The BESE Portal to Professional Development Alternatives (PDA) is a partnership between the Florida Department of Education Bureau of Exceptional Student education (BESE) and the Bureau of Educator Certification. Available to Florida educators since 2003, the courses are funded by the Florida Department of Education Bureau of Exceptional Student Education (BESE). Courses are coordinated by the Florida Diagnostic and Learning Resources System (FDLRS) Administration Project and the eighteen FDLRS Network Associate Centers, a FLDOE/BESE project, in collaboration with the Florida Center for Interactive Media at FSU. There are courses available through the statewide portal (<https://fl-pda.org>), as well as courses offered locally through [FDLRS Heartland](#).

The six courses listed above will be taught by either FDLRS Heartland personnel or by teachers from one of the Heartland districts (DeSoto, Glades, Hendry, or Highlands). There is a [General FAQ document](#) available that has additional details about what a Facilitated PDA Course entails.
