

Dear Parent or Guardian:

To help keep your child safer and more scholarly online, the Chartiers Valley School District has adopted online services provided by GoGuardian.

It may be helpful to know that over 10,000 other schools use GoGuardian to protect 5.5 million students across the world, and the [Global Educator Institute](#) has endorsed the GoGuardian Teacher product.

### **How are we using GoGuardian?**

We have chosen services to:

- Help protect students against harmful and inappropriate online material
- Help students stay “scholarly” and more focused when learning online
- Helping assess students’ progress towards class assignments
- Facilitating communication between teachers and students during class time

### **When and how does GoGuardian operate?**

GoGuardian’s web-based services operate on our school’s managed Google Suite for Education Chrome accounts (i.e., when a student is logged into Chrome or a Chromebook with his/her school email address).

### **What are the school’s responsibilities?**

The Chartiers Valley School District selected GoGuardian services to help our students stay safer and more scholarly online.

### **What are my parental/guardian and child’s responsibilities?**

We ask that students use their school-managed Google accounts and school-managed devices for educational purposes within the boundaries of the Chartiers Valley School’s

When a student is off campus, parents are responsible for supervising internet access and usage. We encourage you to discuss rules for appropriate internet usage with your child, and reinforce lessons of digital citizenship and safety with him or her. We also highly encourage you to report any potential cyberbullying or other sensitive issues to us.

Because GoGuardian is associated with a district owned student email account, if a student logs into Google Chrome on a personal or parent owned device the GoGuardian service will be active on that device. The service will remain active until the student account is logged out of the Google Chrome browser.

### **How does GoGuardian help protect my child’s privacy?**

To help your child remain scholarly and safe online, GoGuardian collects certain personally identifiable information about your child. GoGuardian has consulted with privacy experts, participates in privacy organizations, is a proud signatory of the [Student Privacy Pledge](#), and has been awarded certifications by [iKeepSafe](#) for complying with both Family Education Rights and Privacy Act and California student privacy laws. For more detailed information about GoGuardian, you may visit GoGuardian’s [website](#), [Trust & Privacy Center](#), and GoGuardian’s [Product Privacy Policy](#).
