

## Request for Exception to Cloth Face Covering Requirement

Face coverings must be worn by all students, and all teachers, staff, and adult visitors inside school buildings. Face coverings will also be required while traveling on buses or other school transportation vehicles. Face coverings will not be required to be worn while actively eating or drinking, strenuously exercising, giving a speech to a broadcast or audience, communicating with a person who is hearing impaired, temporarily removing for identification, or receiving certain medical treatment.

A student who should not wear a cloth face covering due to any medical or behavioral condition or disability is not required to wear a cloth face covering. In order for the school to meet the needs of a student with such condition or disability, the parent must complete the form below. The principal or other school personnel may request additional information as needed in order to provide an accommodation to the student that meets the student's particular needs and protects the safety of the school. Students who are not able to wear a cloth face covering may be required to wear a plastic face shield that wraps around the sides of the wearer's face and extends to below the chin as an accommodation.

**Name of Student:** \_\_\_\_\_ **Grade Level:** \_\_\_\_\_

**Name of School:** \_\_\_\_\_

**Please describe the medical or behavioral condition or disability that prevents the student from wearing a cloth face covering:**
