Review of warrants

A Terranova asks for a number regarding the cost of the multipurpose building. The Tierney invoice shows a running current total for Tierney and their subs and includes change orders thru July. According to J. Bergeron, they are trying to bring forward one more change order, but he is unsure we should pay it. Trying to determine whether it might be errors/omissions by the architect (5-7K range). Add DA Sullivan (OPM) and Perkins Eastman (architect) bills, total those with a few minor costs (for furniture, etc.), that will be total. Joe will have actual numbers for the next Fin Com meeting.

J. Art adds that building is almost 90% complete in dollar terms. On track with DA Sullivan. All changes have been approved by the School Committee, no new numbers to approve.

C. Greene asks about move-in date. Inspection is scheduled for Tues, Sept 15 with move Fri, Sept 18. Tuesday, Sept 21 would be the first day in office. May not be ready.

J. Art asks about Original Pizza of Boston invoice, C. Greene notes this is a wholesale company that supplies pizza dough and related items. (She questioned it as well and looked it up.)

A. Terranova moves to adjourn at 4:16pm, J. Art seconds. Terranova, aye; Art, aye; Greene, aye.
