VII. **New Business:**

A. **Community Exercise Classes**

The exercise classes in Spanish has been a huge success. There is a large group of community members attending each class. Because of the success, the District has been able to extend the classes to the next school year. The classes are held Mondays at 6pm and Saturday at 10:30am with Claudia as the instructor.

B. **Special Education Presentation – Jamie Johnson, Coordinator Special Education**

Jamie Johnson presented the ELPAC Accommodations and Reclassification Process. Supports for the ELPAC include universal tools, which are support for all students, designated supports that are determined by an educator or a team of educators, including the parent, and accommodations for those students on an IEP or a 504 Plan. The Reclassification Process involves the IEP team to review all assessments and data to determine if there is a direct correlation between the student's disability and Language Acquisition when moving forward with reclassification. Students will continue to receive instructional supports in ALL classes as determined by the IEP team.
