

We believe:

- **Every child can learn**
- **Every child should have equal access to learn, grow and become successful adults**
- **In a district where each and every student is a prepared, confident leader who is comfortable in any culture and knows he/she will succeed given any situation**
- **Everyone has a voice and is a participant**
- **All children possess exceptional talent to reach their dreams**
- **Each child deserves an abundance of exceptional educational experiences**
- **That in all actions everyone will be treated with respect and dignity**
- **In a district that supports and rewards staff who provide exceptional educational experiences**
- **GISD students are better prepared for the real world because of our diversity and their experiences in our community and schools**
- **All children and staff deserve their schools to be a safe and effective place to learn, work, play, and heal**
- **GISD can be one of the premier school districts in the nation**
