August 2021

Dear Parents, Guardian and First Graders,

Welcome to First Grade! I hope you are having a wonderful, fun, and relaxing summer. I can’t wait to meet you and learn more about you and your family.

This year we will go on an amazing adventure of learning! We will read lots of books together (both fiction and nonfiction), solve a variety of math problems, learn about communities and current events, make friends, as well as explore solids, liquids, rocks, and soil.

Enjoy the last few weeks of summer and get ready to have some fun learning and growing in first grade!

Attached you will find a supplies list we think will be helpful to start off the school year virtually. Parents/Guardians- Please fill out the parent information form and return to your teacher before the first day of school.

Most importantly we are in this together! Relationships are critical to your child’s success and it is my goal to build lasting relationships with each of my students and their families this year!

Warmly,
Ms. Swain
