one mile in distance, and would be permissible only in suitable weather conditions. These trips are defined as “Local Trips” by SAVHS.

Some examples are: Walk to local grocery store
Walk to local library
Walk to local fire station
Community walking trips

Any trips involving any sort of vehicular or motorized transportation WOULD NOT be considered “Local Trips”, and would only be authorized by separate parental permission forms.

SAVHS assumes that you authorize your child to participate in Local Trips. All Local Trips are supervised and any students unable to participate will be permitted to remain on campus in an alternative arrangement.

IF YOU DO NOT WISH YOUR CHILD TO PARTICIPATE IN LOCAL TRIPS, you must indicate your desire to opt-out by signing the bottom portion of this form and returning it to the High School Office by October 1, 2021. This is a blanket opt-out, and Local Trips are not separately provided with permission slips. *If you sign this form, your child will not be allowed to participate in Local Trips, and you will not be given a separate opportunity to authorize any individual Local Trip.*
