Welcome

We want to thank you for choosing TCUSD's Extended Learning Program (ELP) for your childcare needs. We understand how important it is for working parents to choose a quality before/after school program to balance all of your commitments. For this reason, we strive to offer a program that will enrich your child's development while putting your mind at ease.

Our Program

The Extended Learning Program (ELP) is part of the Temple City Unified School District. Our program operates on four elementary school campuses and one junior high campus for students in TK/K-8th grade.

Our goal is to provide a safe and nurturing environment that encourages your child's academic enrichment, social, cognitive, and physical development. In our care, your child will develop their self-confidence, language development, and independence. We believe that children learn best when they are having fun—our objective is to create and implement activities to build on their higher learning skills with Science, Technology, Engineering, Arts, and Math (STEAM).

ELP offers daily opportunities to engage our students in various kinds of activities while using the 4 C's of learning: Creativity, Collaboration, Communication, and Critical Thinking. Many of our STEAM activities are simple projects done in groups. Students work together to create, build, and experiment with different materials. In addition to the group projects, we offer students time to engage in outdoor activities. We are so excited to see what this school year will bring for you, your child, and your family.

ELP Staff

Each school site consists of qualified Paraprofessionals and Child Care Instructors hired by the Temple City Unified School District. In addition, our Paraprofessionals and Instructors are CPR and First Aid Certified, trained in Mandated Child Abuse Reporting, and have on-going professional development. We support continuous growth by assessing the needs of the staff members and providing professional development activities to enhance their growth.

Communication

Communication between staff, parents/guardian, and children is essential. If you have any comments, questions, or concerns, please do not hesitate to contact ELP staff. If you are not satisfied or need further assistance, you may contact the Program Director at the district office. To contact our program, please email us at ELP@TCUSD.NET

(Please note: If you call during the day, staff may be busy with the children and may not be able to answer the phone. If you would leave a message, we will call you back as soon as possible.)

Student Health

- Children sent home from school due to illness would not be able to attend ELP that day.
- Please do not send your child to school and/or to ELP if he/she is sick, has a contagious illness, or has had a fever in the last 24 hours. We will adhere to TCUSD practices including a return to school/program policy.
- If a child does not show any symptoms of illness but appears lethargic and unable to participate in activities, parents will be called for pick up. Please contact the District Nurse regarding our medication policy- *District Nurse (626) 548-5055*.
- All children attending the ELP must be "toilet trained". Our definition of "toilet trained" is when a child can express verbally that he/she has to use the restroom and cleans up after using the restroom. If children have frequent accidents, we may ask parents to make other arrangements for child care.

Discipline

Our role is to model, help shape, and work supportively with children to develop responsible behaviors. We view inappropriate children behaviors as opportunities to positively intervene, to provide coaching, and to encourage problem-solving skills among our children. Children grow when they have knowledge and feedback about their actions, understand the reasons for rules, and have opportunities to practice appropriate behaviors.

- ELP expectations are aligned with the site's school-wide system of behavior expectation in order to maintain consistency for children.
- ELP staff is responsible for communicating ELP specific procedures, expectations, and consequences to children and parents.
- Below is a partial list of possible steps the staff uses to support and intervene with children who periodically may struggle with rules. Parents may be notified of any infraction or we may deal with the situation on site based on the circumstance.
- In cases where a child is being harmful to himself/herself or to others in the program, parents may be called for an early pickup.
- Ongoing Incidents will result in...
 1. Conference with child regarding violation and verbal warning.
 2. Student will be given reflection time to work out solutions if verbal warnings fail.
 3. An Incident Report is drafted if behavior persists or the level of behavior is high.
 4. Parent conference/phone call.
 5. Suspension from program.
 6. Release from program.

Termination of Services

The following are common reasons for termination from the program:

- Excessive unreported absences from parent/guardian.
- Continuous unsafe behavior of child on school grounds, after several incidents.
- Incidents which pose high-risk of injury to self, others, or property damage.
- Failure of parent support or response to notification of continuous unsafe behavior of child.
- Parent engaging in malicious or threatening behavior towards staff, other parents, and/or children.
- Violations of any Education Code regarding firearms, alcohol, drugs, physical violence, theft, willful destruction of property, any conduct by parent, child or relatives resulting in harm to person or property while on the center grounds.
- Failure to provide necessary and/or requested information regarding work, authorized adults, contact information, and school verification for continued enrollment.
- Failure to pay fees for services on time.

TCUSD Extended Learning Program

2021 Covid-19 Policy

The following restrictions and procedures apply.

In order to reduce the spread of COVID-19, the TCUSD Extended Learning Program (ELP) will follow the recommendations of our local health department, the Los Angeles County Department of Public Health (LACDPH), the Centers of Disease Control and Prevention (CDC), and the California Department of Public Health (CDPH) for pandemic outbreak. We are implementing a stricter policy for ill children, staff members, and family members. Currently, visitors and volunteers will not be allowed on campus or in our classrooms.

Staff and Physical Set up:

- As of 7/1/21, LADPH requires the students in our program to maintain physical distancing of 3 feet from all other children.
- Siblings may be kept together in the same classroom.
- The staff assigned to a particular room/ students will be the same staff to the extent possible.
- There will be no field trips or on site events involving any outside organizations.
- Masks are to be worn throughout the day. Any student unable to comply will be sent home.

Social Distancing and Hygiene:

- Masks will need to be worn at all times by students, staff and parents/ guardians.
- Staff and children will need to change their mask if it becomes unsanitary for use, i.e. dampness, dirtiness, etc. We will have extra masks on campus if necessary.
- Activities will be designed to be done individually.
- All personal items, such as lunch boxes, sweaters, backpacks, and personal electronic devices, must be labeled and kept in the student's assigned cubby/ designated area.
- During this time, no other personal items will be allowed in our program until further notice.

Health Check and Exclusions:

- Parents/Guardians will take temperatures of themselves and their children before arriving to care. Parents will be asked to complete our district's ParentSquare Daily Health Screener (for their student) prior to entering campus.
- Keep your child home in the event they show signs of illness, even with mild symptoms.
- At the beginning of each day, staff will check students' temperature and look for other signs of illness. Anyone having a temperature of 100.4 F or higher will be sent home.
- Children who show any signs of illness including fever, diarrhea, vomiting, runny nose, coughing, difficulty breathing, etc. will not be admitted and/or will be sent home.
- Any known case of possible exposure to COVID-19 will be documented.
- Students will be sent home to self-quarantine if they have had close contact with an infected person, whether that person's infection has been confirmed by testing or not. The quarantine must be for 10 days following contact with the infected person. If no symptoms arise during the 10 days, the quarantined person may return to ELP. **There will be no reduction in fees due to the child's absence.**
- Our district will continue to follow the travel guidelines set forth by the LACDPH for unvaccinated and vaccinated individuals. More information can be found on <http://publichealth.lacounty.gov/media/coronavirus/traveladvisory.htm>
Should your student need to self-quarantine due to these restrictions, there will be no reduction in fees due to the child's absence.
- The health of students will be monitored throughout the day. Any student who exhibits any sign of illness will be sent to an isolation room and parent/ guardian will need to be able to pick them up immediately. If you will be far from our campus during the day, you MUST have someone on your emergency list who would be able to pick up your child within 30-45 minutes.
- If children are sick with symptoms of respiratory illness such as fever and cough, the child must stay home in isolation and not return to campus for a minimum of 10 days after onset of symptoms AND until their symptoms have improved AND they are free of fever for at least 72 hours without fever-reducing medication. Families can find more information on home isolation from the LACDPH website: <http://publichealth.lacounty.gov/acd/docs/HomeisolationCoV.pdf>
- The duration of that time frame is decided by the public health department.

- We will communicate with families about the extent of illness of our program without sharing personal information, and will communicate any changes that may need to be made to our usual routine.

Known Exposure to COVID-19. Potential for Site Closure:

- We require families and staff to notify our ELP office at ELP@TCUSD.NET if any exposure has occurred of their children or anyone else in their household to COVID-19, regardless if anyone in the household is showing symptoms. The local public health department will be consulted if there are confirmed cases.

- A confirmed case within the site may cause a closure of our program for the CDC recommended period. The public health department decides the duration of that period.

- If the site needs to be closed because of a confirmed case, families will be notified via email.

- Parents/Guardians should consider options and have a plan in place for backup childcare in the event of closure.

- If our program has to close due to unforeseen circumstances, families will receive a refund for closed dates.

As guidance restrictions are lifted, so will some of the procedures and policies
