- Big Ideas Math Algebra I
- Big Ideas Math Geometry

Authors: Ron Larson & Laurie Boswell

Publishers: Big Ideas Learning

Distributed by Cengage, National Geographic Learning

Summary of changes made beginning 2018-`19 academic year:

Heterogeneous groupings in 5<sup>th</sup> grade. Homogeneous groupings beginning in 6<sup>th</sup> grade and a pilot program offered in 2018-19 of three levels offered in 7<sup>th</sup> grade (and subsequently 8<sup>th</sup>) to better serve all levels of learners. Big Ideas Math- A Bridge to Success brought in as a full middle school curriculum grades 5 through Geometry to facilitate continuity of learning as well as ease of movement between levels.

<sup>1</sup> BIM: A Bridge to Success series constitutes a comprehensive PreAlgebra course.
