

PROGRESS SO FAR

Here are some of our key milestones to date...

- 1 No single-use plastics from school
- 2 More than 50% reduction in paper use comparing 2021 with 2020 and 2019
- 3 First participation in Clean Up Day Switzerland
- 4 Student sustainability group projects on all campuses e.g. fast fashion, deforestation, plastic waste, meat consumption.
- 5 Full audit of ISB's waste production and management
- 6 8,700 trees planted through Run4Trees deforestation awareness campaign
- 7 Senior School green waste bins
- 8 Junior School Sammelsack plastic packaging recycling
- 9 Sustainability@ISB website - all the solutions you need to deal with environmental challenges
- 10 Biodegradable disposable items on sale at school shop
- 11 ISB's first GREEN FLAG AWARD!

WHO ARE WE?

We represent all parts of our school community – Leadership Team, teachers, staff, students and parents. Our aim is to foster environmental awareness, education and action through school system change, education and events.

We have three interconnected pillars:

Student Groups, the ECO Committee and the CA Sustainability Team, who all support each other.

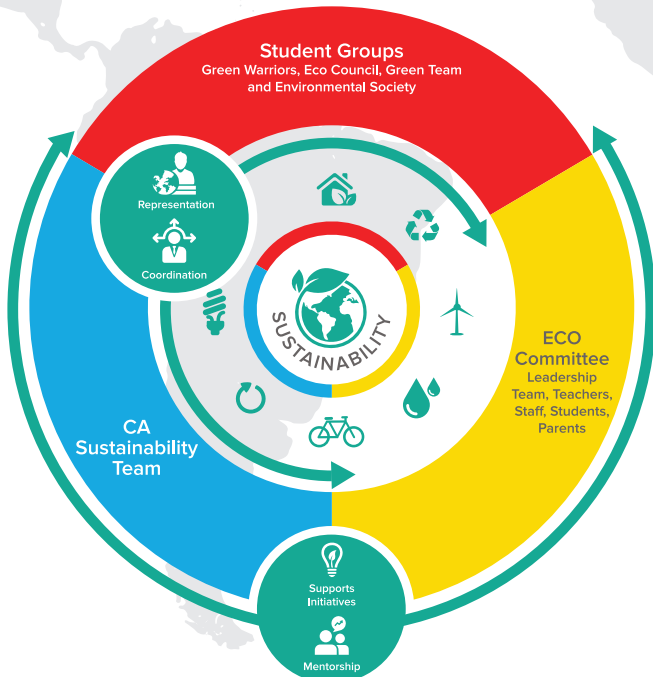

ECO-Committee - 11 member committee (students, faculty, teachers and parents).

Student Groups - Green Warriors (EC1-3) & Eco Council (G1-6) at Aesch, the Green Team (G7-8) at Fiechten and the Environmental Society (G9-12) at Reinach.

Community Association Sustainability Team (CAST) - parent and staff volunteers who mentor Student Sustainability Groups, organise sustainability-themed events, and support the CA and the school.

JOIN US!

Help us keep making a difference - join a student group (this is also an official extra-curricular activity), or the parent Sustainability Team! Scan the QR code to find out more, or simply send us an email at ca.sustainability@isbasel.ch.
