August 17, 2021

Dear RCS Parent/Guardian,

As RCS has gotten off to a fabulous start to the 2021-2022 school year, we will always keep the safety of our students and staff at the forefront. RCS continues to strongly encourage masks, but will leave this decision to you as their parent/guardian. If a student shows any Covid symptoms, you will be immediately contacted by our school nurse staff to pick your child up from school to have them tested for COVID, or quarantined for 10 calendar days.

If your child is deemed a contact, you will also be immediately notified. As a contact, if your child shows no symptoms, you will have the option of returning to school immediately, or quarantining.

With any quarantine, educational services will be provided remotely during this time. (Please see Homebound\_Quarantine Guidance, attached).

Should you have any questions, please contact RCS.

Thank you,

Edwin Jarnagin  
Director of Schools
