Independent School District

Volunteer and Parent Engagement Opportunities **Scan our QR code to Participate**

Lackland ISD strongly desires parent participation in decision-making committees. You have an opportunity to share your voice and help us actualize our vision as *The Premier leader in educational excellence*. As you engage as a parent, we also invite your participation in campus and district-level committees. Below are the descriptions for these committees for your consideration. Each committee's point of contact is listed with the committee description if you have additional questions.

Please read each description and let us know if you are interested in supporting the committee or learning more about it.

School Health Advisory Council

The School Health Advisory Council (SHAC) assists the district in ensuring that local community values are reflected in the health education program. The council will address the continued implementation of a coordinated health program, including health education, physical education, health services, nutrition services, counseling, a healthy school environment, staff health promotion, and family/community involvement. This committee must have more parent representation than district staff. The SHAC meets at least four times during the school year. Two meetings occur after-school, and two meetings occur during the school day. Meeting dates are October 6, December 1, February 9, and April 13. The SHAC will also hold public meetings this year to discuss considerations for human sexuality curriculum for Lackland ISD.

Point of Contact: Dr. Tonya Hyde, hyde.t@lacklandisd.net

District Education Improvement Council (DEIC)

The District Education Improvement Council (DEIC) is a district-level committee responsible for providing input to the annual development of the District Improvement Plan. This plan comprises the district's goals and objectives for continuous improvement in special programs, professional development, student achievement, and student safety. This committee is also designated to provide recommendations to Texas Education Agency waiver requests and other items of local governance to be addressed by a district-level committee before Board of Trustee approval. Meeting dates are September 13, October 25, February 21, and May 2.

Point of Contact: Dr. Burnie Roper, roper.b@lacklandisd.net

Campus Education Improvement Council (CEIC)

The Campus Education Improvement Council (CEIC) is a campus-level committee responsible for providing input to the annual development of the Campus Improvement Plan. This plan comprises the campus's goals and objectives for continuous improvement in special programs, professional development, student achievement, and student safety.

Points of Contact

Lackland Elementary School, Mrs. Terry Leija, Leija.t@lacklandisd.net / Stacey Jr./Sr High School, Mr. Hunter Shelby, Shelby.h@lacklandisd.net

District Calendar Committee

The District Calendar Committee assists the district in the development of the school calendar. Lackland ISD's District Calendar Committee will develop the calendar for the 2023-2024 school year for board approval. The committee also makes any necessary recommendations for the previously board-approved 2022-2023 school calendar based on new information. The District Calendar Committee meets after school during the spring semester. Following the initial meeting to design the calendar, the committee may have additional meetings to consider stakeholder feedback and finalize the calendar for the District Education Improvement Council and the Board of Trustees.

Strategic Planning Committee

Lackland ISD is bringing key community members together to collaborate on creating a five-year strategic plan designed to improve our district. The strategic planning process is intense. Parent engagement will be requested initially on February 24th and 25th from 8:30 a.m. to 4:00 p.m. with a follow-up meeting on April 4, 2022, from 8:30 a.m. - 4:00 p.m. and additional meetings as needed. The role of committee members is to help set the direction for the district's plan.
