

Pequannock Township School District Curriculum Syllabus

ELA Honors / Grade 8

Course Description:

The eighth grade English curriculum covers multiple facets of language arts. Students will work to further develop existing communication skills through the study of literature, reading strategies, process writing, and presentation skills. The reading program will include the use of a literature anthology, class novels, informational pieces, genre studies, poetry, supplementary materials, and self-selected readings. While reading novels, short stories and poetry students will build a list of literary terms and examine such literary elements as plot, setting, point of view, character, and theme. Students will also develop higher level thinking skills by comparing and contrasting, analyzing cause and effect, and evaluating. Self-assessment and peer critique will help to establish essential “give and take” of successful writing and reading. As well, writing and reading selections will be examined closely for author and genre characteristics. All of these skills will be taught using a variety of methods including class discussion, cooperative group activities, differentiation of instruction, and individual assignments designed to challenge each student. In each unit, students will complete writing assignments or creative projects to apply these new skills and literary terms. In addition, each unit will generate a vocabulary list for students to explore words in new ways. Finally, students will study verbal communication, practice public speaking skills, interact with 21st Century technology skills, and continue to learn organizational and study habits as they prepare for high school and beyond.

Course Standards:

The following is a list of NJSLS that describe what students are expected to know and be able to do as a result of successfully completing this course. The following NJSLS are the basis of the assessment of student achievement. The learner will demonstrate mastery of:
