Moved here for the school district, have three (1 middle, 2 LES) kids, value education for family and community, value the role education plays, love to advocate for our schools and kids, preserve the quality and improve where we can, great school district, would love to continue to see it be great.

Christina: Thank you for willingness to serve and step up. Looking forward to your project management and financial background.

John: Thanks for stepping up.

Michael: Impressed, thanks.
