

A Catholic college-preparatory school

***Care for All 2.0***  
***2021-22 School Year***

August 19, 2021

---

# Care for All 2.0

- Together on campus
- Meals in the Dining Commons
- Worship together
- Sports and Extracurricular Activities

- Expanded and upgraded classroom technology
- Gateway & STEM Building open
- Modern teaching strategies and flexible curriculum
- Continuous one to one digital learning

- Separate Student Health Center
- Enhanced Cleaning Systems
- Faculty and Staff Training
- Personal Protective Gear

# Daily Symptom Checker

- Each student, faculty and staff member will be required to review a provided daily symptom checker before entering the building each day
- If anyone is experiencing any of the symptoms, they are asked to notify the school and stay home

## Symptoms

- |                       |                              |
|-----------------------|------------------------------|
| - Fever or chills     | - New congestion             |
| - New cough           | - New runny nose             |
| - Shortness of breath | - Muscle or body aches       |
| - Sore throat         | - New loss of taste or smell |
| - Fatigue             | - Nausea or vomiting         |
| - Headache            | - Diarrhea                   |

### ST. MARY'S HEALTH CHECKER CARD

Every morning prior to arriving on campus, please check to see if you have:

- Fever or chills
- New cough
- Shortness of breath
- Sore throat

- Fatigue
- Headache
- New congestion or new runny nose

- Muscle or body aches
- New loss of taste or smell
- Nausea or vomiting
- Diarrhea

If you are experiencing any of these symptoms above and/or don't feel well for any reason, please notify the school and stay home.

# Masks

- All staff and students will be required to wear a mask while indoors on school property
- Masks will not be required outdoors
- Masks will be required on any school transportation
- Each student will receive St. Mary's issued masks
  - 5 will be given: 1 gifted, 4 purchased by family at a cost of \$24

# Academic Instruction

- Academic instruction will be in-person only for all students every day
- Remote learning will not be offered as an option for the 2021-22 school year
- If there is an unforeseen shut down due to government issued order, we are prepared to switch to remote-only learning immediately

# Sports and Extracurricular Activities

- Sports are currently scheduled for the Fall
- Masks will be required for all indoor sports games and practices
- Extracurricular Activities will continue this Fall

# Enhanced Cleaning Protocols

- Additional cleaning staff has been added to clean campus
- Enhanced cleaning materials are available to aid in disinfecting surfaces
- Touchless hand sanitizing dispensers are located throughout campus

# Student Health

- If a student is not feeling well during the school day they should report to the Nurse's office
- If a student's symptoms are those associated with COVID-19, they will be placed in an isolation room
- The student's parent/guardian will be notified and must be picked up from campus immediately
  - It is important that all emergency contacts be updated
- Nurse Lisa Morin-Plante is certified in Johns Hopkins University & Medicine COVID-19 contact tracing protocols
- Dr. Richard Cuneo will serve as the Physician Advisor for St. Mary's
  - Board Certified Pediatrician

# Vaccination

- Vaccination for eligible members of our community is highly encouraged
- All vaccinated members of our community should upload proof of vaccination through the portal
- Vaccination information will be kept on file and will allow St. Mary's to follow proper protocol according to vaccination status

# Exposure Protocol

- If you are vaccinated\* and exposed, and demonstrate no symptoms, quarantine will not be required
  - You will be required to provide a negative test between the third and fifth day after exposure
- If you are not vaccinated and exposed, regardless of presence of symptoms, you must quarantine until the eighth day from exposure and have a negative test result taken on day five or later from exposure

\* Proof of vaccination must be on file through the school portal

# Communication

- St. Mary's commits to notifying the community of any COVID positive cases on campus when the school year begins.
- The two-tier communication will first be contacting any individual who is considered a direct contact.
- The second will be notifying the community of the positive case.
- No identities of COVID-19 positive individuals will be shared at any time.

# Travel Protocol

- If you are vaccinated \* and travel domestically, no test and no quarantine is required upon return
- If you are not vaccinated and travel domestically, you must quarantine until you receive a negative test on day 5 of return
- All international travelers must quarantine until you receive a negative test on day 5 of return

\* Proof of vaccination must be on file through the school portal
