

AIM Pathways to Literacy Leadership Course Syllabus

AIM PATHWAYS

AIM Pathways is an interactive, digital, professional development platform designed to strengthen educators' knowledge and skills in the science of literacy instruction. Course content is aligned to the International Dyslexia Association's *Knowledge and Practice Standards for Teachers of Reading*. Online coursework is accessible at your convenience—24 hours a day, 7 days a week, anywhere there is an internet connection. In order to translate theoretical models into classroom practice, AIM Pathways courses are designed to follow a Learn, Practice, and Apply cycle:

- **Learn** – Participants acquire knowledge by interacting with video lectures, articles, animated videos, and more.
- **Practice** – Participants practice newly acquired knowledge through card-sorting exercises, quizzes, and surveys.
- **Apply** – Participants apply their understanding of the content to real-life simulations and case studies. These in-depth, multi-step scenarios give educational leaders a chance to hone their diagnostic and prescriptive decision-making skills for instructional programming.

The AIM Pathways course platform also includes a variety of downloadable and printable resources for educators to use in classroom planning and instruction, including student checklists and rubrics, systematic scope-and-sequences, instructional scripts, student manipulatives, sample lesson plans, differentiation and intervention tools, and more. These valuable resources are readily accessible to participants and easily searchable on all digital devices.

PATHWAYS TO LITERACY LEADERSHIP COURSE

Pathways to Literacy Leadership is designed for educational leaders who are committed to learning about the connection between reading research, theoretical models such as the Simple View of Reading and Scarborough's Reading Rope, and best practices for language and literacy instruction in schools. Participants will learn proven practices that will benefit all students, including linguistically diverse populations and those with or at risk for language-based learning disabilities. Completion of the online *Pathways to Literacy Leadership* course is estimated to take approximately 20 hours, depending on the participant's background knowledge in the science of reading. At the end of this professional development opportunity, participants will be able to draw from their specialized knowledge in the science of reading to develop a comprehensive plan for increasing students' literacy outcomes through evidence-based diagnostic, prescriptive literacy instruction and intervention.

COURSE INTRODUCTION & PRE-COURSE KNOWLEDGE INVENTORY

Participants will log into the AIM Pathways platform at aimpathwaysonline.org. (If this is your first AIM Pathways course, you will receive an email from admin@aimpathwaysonline.org with your username and instructions for setting up your password.) The introductory section of *Pathways to Literacy Leadership* will 1) introduce participants to the digital course and 2) give participants the opportunity to complete a pre-course knowledge inventory to establish a baseline of current content knowledge. When participants take the knowledge inventory, they should refrain from consulting any resources. The score is confidential and is intended to provide one means of monitoring the knowledge gained from taking the course.

COURSE GRADEBOOK

The *Pathways to Literacy Leadership* course has a gradebook where participants can view their scores on graded end-of-section quizzes. Grades are displayed as percentages rounded to a whole number. The gradebook will show scores for each attempt at a graded quiz, as well as section grades and the overall course grade. The overall course grade is an average of the participant's section grades for all of the sections they have completed so far. The final course grade is the average of all section grades.

Participants can improve their grade by retaking any graded quiz; each quiz may be taken a maximum of two times. The highest score of the two attempts will be averaged into the overall grade for that section. Prior to the second quiz attempt, the system will prompt the participant to review the recommended materials associated with the missed question(s). Participants may wish to hold off on taking a quiz for a second time until after the community-of-practice meeting or office hours so that they have an opportunity to clarify any misconceptions before their final attempt at a quiz.

VIRTUAL COMMUNITY-OF-PRACTICE MEETINGS

The 10-section *Pathways to Literacy Leadership* course is accompanied by a series of four 1.5 hour synchronous, virtual community-of-practice meetings focused on implementation. An AIM Pathways Facilitator supports the community with translating the course content knowledge into evidence-based practices. Participants will be provided a customized pacing guide for completing the course sections and attending the community-of-practice meetings.

COURSE CONCLUSION & POST-COURSE KNOWLEDGE INVENTORY

Upon completion of *Pathways to Literacy Leadership*, participants will take a second knowledge inventory in order to assess their mastery of the content and their knowledge gains from the pre-course baseline assessment. This inventory is completed independently within the concluding section of the digital course. Participants are encouraged to use their note-taking guides during the post-course knowledge inventory, which is designed to take approximately 60 minutes. Participants are allowed to use as much time as they need, although it must be taken in one single sitting.

CERTIFICATE OF COMPLETION

Once a participant completes all sections of the course with an overall grade of at least 60%, the Course Record page (accessible via the Participant Dashboard) will display a certificate of completion. The certificate will indicate proficiency from 60%-79%, and high-proficiency for 80% or higher. If, after completing the course, you retake any graded quizzes and score higher on your second attempt than your first, the system will immediately update your overall course grade and certificate of completion. You must review recommended materials prior to taking your second and final attempt on a graded quiz, and you are encouraged to ask your facilitator any outstanding questions at community-of-practice meetings and weekly office hours.

CONTINUING EDUCATION UNITS

AIM Institute for Learning and Research is an approved provider of continuing education units in a growing list of states (please see our website for an up-to-date list). In addition to completing the online coursework and participating in community-of-practice meetings, educators in those states who are interested in receiving 36 hours' worth of credit for the *Pathways to Literacy Leadership* course will need to submit a comprehensive literacy plan and artifacts. This culminating, job-embedded assignment requires you to demonstrate implementation of the evidence-based principles covered in the *Pathways to Literacy Leadership* course within your organization's context. More information will be provided during community-of-practice meetings.

GRADUATE CREDITS

AIM Institute for Learning and Research has partnered with Arcadia University to offer three graduate credits for the *Pathways to Literacy Leadership* online course. Participants who choose to earn graduate credits will be able to register directly with Arcadia University 15 to 30 days prior to the cohort's term-end date. The enrollment process and per-credit costs are outlined at Arcadia's School of Education website (<https://www.arcadia.edu/school-education/community-and-partners>).

AIM assigns a grade upon completion of the course according to Arcadia University's Graduate Academic Policies. If you are taking *Pathways to Literacy Leadership* for graduate credit, the grade on your official transcript is comprised of the following components:

- 70% - course grade in the AIM Pathways platform
- 15% - participation in community of practice meetings
- 15% - score on post-course knowledge inventory

Please check with your degree university or school district for their policy on grade requirements for transfer of credit.
