

# WELCOME BACK to School!

BHISD is looking forward to the start of the 2021-2022 school year on Wednesday, August 18 as we welcome back all students for face-to-face traditional instruction. Being in-person for school is critical to address academic achievement and provide authentic real-world experiences. In light of this, BHISD does not plan to offer remote instruction for the 2021-2022 school year. All students enrolled in Barbers Hill ISD will be expected to be at school every day. When students are not physically present at school, they will be counted absent in accordance with the attendance policy and procedures outlined in the Student Handbook.
