FCS News

In last week's newsletter, I mentioned the need to reschedule classes. Classes were originally scheduled to take place on Fridays during the school day. This worked really well for the majority of you—most of you did not have students on Friday and subs were not needed. However, our schedule has changed. Because you are such a vital component to our students' success, we need you in the buildings during the school day. This will require an adjustment in our training schedule. As classes are cancelled, I will email you prior to the class being officially cancelled. You will then get an official cancellation notice. Finally, your building secretary will be notified of the cancellation.

This week, I am excited to share the new training schedule (see page 2 of this newsletter). As you can see, classes are either offered after-school or after secondary students leave for the week on Friday (for secondary paras who will not need a substitute to attend). The new schedule will allow you to attend classes while still supporting students.

As always, please work with your administrator before you register for a class.

If you have a topic or question you would like me to share in a future newsletter, please do not hesitate to reach out. You can email me at Amy.Kohn@rsd.edu. You just might see your topic in the next newsletter!

Updated Status of Trainings

Many of you have been asking about FCS 03 and FCS 05. Last week, I announced that we had dates on ProDev for FCS 03. This week, I have information about FCS 05.

FCS 05

Please keep an eye on ProDev for FCS05. Monti Grey has graciously agreed to teach this class. We have identified the following dates/times for this class. The registrations for this class are currently open on ProDev.

- May 6th from 4:00-6:00
- May 14th from 12:00-2:00
- May 19th from 4:00-6:00
- May 26th from 4:00-6:00

In addition to taking the 2-hour class listed above, you ***must*** also complete Modules 1 AND 9 from What We Do Matters on the OSPI website (see the log in information in last week's FCS Newsletter). Once you complete each module, you will get a Course Completion certificate. Email the Course Completion certificates for BOTH modules to Jennifer Miller. You will not get credit for FCS 05 until you have completed the modules ***AND*** attended the Zoom class.

Additional Completion Information

Sometimes attending the class on Zoom is enough to satisfy the requirements for the FCS class. However, there are certain times when you will need to complete additional work to satisfy the requirements. There are six classes that require more than attending a zoom class. As a reminder, submit all completion records to Jennifer Miller. She will update your completion records. All completion records must have your name and the date of completion clearly visible on them.

Completing FCS 03: In addition to attending the zoom class, you will need to also need to complete modules 5 and 7 from What We Do Matters modules on OSPI site. The directions for logging into this site were shared in the last FCS newsletter. Once you have completed BOTH modules, please send either a printed version or a screen shot of the course completion certificate for each module to Jennifer Miller. She will update your completion records. You will not get credit for this class without attending the zoom class AND completing the two modules.

Completing FCS 04: You can complete this without attending a zoom class at all. Instead, you will need to complete module 8 from What We Do Matters modules on OSPI site. The directions for logging into this site were shared in the last FCS newsletter. Once you have completed this module, please send either a printed version or a screen shot of the course completion certificate to Jennifer Miller. She will update your completion records.

12	N/A (see note to the right)	N/A (see note to the right)

Completing FCS 09: You can complete this without attending a zoom class at all. Instead, you will need to complete a series of Safe Schools classes. These classes must be completed during the current school year to get credit. The required combination is below:

- Bloodborne Pathogens Exposure Prevention: Full course- Including HIV (Washington)
- Health Emergencies: Asthma Awareness (full course, Washington)
- Health Emergencies: Life-Threatening Allergies (full course, Washington)
- Child Abuse: Identification & Intervention (full course)
 - Choose one of the following combinations:
 - Bloodborne Pathogens + Asthma + Allergies, *or*

Please make sure know what is required for each class so you get credit for your work.

Completing FCS 05: In addition to attending the zoom class, you will need to also need to complete modules 1 and 9 from What We Do Matters modules on OSPI site. The directions for logging into this site were shared in the last FCS newsletter. Once you have completed BOTH modules, please send either a printed version or a screen shot of the course completion certificate for each module to Jennifer Miller. She will update your completion records. You will not get credit for this class without attending the zoom class AND completing the two modules.

Completing FCS 08: You can complete this without attending a zoom class at all. Instead, you will need to complete modules 2 and 13 from What We Do Matters modules on OSPI site. The directions for logging into this site were shared in the last FCS newsletter. Once you have completed BOTH modules, please send either a printed version or a screen shot of the course completion certificates to Jennifer Miller. She will update your completion records.

Completing FCS 12: You can complete this without attending a zoom class at all. Instead, you will need to complete modules 2, 11, and 12 from What We Do Matters modules on OSPI site. The directions for logging into this site were shared in the last FCS newsletter. Once you have completed ALL 3 modules, please send either a printed version or a screen shot of the course completion certificates to Jennifer Miller. She will update your completion records.

- **Bloodborne Pathogens + Child Abuse, *or***
- **Child Abuse + Asthma + Allergies**

Once you have completed all the required modules, please send the course completion certificates to Jennifer Miller. She will update your completion records.
