

Crenshaw School

Galveston Independent School District

DISMISSAL PROCEDURES

Students will be escorted at 3:15 to the buses on the north side of the building to begin loading. Please line your students up in order, Car Riders, Crystal Beach bus riders, and then Bolivar bus riders last.

Car riders will be dismissed underneath the front of the building at 3:15. We ask that parents get out of their vehicles and walk up to get their children from the teacher. If the parent does not get out of their vehicle to pick up the child, then the teacher must walk the child to the car. This is for safety reasons for the child. Students not yet picked up are to remain with their teacher until they are picked up.

Middle School Team—Students will line up in the following manner. Car riders will line up in the hallway by the Attendance Goal. Crystal Beach bus riders will line up by the nurses office. Bolivar bus riders will line up against south side of the main hallway (across from the nurse's office).

The Middle School team will divide up to take students down to their designated areas.
