The West Aurora High School Department of Bands has a long and distinguished history of performance excellence. In fact, last year we celebrated our Centennial, a special milestone that very few programs in the country can boast. Our program features 7 concert ensembles, 5 jazz bands, the renowned Blackhawk Marching Band, and the Blackhawk Basketball Pep Bands. The performance-based classes and ensembles in our program feature unique content that offers unparalleled aesthetic experiences, rigorous performance demands, and are worthy of academic study. Participation in these courses and extra-curricular ensembles is the best and most direct way to experience the art of music making, one that will assist students in developing a greater understanding of themselves and humanity.
