

Seattle Prep Dining provides meals and snacks for every appetite, while also catering a variety of campus events. Having an in-house commercial kitchen allows us to provide better food services throughout the school. Our mission is to provide fresh, healthy and balanced meals. The menu, the food and our services have all been created around your food needs.

Each day we prepare food in small batches, so that the last person served experiences the same level of quality as the first. We cook only as much as needed – reducing food waste and minimizing leftovers.

I'm hungry, now what?

All food purchases are made through a student's account using MySchoolBucks, you will need to set up an account and deposit money prior to the first day of school.

Most parents set a low balance alert when a student reaches a certain amount and add an automatic payment, this helps with keeping students from overcharging their accounts.

As a parent you have an option to set a charge limit, per day, week or month you will need to set this up with Kenyetta Carter. Email kcarter@seaprep.org

Create your free MySchoolBucks account to view cafeteria purchases, check your student's balance, set up low balance alerts, and pay for school meals from anywhere.
