There were four (4) resignations, three (3) retirements, three (3) terminations, eleven (11) new hires, twelve (12) changes in position or salaries and three (3) leave of absences. He also distributed the Helping District, Helping Student Newsletters to the Board.

There were some findings on the Financial Report the previous year, however, they have been corrected. She also announced that this year’s Christmas card was designed by a Manheim Township student, however, she did not have a sample of the card for the Board to review. She would present one at the next board meeting.

9.4 Legislative
Mr. Wentzel reported that there was not much going on with legislation in Harrisburg with the current Corbett Administration ending its term. He noted several speculations of what Governor Elect, Tom Wolf, would be facing when his term begins and how he will manage tax revenues. He also reported that the York City school decision for receivership was still in courts.

10. Superintendent’s Report
Dr. Hollister reported that the RFP would be open for bids on Friday, December 19th at 11:00 for the Transportation Contract.

Dr. Hollister also reported on the passing of legislation regarding background checks for all professional employees, office staff, and volunteers. Beginning January 1, 2015, all school district staff must have updated background checks every 36 months (3 years). Dr. Hollister noted his concern that government agencies would not be able to handle the volume of requests coming in. He also noted that this would be an employee obligation. With the current legislation, it has been determined that employees that have never applied for the FBI fingerprinting clearance would have to do so before December 31, 2014. Again, he reiterated his concern that the volume of request, due to about half of faculty not having this requirement, would lead to backlog. He informed the Board that the District Office would be keeping track and notifying the staff of the new requirements.

He also indicated that volunteers would be required to perform these checks. There has been some discussion on what constitutes a volunteer and the burden it would cause for school districts tracking all those individuals.
Board members also commented their concern of the ramifications of the passing of this new law and the burden of cost on District staff and the community.

Dr. Hollister reported that there was good news with regarding reported data of the District’s academic achievement. Students in the District are doing extremely well, especially at the elementary level. He stated that he would be presenting a mid-year report in January or February to the Board on the academic achievements of the District.
