

**A. Description of overall philosophy (200 word limit):**

- **Collegiate Academies (CA) schools believe in the unique potential of all diverse learners.**
- **Collegiate Academies (CA) schools design academic, social-emotional and functional programs and services that support all diverse learners toward success in rigorous post-high school options.**
  - CA schools regularly collect and reflect on data to ensure that every student is making adequate growth on both short and long-term goals. Schools work to use this data to effectively collaborate with families and the IEP team.
  - CA schools work to provide a collaborative team of administrators, teachers and related service providers to ensure the creation and implementation of high quality Individualized Education Plans (IEPs) for each individual student identified with a disability.
  - CA schools provide targeted Transition programming to support each student’s individualized transition goals toward their post-high school opportunities.
  - CA schools serve all students through the use of innovative programming. We have created a number of programs to meet the unique needs of our students including the Journey Program, REACH, Essential Skills and other special programs that operate within the context of the school community.
  - CA schools have a robust related service team including multiple onsite mental health professionals, nursing services, speech and other related services to meet the unique needs of students as they progress towards post-high school options.

**B. Name and contact information for special education coordinator (school and, if applicable, network)**

School Leader of Special Education Programming; Contact Information	Jasmine Watts-Freeman jwattsfreeman@collegiateacademies.org
CMO Leader of Special Education Programming; Contact Information (if different)	Fran Antonucci fantonucci@collegiateacademies.org

**C. Data Snapshots**

2020-21 enrollment rate of students with disabilities served by the school	19%
2019-20 in school and out of school suspension rate of students with disabilities served by the school	20%
2019-20 number of students with disabilities who were removed for disciplinary reasons for more than 10 school days in one academic year	3

D. Description of how pupil appraisal, special education, and related services are provided by the school	
<i>Appraisal/Evaluation</i>	
Main point of contact if a parent would like to request an evaluation	Director of Student Support: Jasmine Watts-Freeman <a href="mailto:jwattsfreeman@collegiateacademies.org">jwattsfreeman@collegiateacademies.org</a>
Response to Intervention Overview	Examples of universal screeners: <u>Reading Screeners:</u> <ul style="list-style-type: none"> <li>● MAP Reading – <i>Assesses grade level reading comprehension</i></li> <li>● Really Great Reading Phonics Screeners – <i>Assesses phonics skills</i></li> <li>● Fluency CBM – <i>Assesses ability to fluently read texts</i></li> <li>● <i>Further screenings are available and used for students in specialized programs depending on their level of need.</i></li> </ul> <u>Math Screeners:</u> <ul style="list-style-type: none"> <li>● MAP Math – <i>Assesses grade level numeracy ability</i></li> <li>● <i>Further screenings are available and used for students in specialized programs depending on their level of need.</i></li> </ul> <u>Social-Emotional Screeners:</u> <ul style="list-style-type: none"> <li>● Strengths and Difficulties Questionnaire (SDQ)**               <ul style="list-style-type: none"> <li>○ Screener not administered if parents do not consent.</li> </ul> </li> </ul> <u>Speech Language Screeners:</u> <ul style="list-style-type: none"> <li>● Clinical Evaluation of Language Fundamentals (CELF-5)**               <ul style="list-style-type: none"> <li>○ Screener not administered if parents do not consent.</li> </ul> </li> </ul> Examples of reading interventions: <ul style="list-style-type: none"> <li>● Really Great Reading Phonics Boost/Blitz</li> <li>● Fluency Tutor</li> <li>● Lexia</li> <li>● Membean</li> <li>● Wilson Reading System <i>(for most severe needs)</i></li> </ul> Examples of math interventions: <ul style="list-style-type: none"> <li>● Math Fluency Interventions <i>(varied curriculums)</i></li> <li>● Computation Interventions <i>(varied curriculums)</i></li> <li>● Common Core aligned Conceptual Math Understanding Interventions <i>(varied curriculums)</i></li> </ul> Examples of behavior interventions: <u>Mental Health Interventions:</u> <ul style="list-style-type: none"> <li>● Individual Counseling</li> </ul>

PB v White – Program Description Template

Livingston Collegiate Academy, A Collegiate Academies School.

	<ul style="list-style-type: none"> <li>● Targeted Group Counseling             <ul style="list-style-type: none"> <li>○ Groups target skill building that could include but are not limited to; anger management, motivation, anxiety, social skills, etc.</li> </ul> </li> </ul> <p><u>Tiered System of Behavior Supports:</u> <i>Every CA school has a continuum of behavioral supports that increase in intensity as the student’s level of need increases. These supports could include, but are not limited to:</i></p> <ul style="list-style-type: none"> <li>● Behavior Contracts with advisors and teachers</li> <li>● Check-In/Check-Out systems</li> <li>● Individualized Behavior Intervention Plans</li> <li>● Teacher consultation with mental health professional to collaborate on appropriate behavior supports within the regular education classroom.</li> </ul>
<p>School Building Level Committee (SBLC)</p>	<p>Members of the SBLC team:</p> <ul style="list-style-type: none"> <li>● Director of Student Support (DSS)</li> <li>● Manager of MTSS</li> <li>● Director of Mental Health (DMHS)</li> <li>● Director of Curriculum and Instruction (DCI)</li> <li>● General Education Teachers (as needed)</li> <li>● Grade level Culture Deans (as needed)</li> <li>● Director of Pupil Appraisal (as needed)</li> </ul> <p>Example engagements with parents: CA schools believe that parents are important members of a student’s intervention process. We work to include parents as much as possible when it is suspected a student may need more intense intervention and/or interventions for the first time.</p> <p>Parents are informed about intervention at multiple points in a process toward SBLC:</p> <ol style="list-style-type: none"> <li>1. Parents are contacted when the school identifies a student at risk and in need of an intervention area.</li> <li>2. Parents are contacted when the school’s SBLC team suspects that the student may need more intervention, has made adequate growth and no longer requires interventions and/or is recommended for a special education evaluation under Bulletin 1508.</li> <li>3. Parent permission is obtained for any screenings and/or evaluations.</li> </ol> <p>Example decisions SBLC team can make: SBLC team decisions could include the following:</p> <ul style="list-style-type: none"> <li>● Conduct no further action at this time.</li> </ul>

## PB v White – Program Description Template

	effective way to ensure student progress, which may include a change in curricular programming.
Speech/language	# On staff or contracted from external provider: LCA has 1 full-time Speech Language Pathologist on staff. If not currently providing service, plan to deliver service in future: n/a
Audiology	# On staff or contracted from external provider: Collegiate Academies schools have a contract agreement with New Orleans Speech and Hearing to provide Audiology services per individual student need. If not currently providing service, plan to deliver service in future: n/a
Counseling (mental health and other therapies)	# On staff or contracted from external provider: LCA has 2 full-time mental health providers on staff. If not currently providing service, plan to deliver service in future: n/a
Occupational therapy	# On staff or contracted from external provider: LCA will provide services with a shared Occupational Therapist that additionally will work at other CA campuses to ensure all students in need of OT services are adequately served. If not currently providing service, plan to deliver service in future:
Physical therapy	# On staff or contracted from external provider: LCA will provide services with a shared Physical Therapist that additionally will work at other CA campuses to ensure all students in need of PT services are adequately served. If not currently providing service, plan to deliver service in future: n/a
Health/Nursing services	# On staff or contracted from external provider: All Collegiate Academies schools have a nurse on campus and contract with a part-time doctor to provide health and nursing services. If not currently providing service, plan to deliver service in future: n/a
Orientation and mobility services and accessibility (including interpreting services)	Describe accessibility accommodations available to students: Orientation and mobility services at Collegiate Academies work to meet the need of individual students as defined by their IEP team, special education evaluation and further screenings. Some accommodations that can be made available to a student include: Braille, training with assistive technology, interpreting, etc. # On staff or contracted from external provider: LCA contracts with an Orientation and Mobility provider through Lighthouse for the Blind If not currently providing service, plan to deliver service in future: n/a
Adaptive physical education	# On staff or contracted from external provider: LCA will provide services with a shared Adapted Physical Education teacher that additionally will work at other CA campuses to ensure all students in need of APE services are adequately served. If not currently providing service, plan to deliver service in future: Services were temporarily suspended during the 20-21 School Year due to COVID protocols during virtual learning. APE will resume next school year and

**Livingston Collegiate Academy**, A Collegiate Academies School.

	<p>both a co-teaching model and resource room as needed.</p> <ul style="list-style-type: none"> <li>- Every Collegiate Academies student with an Individualized Education Plan has a case manager who regularly monitors data, partners with teachers, partners with families and works with the student to ensure success toward IEP goals and goals within general education curriculum through a variety of tools and resources. **</li> <li>- In collaboration with other leaders and teachers across the campus the Manager of MTSS will lead EWS (Early Warning Systems) systems for grade levels. As a part of EWS, targeted data metrics will be reviewed regularly to ensure all students are on track for meeting appropriate and rigorous goals, and if not on track, interventions are quickly initiated.</li> <li>- Collegiate Academies schools provide a robust multi-tiered system of supports, including academic interventions, targeted mental health services and a behavior intervention continuum.</li> </ul>		
<p>**Collegiate Academies (CA) schools work to provide a continuum of services to ensure that every student is in their least restrictive environment and constantly working toward their rigorous post-high school opportunity. Every CA school works with the IEP team, including the family and student, to ensure that each student is participating in the programming that will most benefit his/her pathway toward success. This does not always perfectly fit into the three categories listed above. A student can be included in a special program (as listed below), but that does not mean that their services in that program are self-contained. Our special programs and services act as a part of the larger school</p>			

PB v White – Program Description Template

**Livingston Collegiate Academy**, A Collegiate Academies School.

community to ensure that every student is able to access the community academically, socially and functionally to the greatest extent possible and appropriate.	
Description of extended school year services:	<p><b>Identification:</b> Students are identified as needing extended school year services by screening categories outlined in students’ IEPs and using data that is aligned to their IEP’s instructional plans.</p> <p><b>Delivery:</b> Collegiate Academies’ schools provide extended school year services to students who qualify for individual screening areas. Extended year services are delivered alongside typical summer school and individualized based on student’s need and least restrictive environment as outlined in the Extended School Year IEP (ESY IEP).</p>
Description of specialized program(s):	<p><b>Criteria for participation:</b> IEP Team recommendations based on academic, social and functional data and special education evaluation recommendations.</p> <p><b>Delivery:</b>            Collegiate Academies Schools work to provide a continuum of special education and intervention services and programming. Specialized programs that exist within this continuum of services include:</p> <ul style="list-style-type: none"> <li>● REACH               <ul style="list-style-type: none"> <li>○ Supports in this program include courses and services that work toward goals in the areas of developmental literacy and math alongside building transition skills to support students as they progress toward rigorous post-high school opportunities. Participation in this program can resemble what may be deemed more of a self-contained style of instruction for some students, while it may resemble more of a resource style of instruction for other students.</li> <li>○ Students participating in REACH participate in targeted transition instruction and typically have an on-campus internship to generalize employment skills.</li> <li>○ The teacher and case manager for this program works to provide holistic supports by regularly collaborating with the speech pathologist, mental health professional and other related service providers serving students in the program.</li> <li>○ All students who participate in the program meaningfully participate in larger school-wide structures, activities and events.</li> <li>○ <i>A typical disability category of a student participating in this program includes mild Intellectual Disability and Autism. <b>However, it is critical to note that Collegiate Academies schools do not place in programs based on disability category.</b></i></li> </ul> </li> </ul>

	<ul style="list-style-type: none"><li>● Essential Skills<ul style="list-style-type: none"><li>○ Supports in this program include courses and services that work toward goals in the areas of developmental literacy and math alongside building transition skills to support students as they progress toward rigorous post-high school opportunities. Participation in this program can resemble what may be deemed more of a self-contained style of instruction for some students, while it may resemble more of a resource style of instruction for other students.</li><li>○ Students participating in Essential Skills participate in targeted transition instruction and typically have an on-campus internship to generalize employment skills.</li><li>○ Assistive technology identification, education and supports that work toward independence are strategically addressed for students in need of devices.</li><li>○ The teacher and case manager for this program works to provide holistic supports by regularly collaborating with the speech pathologist, mental health professional and other related service providers serving students in the program.</li><li>○ All students that participate in the program meaningfully participate in larger school-wide structures, activities and events.</li><li>○ <i>A typical disability category of a student participating in this program include; severe to moderate Intellectual Disability and Autism. <b>However, it is critical to note that Collegiate Academies schools do not place in programs based on disability category.</b></i></li></ul></li><li>● Journey Program (JP)<ul style="list-style-type: none"><li>○ Students participating in the Journey Program have access to a continuum of academic supports based on individualized needs.</li><li>○ Students participating in the Journey Program receive increased counseling and mental health supports throughout their day.</li><li>○ Students participating in the Journey Program participate in increased positive behavior incentive programming based on progress toward their individualized behavior and social goals.</li><li>○ Students participating in the Journey Program all have individualized behavior intervention plans (BIPs).</li></ul></li></ul>
--	---

	<ul style="list-style-type: none"><li>○ Staff will work to ensure the needs of the students enrolled in our Journey program academic needs are met. The Director of Student Support, School Leader and Journey Program Leads will work collaboratively to ensure a structured check-in/check-out intervention for all students who will benefit from this program.</li><li>● Restorative Center<ul style="list-style-type: none"><li>○ <b>Criteria for Participation:</b> All Collegiate Academies students are eligible to participate in Restorative Programming (CARE) at CA schools. Students participate in CARE programming when they are involved in disciplinary incidents. CARE programming shifts the approach of discipline to a practice that is restorative in an effort to lower suspensions, increase student engagement and academic success.</li><li>○ <b>Delivery:</b> CARE serves all students at Collegiate Academies' networks, including students with disabilities, with restorative centers on every campus. While students participate in restorative practices, they also receive support with their academic and related service (Speech, Mental Health, etc.) needs as outlined in their Individualized Education Plan (IEP).</li><li>○ While participating in restorative programming, students focus on restoring relationships that were harmed.<ul style="list-style-type: none"><li>▪ As a part of this process, students receive assistance in planning, practicing and having restorative conversations with the community member harmed during the infraction. The restorative center teammates also provide accountability and support in ensuring that students have the conversation and reflect on how to approach the situation differently in the future.</li><li>▪ Additionally, students receive support in choosing a restorative approach from the restorative center team, which includes both mental health professionals and teachers.</li><li>▪ Restorative Center teammates also work closely with data to suggest additional interventions that a student may need if trends suggest the need for more intensive intervention.</li></ul></li><li>○ In the instance that a student is not ready to repair their relationship with the community and stays in the restorative center for more than a couple of hours, they continue their course-work on a bank of computers that classroom teachers keep current. Center staff can administer exams.<ul style="list-style-type: none"><li>▪ A referral to the center does not mean a student has to</li></ul></li></ul></li></ul>

Livingston Collegiate Academy, A Collegiate Academies School.

	sit out sports and other extracurricular activities.
<i>Community-based Supports (out-of-school)</i>	
Key Partnerships	<p>Partner and services provided:            Collegiate Academies partners with a number of agencies to ensure our students have the services they need. Some of the many critical partnerships include:</p> <ul style="list-style-type: none"> <li>● Louisiana Rehabilitation Services (LRS)</li> <li>● Metropolitan Human Services District</li> <li>● Mental Health Rehabilitation Agencies (differ based on student need)</li> <li>● Coordinated Systems of Care (CSOC) (depending on student need.)</li> <li>● Community-Based job sites (per individual student need.)</li> <li>● Youth Opportunities Center (YOC)</li> <li>● Families Helping Families</li> </ul>
Other out-of-school instruction and supports	<p>Methods of instruction and service delivery:            If not currently providing service, plan to deliver service in future:            Collegiate Academies schools are committed to working with the larger community to ensure all students in need are provided with the supports and services they need to grow and meet their academic, social and functional goals. Additionally, Collegiate Academies is committed to providing a robust and flexible continuum of services to ensure that we have maximized all educational opportunities and supports within the context of our schools. Should a student in one of our schools require a special school, therapeutic setting or hospital setting, we would leverage partnerships and collaborate with both private and public settings to ensure the student is placed in the most appropriate environment and setting. Examples of this type of partnership include, but are not limited to, Northlake Behavioral Health System, St. Michaels Special School, etc. At the time that a student is incarcerated and/or in a juvenile detention facility, jurisdiction of the student officially falls into the control of Orleans Parish School Board (OPSB). As this happens, Collegiate Academies schools will exhaust all collaborative and communicative resources to ensure that our students transitioning to these settings are adequately setup for success, including appropriate supports and services.</p>
