

Digital Citizenship Philosophy

As an inclusive learning community, NIS seeks to promote a thoughtful and balanced approach to the use of digital technology by considering the following questions:

Respect

Copyright • Etiquette • Cyber Bullying

Be Kind. Ask:

- *Have I thought about how my actions will affect others?*
- *Am I using digital technology in a responsible and ethical manner?*

Protect

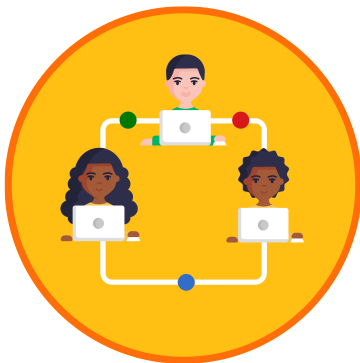

Health & Wellness • Reputation • Balance

Be Safe. Ask:

- *Am I making appropriate choices with the information that I am sharing and consuming?*
- *Am I keeping myself and others safe?*

Connect

Empathy • Communication • Media Literacy

Be Helpful. Ask:

- *Am I using digital technology in a way that promotes positive, inclusive attitudes?*
- *Am I using digital technology to enhance my learning?*
